ARLINGTON TOWN RECORDS FOR THE MUNICIPAL YEAR 1910

WARRANT FOR TOWN MEETING, MONDAY, MARCH 7, 1910.

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX, SS.

To Garritt Barry, a Constable of the Town of Arlington, in said County. GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, who are qualified to vote in elections and Town affairs, to assemble in the Town Hall, on Monday, the seventh day of March, 1910, at 6.00 o'clock, A.M., then and there to act on the following articles, viz.:—

ARTICLE 1. To choose a moderator to preside at said meeting.

ART. 2. To elect by ballot the following Town officers:—A Town Clerk, for one year; a Town Treasurer, for one year; a Town Collector, for one year; an Auditor, for one year; three Selectmen, for one year; three members of the Board of Public Works, for one year; one Assessor, for three years; three members of the School Committee, for three years; one member of the Board of Trustees of the Pratt Fund, for five years; one member of the Board of Commissioners of the Sinking Fund, for three years; two Trustees of the Robbins Library, for three years; one Cemetery Commissioner, for three years; five Constables, for one year; one Park Commissioner, for three years; one member of the Board of Health, for three years; one Tree Warden, for one year. Also to choose or appoint all the other usual Town officers, in such manner as the Town may determine. Also, upon the same ballot, to vote "Yes" or "No" upon the question, "Shall licenses be granted for the sale of intoxicating liquors in this Town?" For these purposes the polls will be opened as soon as possible after the organization of the meeting and kept open until five o'clock, P.M.

ART. 3. To hear and act on the reports of the Selectmen and other Town officers and Committees heretofore appointed.

ART. 4. To make an appropriation for the Robbins Library for the ensuing year.

ART. 5. To make an appropriation for the Public Schools for the ensuing year, and determine in what manner the same shall be expended.

ART. 6. To determine in what manner the Town ways, highways and bridges shall be repaired the ensuing year.

ART. 7. To determine what sum of money the Town will raise by general tax, to defray Town expenses, interest, debt, and State Aid, and make an appropriation for the same.

ART. 8. To see if the Town will appoint the Selectmen agents of the Town, to institute and prosecute in favor of the Town and appear and defend suits and legal proceedings against or involving the interests of the Town, with power to employ counsel therein and when necessary, in all other legal matters and business appertaining to Town affairs during the year commencing March 1st, 1910.

ART. 9. To see what action the Town will take in relation to the appointment of a Committee of Twenty-one for the ensuing year.

ART. 10. To see if the Town will appropriate the sum of \$275.00 for the proper observance of Memorial Day, the same to be expended under the direction of Francis Gould Post 36, G. A. R.

ART. 11. To see if the Town will appropriate \$7000, in accordance with the vote passed December 6, 1904, for water used for fire hydrants, street watering and public buildings for the ensuing year.

ART. 12. To see what action the Town will take in regard to the extension of water mains, make an appropriation for the same, and determine in what manner the money shall be raised.

(Inserted at request of Board of Public Works.)

ART. 13. To see if the Town will make an appropriation for the construction and repair of permanent sidewalks, and determine in what manner the money shall be raised.

(Inserted at request of Board of Public Works.)

ART. 14. To see if the Town will make an appropriation for the maintenance and extension of the Sewerage System for the ensuing year, and determine in what manner the money shall be raised.

(Inserted at request of Board of Public Works.)

ART. 15. To see if the Town will make an appropriation for the use of the Highway Division, and determine in what manner the money shall be raised.

ART. 16. To see if the Town will make an appropriation for street watering, or for the use of treatment for the prevention of dust, and determine in what manner the money shall be raised.

(Inserted at request of Joint Board.)

ART. 17. To see if the Town will make an appropriation for street lighting.

(Inserted at request of Joint Board.)

ART. 18. To see if the Town will vote to authorize its Collector of Taxes to use all means of collecting taxes for the year 1910, which a Town Treasurer may use when appointed a collector of taxes.

(Inserted at request of Collector of Taxes.)

ART. 19. To see if the Town will make an appropriation of \$300, to continue the work of establishing a block system for the use of the Board of Assessors, the same to be expended under the direction of the Assessors.

(Inserted at request of Board of Assessors.)

ART. 20. To see if the Town will make an appropriation for the renewal of cement-lined water mains, and determine in what manner the money shall be raised.

ART. 21. To see if the Town will make an additional appropriation to be expended from November 30, 1909, and for the twelve months next ensuing for suppressing the Gypsy and Browntail moths, in accordance with the provisions of Chapter 381, Acts of 1905, and amendments thereto, and determine in what manner the money shall be raised.

ART. 22. To see if the Town will vote to enlarge the Crosby School House Lot by purchasing about 26,505 square feet of land on the easterly side of the present school lot and on the northerly side of Winter Street at an expense not exceeding \$3700; make an appropriation therefor and determine the manner in which the same shall be raised and expended, or take any action thereon.

(Inserted at request of Special Committee appointed Nov. 23, 1909.)

ART. 23. To see if the Town will erect additions to the Crosby School Building substantially in accordance with the plans submitted by the committee appointed Nov. 23, 1909, make an appropriation for the purpose, and determine in what manner the same shall be raised and expended.

(Inserted at request of Special Committee appointed Nov. 23, 1909.)

ART. 24. To see if the Town will construct a public sanitary in the vicinity of the Town Hall, and make an appropriation for the same, or take any action thereon.

(Inserted at the request of Arlington Business Men's Association.)

ART. 25. To see if the Town will vote to appoint a Committee of two to act in co-operation with a similar Committee from the other towns and cities using the Edison Company's service; and also with the Co-operative Development Committee of the Edison Company, for the purpose of promoting the growth of the Town, or take any action thereon.

ART. 26. To see if the Town will make an appropriation for the construction of storm drains in Academy Street, Hutchinson

Road and Old Mystic Street, and determine in what manner the money shall be raised.

(Inserted at request of Board of Public Works.)

ART. 27. To see if the Town will make an appropriation for the development of the Town Yard, and determine in what manner the money shall be raised.

(Inserted at request of Board of Public Works.)

ART. 28. To see if the Town will make an appropriation for the construction of Whittemore Street, accepted Nov. 23, 1909, and determine in what manner the money shall be raised.

(Inserted at request of Board of Public Works.)

ART. 29. To see if the Town will make an appropriation for improvements in the Board of Public Works Office, and determine in what manner the money shall be raised.

(Inserted at request of Board of Public Works.)

ART. 30. To see if the Town will appoint a Committee of Five to procure plans and specifications for a New Fire Station at Arlington Heights, make an appropriation of \$250.00 therefor, or take any action thereon.

(Inserted at request of Special Committee appointed Nov. 23, 1909.)

ART. 31. To see if the Town will purchase about 12,000 square feet of land adjoining and on the north and west sides of the present fire station lot on Park Avenue and Paul Revere Road, Arlington Heights, make an appropriation therefor and determine in what manner the money shall be raised.

(Inserted at request of Special Committee appointed Nov. 23, 1909.)

ART. 32. To see if the Town will vote to make an appropriation for the purpose of extending permanent sidewalk on one side of Massachusetts Avenue, from Bartlett Avenue towards Arlington Heights, and determine in what manner the money shall be raised.

(Inserted at the request of the Joint Board.)

ART. 33. To see if the Town will authorize the Town Clerk to make a compilation of the By-Laws of the Town, all rules and regulations passed by any official board of the Town, and now in effect, and all special Statutes affecting the Town or Statutes accepted by the Town, make an appropriation for the printing thereof, or take any action thereon.

(Inserted at request of Committee on By-Laws.)

ART. 34. To see if the Town will make an appropriation for the printing of the By-Laws of the Town, or take any action thereon.

(Inserted at request of Committee on By-Laws.)

ART. 35. To see if the Town will accept the gift, contained in the deed dated December twenty-five, nineteen hundred and nine, by Henry Hornblower and Hattie F. Hornblower to the Town of Arlington, of a lot of land situated on the northwesterly side of

Spy Pond in Arlington, and known as the Spy Pond Athletic Field, subject to the conditions therein set forth and according to which conditions said premises are to be kept and maintained by the Town "in proper and suitable condition and repair as an athletic field for the children of citizens of Arlington in the schools of Arlington to be used in accordance with rules and regulations made by and under the direction and control of the school committee of Arlington or their successors," or take any action thereon.

ART. 36. To see if the Town will make an appropriation for the purpose of keeping and maintaining the Spy Pond Athletic Field in proper and suitable condition and repair as an athletic field for the children of citizens of Arlington in the schools of Arlington.

ART. 37. To see if the Town will reimburse Eliza J. Pike and Willard A. Bullard, Trustee, for edgestone set on Bartlett Avenue previous to the acceptance of the street, make an appropriation therefor and determine in what manner the money shall be raised.

(Inserted at request of the Joint Board.)

ART. 38. To see if the Town will appropriate the sum of \$455.00, to reimburse the Trustees of the Soldiers' Monument Fund for money used in grading the Cemetery in 1908 and taken from the income of said fund, pending a reimbursement by the Town, in that year.

(Inserted at request of Cemetery Commissioners.)

ART. 39. To see if the Town will make an appropriation for suppressing leaf-eating insects other than the Gypsy and Brown-tail moths or take any action thereon.

ART. 40. To appropriate and raise, by borrowing or otherwise, such sum or sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this seventeenth day of February, in the year of our Lord one thousand nine hundred and ten.

J. HOWELL CROSBY,
PHILIP A. HENDRICK,

Selectmen of the Town of Arlington.

Arlington, February 4, 1910.

Middlesex County.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified as the constitution requires, to vote in elections and Town affairs, to meet at the time and place and for the purposes herein named, by causing a printed attested copy to be left at every dwelling house in the Town, and also by posting an attested copy on the doors of the Town Hall, seven days at least before said day of meeting.

GARRITT BARRY,
Constable of Arlington.

In pursuance of the foregoing Warrant the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, met in the Town Hall, in said Arlington, on Monday, the seventh day of March, in the year one thousand nine hundred and ten and were called to order at six (6) o'clock in the morning by the Town Clerk, who read articles one and two of the Warrant calling the meeting and the return of the constable who served the same upon the inhabitants.

By unanimous consent the reading of the remaining articles was postponed until the adjourned meeting.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett received four votes and this number being all the votes cast, he was declared elected Moderator and was sworn to the faithful performance of his duties by the Town Clerk.

The following ballot clerks and tellers who had previously been appointed by the Selectmen, were sworn to the faithful discharge of their duties and assigned as follows:

Ballot Clerks—Edgar Crosby and John J. Mahoney.

Inspectors—Elbridge F. Sawyer and Frank F. Russell.

At Ballot Box—Horace A. Freeman.

Checkers at Ballot Box—Arthur L. Bridgham and George C. Tewksbury.

Counters—Thomas A. Smith, William D. Grannan, Henry K. Brown, James M. Mead, William E. Bunton, Frank A. O'Brien, Frank Y. Wellington and Daniel M. Daley.

A sealed package of ballots was then delivered to the Moderator who publicly broke the seal and delivered the ballots to the ballot clerks.

A package of women's ballots was also delivered to the ballot clerks.

A list of registered voters, both men and women, was supplied by the Registrars of Voters to the ballot clerks and checkers at the ballot box.

Cards of instructions and penalties on voters were posted in

prominent places as were also specimen ballots in conformity to law.

Complying with the laws of the Commonwealth governing elections, the Town Hall was fitted up as a polling place, a space railed off, and booths and shelves provided for the use of voters to examine and mark their ballots.

The ballot box was examined by the Moderator and Town Clerk and was found to be empty and the register set at zero. The keys were then delivered into the custody of Constable Garritt Barry and remained in his custody until the close of the polls.

The polls were declared open for the reception of votes for Town officers at five minutes after six o'clock and remained open until five o'clock in the afternoon, at which time, after due notice, they were declared closed.

The ballot box, was, by unanimous consent, opened at various times during the day for the purpose of removing ballots to be counted.

At the close of the polls the ballot box registered four hundred thirty-six votes, five of which were cast by women, leaving the total number of men voting four hundred thirty-one (431).

The names checked at the ballot box and those checked by the ballot clerks were counted and found to agree with the number registered by the ballot box, four hundred thirty-six.

The ballots not used were enclosed in a package, sealed and delivered to the Town Clerk.

The ballots cast were then canvassed by the Moderator, Town Clerk and Tellers and declaration made thereof at fifteen minutes after five o'clock, as follows:

Whole number men's ballots cast four hundred thirty-one (431).

Whole number women's ballots cast five (5).

Total number ballots cast four hundred thirty-six (436).

Town Clerk for one year.

Thomas J. Robinson had three hundred seventy-two (372) votes and was declared elected. Sworn in open meeting by the Moderator. Blanks 59.

Selectmen for one year.

Jacob Bitzer had three hundred fifty-three (353) votes and was declared elected. Sworn March 7.

Philip A. Hendrick had three hundred fifty-seven (357) votes and was declared elected. Sworn March 7.

Herbert W. Rawson had three hundred forty-five (345) votes and was declared elected. Sworn March 7. Blanks 238.

Assessor for three years.

Omar W. Whittemore had three hundred fifty-seven (357) votes and was declared elected. Sworn in accordance with law governing assessors' oaths March 10. Blanks 74.

Town Treasurer for one year.

Myron Taylor had three hundred fifty (350) votes and was declared elected. Sworn March 7. Blanks 81.

Collector of Taxes for one year.

Harvey S. Sears had three hundred fifty-eight (358) votes and was declared elected. Sworn March 7. Blanks 73.

Auditor for one year.

Everett S. Chapman.

Voted: That when this meeting adjourns it adjourn to meet in Town Hall on Monday evening, March 28, 1910, at 7.45 o'clock. Meeting adjourned at 5.30 o'clock.

A true record: Attest:

THOMAS J. ROBINSON,
Town Clerk

Arlington, March 8, 1910.

I hereby certify that I have this day appointed Edna C. Pierce Assistant Town Clerk and that she has taken the oath required by Chapter 25 Section 62 of the Revised Laws for the faithful performance of her duties.

THOMAS J. ROBINSON,
Town Clerk.

WARRANT FOR TOWN MEETING, MARCH 28, 1910.

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX, SS.

To Garritt Barry, a Constable of the Town of Arlington, in said County. GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, who are qualified to vote in elections and Town affairs, to assemble in the Town Hall, on Monday, the twenty-eighth day of March, 1910, at 7.15 o'clock, P.M., then and there to act on the following articles, viz.:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To see if the Town will hear and act on the report of the special committee appointed by the Town, November 16, 1908, relative to the amendment, alteration, repeal or revision of existing By-Laws and the enactment of new By-Laws, or take any action relative to the amendment, alteration, repeal or revision of existing By-Laws, or the enactment of new By-Laws.

ART. 3. To see if the Town will make an appropriation for the printing of the By-Laws of the Town, or take any action thereon.
(Inserted at request of Committee on By-Laws.)

ART. 4. To see if the Town will authorize the Town Clerk to make a compilation of the By-Laws of the Town, all rules and regulations passed by any official board of the Town, and now in effect, and all special Statutes affecting the Town or Statutes accepted by the Town, make an appropriation for the printing thereof, or take any action thereon.

(Inserted at request of Committee on By-Laws.)

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this fifth day of March, in the year of our Lord one thousand nine hundred and ten.

J. HOWELL CROSBY,
FREDERICK S. MEAD,
PHILIP A. HENDRICK,
Selectmen of the Town of Arlington.

Middlesex County.

Arlington, March 26, 1910.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, to meet at the time and place and for the purposes herein named, by causing a printed attested copy to be left at every dwelling house in the Town, and also by posting an attested copy on the doors of the Town Hall, seven days at least before said day of meeting.

GARRITT BARRY, *Constable of Arlington.*

In pursuance of the foregoing Warrant the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, met in the Town Hall, in said Arlington, on Monday, the twenty-eighth day of March, in the year of our Lord nineteen hundred and ten, and were called to order at fifteen minutes after seven o'clock in the evening, by the Town Clerk, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett was unanimously elected Moderator and was sworn to the faithful performance of his duties.

Article 2 taken up. (Report of Committee on By-Laws.)

Thomas J. Robinson, secretary of the committee, made a report of progress, stating that owing to the untimely death of the Town Counsel, Horace Dexter Hardy, through whose untiring efforts, wise counsel and sound judgment the work of the committee had been brought to the point of approval by the Attorney-General of the Commonwealth, but that owing to some statutory requirements, he could not, at this time, approve them in their entirety. It was

Voted: That the report of the Committee be received and that the Committee be given further time.

Voted: That the Committee appointed November 16, 1908, relative to the amendment, alteration, repeal or revision of existing By-Laws or the enactment of new By-Laws be authorized to increase its number and to fill vacancies on said Committee.

Articles 3 and 4 taken up. (Printing of By-Laws.)

As the subject matter of these articles was embodied in article 33 of the Warrant for the March meeting, and would be acted on under the report of the Committee of Twenty-one, under said article, it was voted: That the subject matter of articles 3 and 4 be laid upon the table.

Voted: That this meeting do now adjourn. Meeting adjourned at 7.30 o'clock. Number present 39.

A true record. Attest:

THOMAS J. ROBINSON, *Town Clerk.*

Pursuant to adjournment, the citizens of the Town of Arlington, qualified to vote in elections and Town affairs met in the Town Hall in said Arlington, on Monday, the twenty-eighth day of March and were called to order at forty-five minutes after seven o'clock, in the evening, by the Moderator, John G. Brackett.

Voted: That the reading of the articles in the Warrant not read at the meeting March 7 be dispensed with. Article 3 taken up. (Reports of Town officers and committees.)

Harry G. Porter presented the report of the Committee appointed November 23, 1909, "To secure preliminary plans and estimates for a school building to be so located as to relieve the present congestion in the Russell and Crosby Districts and meet the growing school needs of our rapidly increasing population, or to secure plans and estimates for additions to present school buildings," and the Committee recommended that the Town take the following action: (File number of report 667.)

First. That the present Crosby School Building be enlarged by additions supplying eight more rooms, as shown by plans offered by Messrs. Gay & Proctor, the architects of the original structure.

Second. That a Committee be appointed to see to the construction of said additions with authority to expend therefor a sum not exceeding forty-nine thousand six hundred (49,600) dollars.

Third. That additional play-grounds about the enlarged buildings be provided for, by the purchase of about twenty-six thousand five hundred (26,500) square feet of land adjoining the present lot, for the sum of thirty-seven hundred dollars (\$3700).

Voted: That the report of the Committee be received.

Walter H. Peirce presented the report of the Committee appointed at the Town meeting held November 23, 1909, to "consider the advisability of the enlargement of Fire Station No. 1 at Arlington Heights and the acquisition of land for that purpose," and it was,

Voted: That the report of the committee, as presented, be accepted. (File number of report 668.)

Voted: That the reports of the various Town Officers as presented in their annual reports (excepting page 145 of said report, relating to the statistics of the cost of school buildings) together with the addition of tables of Statistics of the Assessors, be accepted.

George A. Kimball, Chairman of the Committee of Twenty-one to which committee had been referred all articles in the Warrant, calling for an appropriation, presented a printed report, a copy of which had been distributed to the citizens of the Town. By vote of the meeting the report was received. (File number of report 669.)

Voted: That the recommendations made by the Committee of Twenty-one, in their printed report, under the various articles in the Warrant, calling for appropriations, be considered as now before the meeting, to be voted on without further motion, and

to be voted on separately and in the order in which they appear in said report.

Article 4 taken up. (Robbins Library.)

Voted: That there be appropriated the sum of \$4000 in addition to the dog tax and the receipts for fines and the sale of catalogues, for the maintenance of the Robbins Library, for the year 1910, the same to be expended under the direction of its trustees.

Article 5 taken up. (School appropriation.)

Voted: That the sum of \$70,000 be appropriated for the public schools for the year 1910, \$1000 to be expended for general repairs on school buildings, and the balance to be expended for the maintenance of said schools and in the payment of unpaid bills; the same to be expended under the direction of the School Committee.

Article 10 taken up. (Memorial Day.)

Voted: That the sum of \$275 be appropriated for the proper observance of Memorial Day, the same to be paid to the Quartermaster of Francis Gould Post, and to be expended under the direction of the officers of Francis Gould Post 36, G. A. R.

Article 11 taken up. (Water for public purposes.)

Voted: That the sum of \$7000 be appropriated and paid to the Water Works Department, for water used for fire-hydrants, street watering and public buildings during the year 1910.

Article 12 taken up. (Extensions of water mains.)

Voted, by a two-thirds vote: That the sum of \$15,000 be appropriated for the extension of water mains; and for the purpose of raising the \$15,000 there be issued fifteen (15) notes or bonds, each for the sum of \$1000, one payable in the year 1911 and one in each of the fourteen succeeding years; said notes or bonds to be signed by the Treasurer, and countersigned by the Selectmen and to be designated on the face thereof "Water Loan of 1910" and to bear interest at a rate not exceeding four per cent per annum, payable semi-annually.

Article 13 taken up. (Permanent sidewalks.)

Voted: That the sum of \$3000 be appropriated for renewal and extension of permanent sidewalks, not less than \$1500 of that amount to be used for extensions carried out under the Sidewalk Act, Section 43 of Chapter 49 of the Revised Laws.

Article 14 taken up. (Maintenance and extension of Sewerage System.)

Voted, by a two-thirds vote: That the sum of \$1200 be appropriated for the maintenance of the Sewerage System for the ensuing year.

That the sum of \$16,000 be appropriated for the extension of the Sewerage System; and for the purpose of raising the same there be issued eight negotiable notes or bonds, each for the sum of \$2000, the first payable in the year 1911, and one in each of the seven succeeding years; said notes or bonds to be signed by the

Treasurer and countersigned by the Selectmen, and to be designated on the face thereof "Sewer Loan of 1910" and to bear interest at a rate not exceeding four per cent per annum, payable semi-annually.

Article 15 taken up. (Highway appropriation.)

Voted: That the sum of \$25,000 be appropriated for the maintenance and construction of highways during the ensuing year and for payment of unpaid bills, and that the street railway tax now in the Treasury, amounting to \$17,529.83, be hereby appropriated toward the payment thereof, and the balance of \$7470.17 be raised by general tax.

Article 16 taken up. (Street Watering.)

Voted: That in addition to such subscriptions as may be obtained for the purpose, an appropriation of \$4300 be made for street sprinkling or treatment for the prevention of dust on streets; that \$1500 of said sum be raised by general tax and such balance as may be necessary, not exceeding \$2800, be raised by note of the Town for a term not exceeding one year, signed by the Treasurer, and approved by the Selectmen; and the receipts from assessments levied in 1910 for street watering or treatment for the prevention of dust be hereby appropriated toward the payment of said note.

Article 17 taken up. (Street Lighting appropriation.)

Voted: That the sum of \$9560 be appropriated for street lighting for the ensuing year.

Article 19 taken up. (Block System for Assessors.)

Voted: That the sum of \$300 additional be appropriated for the use of the Assessors, the same to be expended under the direction of the Assessors, to continue the work of establishing the block system.

Article 20 taken up.

Voted: That no action be taken under this article.

Article 21 taken up. (Gypsy and Brown Tail Moths.)

Voted: That the sum of \$4900 be appropriated to be expended during the year ending November 30, 1910, under the direction and control of the Selectmen, in suppressing the gypsy and brown tail moths in the Town of Arlington, in accordance with the provisions of Chapter 381 of the Acts of 1905 and amendments thereto; that \$1000 of said sum be raised by general tax in 1910, and the Town Treasurer be authorized to borrow the balance, \$3900, and to give the Town's note therefor, payable in not exceeding one year, bearing interest, signed by the Treasurer, and countersigned by the Selectmen, and that so much of the money received from the State as reimbursement, and from assessments on individuals for gypsy and brown tail moth work as is necessary to pay said note, be used in paying said note.

Article 22 taken up. (Enlargement of Crosby School Lot.)

Voted, by a two-thirds vote: That the Selectmen be authorized and empowered in the name and behalf of the Town to purchase, by good and sufficient deeds conveying the same, the following described parcel of land; Beginning on the northeasterly corner of land owned by the Town of Arlington known as the Crosby School Lot, on the northerly line of Winter Street, thence, at an angle of 92 degrees and 54 minutes, in a westerly direction by land of Town of Arlington 271.5 feet, to land now or formerly of Squire; thence, at an angle of 87 degrees and 57 minutes, 103.7 feet by said land now or formerly of Squire; thence, at an angle of 89 degrees and 9 minutes, 272.7 feet by land now or formerly of Frost, to Winter Street, thence by the said northerly line of Winter Street, 90 feet to point of beginning, containing about 26,350 square feet, as shown on plan entitled "Plan of Crosby School Lot, an area of proposed purchase March, 1910, R. W. Pond, Town Engineer," and to pay therefor the sum of \$3000; that the sum of \$3000 be appropriated for the purchase of said lot, and that the Town borrow said sum, and in payment therefor issue three negotiable notes or bonds for the sum of \$1000 each, one payable in the year 1911, and one in each of the two succeeding years; said notes or bonds to be signed by the Treasurer and countersigned by the Selectmen, and to be designated on the face thereof "Enlargement of Crosby School Lot Loan" and to bear interest semi-annually at a rate not exceeding four per cent per annum.

Article 23 taken up. (Addition to Crosby School Building.)

Voted, by a two-thirds vote: That the sum of \$49,600 be appropriated for the erection and furnishing of additions to the Crosby School Building, substantially in accordance with the plans of the Committee appointed by the Town, November 23, 1909, and that the Town borrow \$48,000 of said sum, and in payment therefor issue sixteen (16) negotiable notes or bonds, for the sum of \$3000 each, one payable in the year 1911, and one in each of the fifteen succeeding years; said notes or bonds to be signed by the Treasurer and countersigned by the Selectmen, and to be designated on the face thereof "Crosby School Addition Loan" and to bear interest semi-annually at a rate not exceeding four per cent per annum; also that the remaining \$1600 be raised by general tax in 1910; and that the Committee appointed November 23, 1909, be authorized and empowered to supervise and direct the work of the erection and furnishing of said building and the expenditure of the sum hereby appropriated.

Article 24 taken up. (Relative to a public sanitary.)

Voted: That a committee of three be appointed by the Moderator to secure plans and specifications for a public sanitary, secure a suitable place for locating the same and that said committee report at a future meeting; also that the sum of twenty-

five (25) dollars be appropriated to defray the expenses of said committee.

The Moderator appointed Charles H. Gannett, Alfred H. Knowles and Frank P. Dyer to serve on that committee.

Article 26 taken up. (Storm drains.)

Voted: That the sum of \$1500 be appropriated for the construction of storm drains in Academy Street, Hutchinson Road and Old Mystic Street, said sum to be raised by general tax in 1910.

Article 27 taken up. (Development of Town Yard.)

Voted, by a two-thirds vote: That the sum of \$2000 be appropriated for the development of the Town Yard; \$1000 so appropriated to be raised by general tax in 1910; and the balance of \$1000 be borrowed and in payment therefor there be issued a note or bond, payable in the year 1911; said note or bond to be signed by the Treasurer and countersigned by the Selectmen, and to be designated on the face thereof "Town Yard Loan of 1910" and to bear interest at a rate not exceeding four per cent per annum, payable semi-annually.

Article 28 taken up. (Construction of Whittemore Street.)

Voted, by a two-thirds vote: That the sum of \$2000 be appropriated for the construction of Whittemore Street; \$1000 so appropriated be raised by general tax in 1910, and the balance of \$1000 be borrowed, and in payment therefor there be issued a note or bond, payable in the year 1911; said note or bond to be signed by the Treasurer and countersigned by the Selectmen, and to be designated on the face thereof, "Whittemore Street Loan," and to bear interest at a rate not exceeding four per cent per annum, payable semi-annually.

Article 29 taken up. (Improvements in Town Hall.)

Voted: That the subject matter of this article be referred to a committee of five (5) citizens, to investigate and report how the Town officers and Police Department, now occupying the lower floor of the Town Hall Building, can best be accommodated. The Moderator appointed S. Frederick Hicks, Fred S. Mead, George A. Kimball, Frank H. Hubbard and Henry S. Adams to serve on this committee.

Article 30 taken up. (Relative to New Fire Station at Heights.)

Voted: That a Committee of Five be appointed by the Moderator to investigate the fire conditions in the Town, to consider the redistribution of the present fire apparatus and the purchase of self-propelled apparatus, also the repair or reconstruction of the present Fire Stations, or the construction of new ones and in general to outline the future policy of the Town as to protection from fire, and to report to the November meeting. The Moderator appointed Peter Schwamb, James A. Bailey, Jr., Robert J.

Kelly, Daniel Wyman and Walton H. Sears to serve on this committee.

Article 31 taken up. (Purchase of land for fire station.)

Voted: That the Selectmen be authorized and empowered, in the name and behalf of the Town, to purchase, by good and sufficient deeds conveying the same, the following described parcel of land: Beginning at a point on the northerly side of Paul Revere Road 57.3 feet, more or less, northwesterly from the northwesterly corner of Paul Revere Road and Park Avenue, thence, running northeasterly 100.43 feet, more or less, then northwesterly 43.7 feet, more or less; then, southwesterly 93.3 feet, more or less, to Paul Revere Road, thence southeasterly along the northerly line of Paul Revere Road 46.9 feet, more or less, to point of beginning, and containing 4351 square feet, more or less, being lot No. 7 as shown on plan entitled "Plan of lands at Arlington Heights belonging to Joseph H. Eaton, March, 1896, J. O. Goodwin, Surveyor," recorded at Middlesex South District Registry of Deeds, Book of Plans 179, Plan 44; and to pay therefor the sum of \$1087.75; said sum to be raised by general tax in 1910.

Article 32 taken up. (Permanent sidewalk on Massachusetts Avenue.)

Voted: That the sum of \$500 be appropriated for the purpose of extending permanent sidewalk on one side of Massachusetts Avenue from Bartlett Avenue towards Arlington Heights; such extension to be carried out under the Sidewalk Act, Section 43 of Chapter 49 of the Revised Laws; said sum to be raised by general tax in 1910.

Article 33 taken up. (Compilation of By-Laws, etc., by Town Clerk.)

Voted: That the Town Clerk be authorized to make a compilation of the revised By-Laws of the Town as soon as the same shall have been adopted, together with all rules and regulations passed by any official board of the Town, and now in effect, and all special Statutes affecting the Town or Statutes accepted by the Town, and that the sum of \$400 be appropriated for the printing thereof.

Article 34 taken up.

As the subject matter of this article was embodied in article 33 no action was taken on this article.

Article 37 taken up. (Pike and Bullard reimbursement.)

Voted: That the sum of \$46.09 be appropriated to reimburse Eliza J. Pike and Willard A. Bullard, Trustee, for edgestone set on Bartlett Avenue previous to the acceptance of the street; said sum to be raised by general tax in 1910.

Article 38 taken up. (Reimbursement to Soldiers' Monument Fund.)

Voted: That the sum of \$455 be transferred from the unex-

pending balance of the Cemetery Department, now in the Treasury, to the Soldiers' Monument Fund, and that this sum be paid to the Trustees of said Fund.

Article 39 taken up. (Leaf Eating Insects.)

Voted: That the sum of \$750 be appropriated for suppressing leaf-eating insects other than gypsy and brown tail moths.

Article 7 taken up. (Town expenses, interest, debt and State Aid.)

Voted: That the sum of \$12,000 be appropriated for the Sinking Fund, \$7000 to be taken from the income of the Water Works and \$5000 to be raised by general tax the current year; said amounts to be paid to the Sinking Fund Commissioners December 1.

That the sum of \$18,648.64 be appropriated to meet notes maturing in 1910; said sum to be raised by general tax.

That \$15,062.37 of the unexpended balances and amounts in the treasury otherwise unappropriated, together with the sum of \$1287.63 be appropriated for the payment of interest during the year 1910.

That the sum of \$6000 (to include payment of unpaid bills) be appropriated for the care of outside poor, in addition to such sums as the Town may receive from individuals reimbursing it for such care.

That the sum of \$4501.01 be appropriated to pay the following overdrafts during the year 1909:

| | |
|--|-------------------|
| Board of Health..... | \$821.43 |
| Selectmen's Incidentals..... | 457.68 |
| Police..... | 91.52 |
| Suppression of Moths..... | 161.07 |
| Corporation and bank tax. (Receipts less than estimated.) | 2,969.31 |
| | <u>\$4,501.01</u> |

Voted: That the following appropriations be made for the purposes indicated.

Abatements—Fifteen hundred (1500) dollars.

Board of Health—Nine hundred ninety-four (994) dollars.

Board of Survey—Three hundred (300) dollars.

Medical Inspector of Schools, three hundred (300) dollars.

Clerk, Board of Health, one hundred fifty (150) dollars.

Voted: That there be appropriated from the income of the

Water Department \$4550 for maintenance, \$14,200 for interest on the water debt, \$7000 for the Sinking Fund, \$18,000 for the Metropolitan water assessment and \$3250 for new service and meters.

Article 7 was then laid on the table.

Article 35 taken up. (Acceptance of Spy Pond Athletic Field.)

Voted: Unanimously, that the Town accept the gift contained in the deed dated December 25, 1909, by Henry Hornblower and Hattie F. Hornblower, to the Town of Arlington, of a lot of land situated on the northwesterly side of Spy Pond in Arlington, and known as the Spy Pond Athletic Field, subject to the conditions therein set forth, said lot being more particularly described in said deed, a copy of which is hereinafter incorporated and made a part of this vote: That the Town keep and maintain said premises "in proper and suitable condition and repair as an athletic field for the children of citizens of Arlington in the schools of Arlington;" that said premises be under the direction and control of the School Committee of Arlington, or their successors and that said premises shall be used in accordance with rules and regulations made by said School Committee or their successors.

THE DEED OF GIFT.

Know all men by these presents, That we, Henry Hornblower of Arlington in the County of Middlesex and Commonwealth of Massachusetts, and Hattie F. Hornblower, his wife, in her right, in consideration of one dollar and other valuable considerations paid by the inhabitants of the Town of Arlington, a municipal corporation duly established under the laws of the Commonwealth of Massachusetts, the receipt whereof is hereby acknowledged, do hereby grant, remise, release and forever quit claim unto the said Inhabitants of the Town of Arlington, a certain parcel of land known as Spy Pond Athletic Field, situated in said Arlington and bounded and described as follows: Beginning at a point on the easterly side of Wellington Street two hundred feet southerly of Lombard Terrace; thence running northeasterly at right angles to said Wellington Street, bounding northwesterly on land of the grantor ninety feet; thence turning and running northwesterly parallel with and distant ninety feet from said Wellington Street, bounding southwesterly on land of the grantor two hundred (200) feet to Lombard Terrace; thence running northeasterly and bounding northwesterly on said Lombard Terrace about seven hundred (700) feet to land of the Boston and Lowell Railroad, Boston and Maine Railroad Lessee; thence running southeasterly and bounding northeasterly on land of said Railroad about five hundred and eighty-six (586) feet to land now or formerly of Laurence Barrieau; thence running southwesterly and bounding southeasterly on said land of Barrieau two hundred sixty and 5-10 (260 5-10) feet to other land

of grantor; thence running southwesterly in a continuation of the last described line, bounding on land of the grantor one hundred eight and 5-10 (108.5) feet to a bound; thence, running southwesterly and bounding southeasterly on the land of the Arlington Boat Club one hundred twenty (120) feet to a bound; thence, turning and running southeasterly and bounded northeasterly on said land of the Arlington Boat Club about seventy-eight (78) feet, through a bound to Spy Pond; thence running in a general westerly direction in an irregular line, bounding southerly on Spy Pond about three hundred (300) feet to land now or formerly of Hodgdon; thence, running northerly and bounding westerly on said land of Hodgdon about one hundred ninety (190) feet to the said easterly line of Wellington Street; thence, running northwesterly by said Wellington Street about 50 feet to the point of beginning.

This conveyance is made on the express condition that the grantee and its successors shall forever keep and maintain the granted premises in proper and suitable condition and repair as an athletic field for the children of citizens of Arlington, in the schools of Arlington, to be used in accordance with rules and regulations made by, and under the direction and control of, the School Committee of Arlington or their successors; and that if said grantee or its successors shall fail to keep and perform said condition then and in such event this deed shall become and be null and void, and all and singular the above described premises and all improvements and betterments thereon shall revert to and reinvest in me, the said Hattie F. Hornblower, and my heirs and assigns as fully, completely and effectually as if these presents had not been executed.

To have and to hold the granted premises, with all the privileges and appurtenances thereto belonging to the said inhabitants of the Town of Arlington and its successors to its and their own use and behoof forever, upon the foregoing condition.

In witness whereof, we the said Henry Hornblower and Hattie F. Hornblower hereto set our hands and seals this twenty-fifth day of December, 1909.

HENRY HORNBLOWER (Seal)

HATTIE F. HORNBLOWER (Seal)

COMMONWEALTH OF MASSACHUSETTS.

Arlington, December 27, 1909.

Middlesex County.

Then personally appeared the above named Hattie F. Hornblower and acknowledged the foregoing instrument to be her free act and deed, before me,

JAMES A. BAILEY, JR.,
Justice of the Peace.

On motion of Philip A. Hendrick, chairman of the Board of Selectmen, the following resolutions were unanimously adopted.

Voted: Whereas, Hattie F. Hornblower and Henry Hornblower have made a gift of certain real estate to the Town for the purpose of using the same as an athletic field for the children of citizens of Arlington in the schools of Arlington, and

Whereas, the donors of said gift have expressed the desire that the said field be called "Spy Pond Athletic Field" and

Whereas the Town has accepted the said gift, subject to the conditions therein contained:

Resolved: That the said field be hereafter known as and called "Spy Pond Athletic Field."

Resolved: That the Town spread upon its records its appreciation and recognition of this generous gift and that a vote of thanks be extended to Hattie F. Hornblower and Henry Hornblower.

Howard W. Spurr then addressed the meeting and in voicing the sentiments of the citizens of Arlington, spoke as follows:

"I was sure that the gift of this splendid play-ground to the Town of Arlington, for the use of the children of the Arlington Schools, would be gladly and gratefully accepted by the citizens assembled here in Town meeting.

"When we think of what it means to our children, and our children's children, we may easily conclude, that in no other way could this particular lot of land have been used for so good a purpose, or in a manner that will give so much pleasure to so many for all time to come.

"This gift comes to the Town ready for immediate use, and the cost of maintenance will be slight in comparison to the benefits that will be derived by the children of the schools.

"The possession of such a play-ground by the Town cannot fail to be a valuable factor in the development of the Town, and an added attraction to seekers for homes in Greater Boston.

"The thought that naturally comes to one's mind in a case of this kind, is the motive that actuates the donors in making such a gift.

"I have asked myself this question and will give you my individual opinion. We married men know that our wives' wishes largely influence our actions, and I believe that I am not far wrong in my conclusion that the nine years of faithful service, from 1900 to 1908 inclusive, which Mrs. Hornblower gave to the Town on the School Committee, together with the fact that she is a native of our Town and educated in our schools, would naturally bear the kind of fruit of which this gift is the expression.

"I would not have you think that I regard Mr. Hornblower in any sense a poor second in the making of this gift. After an acquaintance with him of nearly twenty-seven years I can testify

that he has always been found to be on the side of good government and the advancement of the Town's interests.

"Coming to Arlington in his early youth he has grown up here, and his record and standing is a part of the growth and history of our Town. As he became prosperous it was but the natural result of his generous nature and interest in our Town, that he should do something of this kind, and no one of my hearers will think that I go too far when I say that it is a fine thing that he and his wife have joined in doing in the gift of the beautiful Spy Pond Athletic Field to the Town of Arlington for the children of its schools.

"I am sure that Mr. and Mrs. Hornblower will gladly endorse my saying, at this time, that the thanks of the citizens of the Town of Arlington are due to Mr. Henry S. Adams, engineer in charge of the laying out of the Spy Pond Athletic Field, for his services so freely given and for the great interest that he has taken in its development.

"I feel that I can close my remarks regarding this fine gift to the Town in no better way than by saying in the words of the poet:

'So shines a good deed in a naughty world.'"

James A. Bailey, Jr., voicing the desires of Mr. and Mrs. Hornblower, presented the following resolve and the same was unanimously adopted:

Resolved: That the thanks of the Town are hereby voted to Mr. Henry S. Adams for the professional skill and public spirit shown by him in planning and supervising the construction of Spy Pond Athletic Field.

Article 36 taken up. (Appropriation for Spy Pond Athletic Field.)

Voted: That the sum of \$500 be appropriated for the purpose of keeping and maintaining the Spy Pond Athletic Field in proper and suitable condition and repair as an athletic field for the children of citizens of Arlington in the schools of Arlington; said sum to be expended under the direction of the School Committee.

Article 6 taken up. (Care of Highways, Town Ways and Bridges.)

Voted: That the Town ways, highways and bridges be repaired during the ensuing year under the direction of the Board of Public Works.

Article 8 taken up. (Selectmen agents of the Town.)

Voted: That the Selectmen be appointed agents of the Town, to institute and prosecute actions in favor of the Town and appear and defend suits and legal proceedings against or involving the interests of the Town, with power to employ counsel therein, and when necessary in all other legal matters and business appertaining to Town affairs during the year commencing March 7, 1910.

Article 18 taken up. (Authority of Collector of Taxes.)

Voted: That the Collector of Taxes be authorized to use all means of collecting taxes for the year 1910 which a Town Treasurer may use when appointed a Collector of Taxes.

Article 25 taken up. (Co-operation Committee.)

Voted: That a Committee of two be appointed by the Moderator to act in co-operation with similar committees from other cities and towns using the Edison Company's service; and also with the Co-operative Development Committee of the Edison Company, for the purpose of promoting the growth of the Town.

The Moderator appointed Frederick S. Mead and Rodney T. Hardy to serve on said Committee.

Article 9 taken up. (Committee of Twenty-one.)

Voted: That there be appointed a Committee consisting of twenty-one citizens, other than Town Officers elected by ballot, to serve throughout the ensuing year and until the end of the annual meeting of 1911: The members of said Committee to be selected, as follows: Nine from the residents of the Russell School District, four from the residents of the Crosby School District, four from the Cutter School District and four from the Locke School District. Said Committee shall choose its own officers and have power to fill vacancies.

To this Committee, when appointed, are hereby referred all articles calling for an appropriation of money in any Town Warrant issued during its term of office.

Said Committee shall, after due consideration of the subject matter of said articles, report thereon in print or otherwise, such recommendations as it shall deem best.

The following citizens were nominated and elected to serve on said Committee of Twenty-one:

| | |
|---|-------------------------|
| Arthur F. Breed, lawyer..... | 7 Ashland St. |

 Isaac T. Marple, salesman.....89 Massachusetts Ave.
 Charles F. Wyman, market gardener.....121 Lake St.

Article 40 taken up. (Town Grant.)

Voted: That the several amounts appropriated at this meeting for the purposes indicated by the various votes, and not otherwise provided for, amounting to \$205,527.29 together with the sum of \$4592 appropriated at the November meeting of 1909, making a total of \$210,119.29 be raised by general tax the present year and that all notes issued under the authority of any vote passed at this meeting shall bear the authenticating certificate of such financially responsible institution or corporation doing business in this Commonwealth as the Board of Selectmen may designate, in addition to the signatures before provided for.

All articles in the Warrant calling the meeting having been disposed of it was,

Voted: That this meeting be now dissolved.

Meeting dissolved at 10.15 o'clock.

The constables John Duffy and Charles F. Donahue appointed by the Selectmen to have charge of the turnstiles, made their return in writing to the Town Clerk, under oath, and from said returns it was determined that 150 voters were in attendance at the close of the meeting.

A true record,

Attest:

THOMAS J. ROBINSON,
Town Clerk.

WARRANT FOR TOWN MEETING, MONDAY, JULY 25, 1910.

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX, SS.

To Garritt Barry; a Constable of the Town of Arlington, in said County, GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, who are qualified to vote in elections and Town affairs, to assemble in the Town Hall, on Monday, the twenty-fifth day of July, 1910 at 8.00 o'clock P.M., then and there to act on the following articles, viz.:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To see if the Town will make an additional appropriation of \$5000, for the enlargement of the Crosby School Building, and determine in what manner the money shall be raised.

(Inserted at request of the Special Committee on Enlargement of the Crosby School Building.)

ART. 3. To see if the Town will make an additional appropriation for the use of the Board of Health, and determine in what manner the same shall be raised.

(Inserted at the request of the Board of Health.)

ART. 4. To see if the Town will vote to authorize its Cemetery Commissioners to sell a lot in Mount Pleasant Cemetery to Mrs. Harriet E. Walton, of Somerville.

(Inserted at the request of the Cemetery Commissioners.)

ART. 5. To see what action the Town will take in regard to the extension of water mains, make an appropriation for the same, and determine in what manner the money shall be raised.

ART. 6. To see if the Town will make an appropriation for the extension of the sewerage system, and determine in what manner the money shall be raised.

ART. 7. To see if the Town will rescind the vote of the Town passed March 24, 1902, requiring a deposit with the Town Treasurer before water mains are placed in any street or way; or alter or amend said vote; or take any action in relation to said vote on the subject matter thereof.

(Articles 5, 6 and 7 are inserted at the request of William A. Muller and others.)

ART. 8. To appropriate and raise, by borrowing or otherwise, such sum or sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this eleventh day of July, in the year of our Lord one thousand nine hundred and ten.

PHILIP A. HENDRICK,
JACOB BITZER,
HERBERT W. RAWSON,
Selectmen of the Town of Arlington

CONSTABLE'S RETURN.

Arlington, July 21, 1910.

Middlesex County.

By virtue of this Warrant, I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, to meet at the time and place, and for the purposes herein named, by causing an attested copy of the same to be left at every dwelling house in the Town; and also by posting an attested copy of said Warrant on the door of the Town Hall,

in said Arlington, seven days, at least, before said day of meeting. A notice of the time and place of said meeting was published in the *Arlington Advocate*, July 16, 1910.

GARRITT BARRY,
Constable of Arlington.

Arlington, July 25, 1910.

Pursuant to the foregoing Warrant the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, met in the Town Hall in said Arlington, on Monday, the twenty-fifth day of July, in the year of our Lord one thousand nine hundred and ten, and were called to order at eight o'clock in the evening by the Town Clerk, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett was unanimously elected Moderator.

Article 2 taken up. (Crosby School Enlargement.)

Frank V. Noyes, Chairman of the Committee of Twenty-one, presented the report of the Committee in printed form and the same was received.

The Committee of Twenty-one recommended that no action be taken under this article.

William E. Lloyd, of the Committee on the enlargement of the Crosby School, presented the reasons of the Committee in asking for an additional appropriation and the matter was discussed by various citizens.

On motion of William E. Lloyd it was,

Voted, by a two-thirds vote: That the sum of five thousand (5000) dollars be appropriated as an additional appropriation, for the erection and furnishing of additions to the Crosby School Building, substantially in accordance with the plans of the Committee appointed by the Town November 23, 1909, and that the Town borrow the said sum of five thousand (5000) dollars, and in payment therefor issue ten negotiable notes or bonds for the sum of five hundred (500) dollars each, one payable in the year 1911, and one in each of the nine succeeding years, said notes or bonds to be signed by the Treasurer and countersigned by the Selectmen, and to be designated on the face thereof "Crosby School Addition Loan of 1910" and to bear interest payable semi-annually at a rate not exceeding four per cent per annum, and that the Committee appointed November 23, 1909 be authorized and empowered to supervise and direct the expenditure of the sum hereby appropriated in connection with such sum or sums heretofore appropriated.

Article 5 taken up. (Extension of Water Mains.)

Voted: That no action be taken under this article.

Article 6 taken up. (Extension of Sewerage System.)

Voted: That no action be taken under this article.

Article 3 taken up. (Milk testing machine for Board of Health.)

Voted: On motion of Frank V. Noyes, that the sum of seventy-five (75) dollars be appropriated, to be expended under the direction of the Board of Health, for the purchase and installation of improved milk-testing apparatus. Said sum to be taken from the overlayings of the tax of 1910.

Article 7 taken up. (Relative to deposit on Water Mains.)

Voted: That the subject matter of this article be referred to the Board of Public Works, said Board to report on same at next Town Meeting.

Article 4 taken up. (To sell lot in Mount Pleasant Cemetery.)

Voted: That the Cemetery Commissioners be authorized to sell and convey a lot in Mount Pleasant Cemetery to Mrs. Harriet E. Walton of Somerville, Mass.

No action being necessary under article 8 and all other articles in the Warrant calling the meeting having been disposed of it was voted to adjourn.

The number of voters attending the meeting, as determined by the Constable in charge of the turnstiles, was 178.

Meeting adjourned at 9.45 o'clock.

A true record. Attest:

THOMAS J. ROBINSON,

Town Clerk.

WARRANT FOR A TOWN MEETING NOVEMBER 8, 1910. STATE ELECTION.

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX, SS.

To either of the Constables of the Town of Arlington. GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the constitution requires, to vote in elections and Town affairs, to assemble in the Town Hall, in said Town, Tuesday, the eighth day of November next, it being the Tuesday next after the first Monday in said month, at 6.00 o'clock A.M., then and there to act on the following articles, viz:

ARTICLE 1. To bring in their votes to the Selectmen for a Governor, a Lieutenant-Governor, a Secretary, a Treasurer and Receiver-General, an Auditor of Accounts, an Attorney-General for the Commonwealth, a Representative of the Commonwealth in the Congress of the United States for District Number Eight, a Councillor for the Sixth Councillor District; a Senator for the

Sixth Middlesex District, a Representative in the General Court for the Twenty-ninth Representative District in the County of Middlesex, a County Commissioner for three years, a County Commissioner to fill the vacancy in the unexpired term ending the first Wednesday of January, 1913, two Associate Commissioners for three years, a District Attorney for the Northern District, Middlesex County, for three years; a Sheriff for the County of Middlesex for three years.

All the above to be voted for on one ballot. The polls will be opened immediately after the organization of the meeting and will be kept open until four o'clock and thirty minutes in the afternoon, and as much longer as the meeting directs, provided the time shall not be after the hour of sunset.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this twenty-second day of October, in the year of our Lord one thousand nine hundred and ten.

PHILIP A. HENDRICK,
JACOB BITZER,
HERBERT W. RAWSON,
Selectmen of the Town of Arlington.

Arlington, November 7, 1910.

MIDDLESEX COUNTY:

By virtue of this warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, to meet at the time and place and for the purposes herein named, by causing a printed attested copy to be left at every dwelling house in Town, and also by posting an attested copy on the doors of the Town Hall seven days at least before said day of meeting.

GARRITT BARRY,
Constable of Arlington.

A true record of the warrant. Attest:

THOMAS J. ROBINSON,
Town Clerk.

In pursuance of the foregoing warrant the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, met in the Town Hall, in said Arlington, on Tuesday, the eighth day of November in the year of our Lord one thousand nine

hundred and ten, it being the first Tuesday after the first Monday in said month, and were called to order at six o'clock in the forenoon by Philip A. Hendrick, Chairman of the Board of Selectmen, who read the warrant calling the meeting, and the return thereon of the Constable who served the same upon the inhabitants.

Selectman Philip A. Hendrick took charge of the meeting and performed the duties of presiding officer.

In compliance with the laws of the Commonwealth, governing elections, the Town Hall was fitted up as a polling place, a space railed off and booths provided for the use of voters to examine and mark their ballots. Each booth was supplied with suitable facilities for the purpose and with cards of instructions.

The following citizens had been appointed by the Selectmen as election officers, and were assigned as follows, after being sworn by the Town Clerk to the faithful discharge of their duties:

Ballot Clerks—Edgar Crosby and John J. Mahoney.

Inspectors—Frank F. Russell and Charles P. Ladd, Jr.

Tellers—George C. Tewksbury and Arthur L. Bridgham.

At ballot-box—Horace A. Freeman.

Counters—Frank Y. Wellington, Henry K. Brown, William D. Grannan, Joseph J. Duffy, William E. Bunton, Frank A. O'Brien, Frederick G. Wilder, Daniel M. Daley, George H. Peirce, John W. Power, Frank B. Records, Jr., and James M. Mead.

A sealed package of ballots containing 2400, supplied by the Secretary of the Commonwealth, was then delivered by the Town Clerk to the presiding officer, who publicly broke the seal and delivered the ballots to the ballot clerks. Specimen ballots and cards of instructions to voters were posted in accordance with law, as were also cards of penalties to voters for violations of the law. The ballot box was examined by the presiding officer and Town Clerk and was found to be empty and the register set at zero. A list of registered voters was supplied to the ballot clerks and tellers by the Registrars of Voters.

At three minutes after six o'clock the polls were declared open for the reception of votes, and were kept open until thirty minutes after four o'clock in the afternoon, at which time, after due notice, they were declared closed.

By unanimous consent the ballot box was opened at various times during the day for the purpose of removing the ballots to be counted.

At 7 o'clock the box registered 226 votes; at 8 o'clock 540 votes; at 9 o'clock 810 votes; at 11 o'clock 1019 votes; at 3 o'clock 1550 votes. At the close of the polls the total number of votes cast was fifteen hundred ninety-four (1594).

At nine minutes after nine o'clock in the morning the ballot box failed to register and on examination it was found that the

large number of ballots had so filled the receptacle that the registering machine was clogged.

Voting was continued during the interval, which only lasted fifteen minutes, in the box used for cast ballots.

The keys of the ballot box were delivered into the custody of Constable Garritt Barry, and remained in his custody until the close of the polls.

The names checked by the ballot clerks and the names checked by the checkers at the ballot box were counted and found to agree with the number registered by the ballot box, 1594.

The unused ballots were enclosed in a package, sealed, and delivered to the Town Clerk after being counted and indorsed by the Ballot Clerks. The number was found to be 806, which added to the number cast, 1594, made the total number received from the Secretary of the Commonwealth, 2400.

The election officers canvassed the votes given in and the whole number was found to be 1594, which were sorted, counted and declaration made thereof in open meeting by Chairman Philip A. Hendrick at fifteen minutes after five o'clock, as follows:

Whole number of ballots cast 1594.

GOVERNOR.

Eben S. Draper of Hopedale had eight hundred seventy-one (871).

Eugene N. Foss of Boston had six hundred sixty-eight (668).

John A. Nichols of Boston had six (6).

To fill Vacancy Unexpired Term.

Winthrop H. Fairbanks of Sudbury had five hundred sixty-four (564).

Chester B. Williams of Wayland had eight hundred sixty-two (862).

Blanks, one hundred sixty-eight.

ASSOCIATE COMMISSIONERS MIDDLESEX.

Leander V. Colahan of Stoneham had four hundred sixty-seven (467).

Joseph L. Marin of Lowell had four hundred two (402).

Frank A. Patch of Littleton had seven hundred thirty (730).

Edward Everett Thompson of Woburn had eight hundred eleven (811).

Blanks, seven hundred seventy-eight (778).

DISTRICT ATTORNEY NORTHERN DISTRICT.

John J. Higgins of Somerville had nine hundred thirty-four (934).

James J. Irwin of Everett had five hundred thirty-one (531).

Blanks, one hundred twenty-nine (129).

SHERIFF MIDDLESEX COUNTY.

John R. Fairbairn of Cambridge had nine hundred forty-three (943).

Whitfield L. Tuck of Winchester had five hundred nineteen (519).

Blanks, one hundred thirty-two (132).

The election returns were then filled in, to be signed by the Selectmen and countersigned by the Town Clerk, and were delivered to the Town Clerk to be forwarded by him to the several places of destination.

All business calling the meeting having been transacted, the presiding officer, at thirty minutes after five o'clock, declared the meeting dissolved. Meeting dissolved at 5.30 P.M.

A true record. Attest:

THOMAS J. ROBINSON,
Town Clerk.

Arlington, November 18, 1910.

Pursuant to law, the Town Clerks of Arlington and Lexington met in the office of the Town Clerk of Arlington on Friday, the eighteenth day of November in the year of our Lord one thousand nine hundred and ten, at twelve o'clock noon, for the purpose of canvassing the votes cast on the eighth day of November for a Representative to the General Court of the Commonwealth to represent the Twenty-ninth Middlesex District.

The canvass showed the following result of the votes cast in Arlington and Lexington:

In Arlington John G. Brackett had eight hundred thirty-two (832).

In Lexington John G. Brackett had four hundred eighty-nine (489).

Total in Arlington and Lexington thirteen hundred twenty-one (1321).

In Arlington Roger W. Homer had seven hundred three (703).

In Lexington Roger W. Homer had two hundred eighty-two (282).

Total in Arlington and Lexington nine hundred eighty-five (985).

Total votes cast in Arlington, fifteen hundred ninety-four (1594). Blanks fifty-nine (59).

Total votes cast in Lexington, eight hundred thirty-eight (838). Blanks, sixty-seven (67).

The canvass showed that John G. Brackett had a majority of the votes cast in both towns.

Two certificates were filled out, signed by the Clerk of both Towns, one sent to the Secretary of the Commonwealth and one to be delivered to John G. Brackett of Arlington.

THOMAS J. ROBINSON,
Town Clerk of Arlington.

GEORGE D. HARRINGTON,
Town Clerk of Lexington.

WARRANT FOR TOWN MEETING NOVEMBER 22, 1910.

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX, SS.

To either of the Constables of the Town of Arlington, in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the constitution requires, to vote in

elections and Town affairs, to assemble in the Town Hall, in said Town, Tuesday, the twenty-second day of November, current, at 7.30 o'clock, P.M., then and there to act on the following articles, viz.:

ARTICLE 1. To bring in their votes to the Town Clerk for a Moderator to preside for the transaction of Town business.

ART. 2. To hear and act on the reports of committees heretofore appointed.

ART. 3. To see if the Town will make an appropriation to be expended from November 30, 1910, and for the twelve months next ensuing, for suppressing the gypsy and brown tail moths, in accordance with the provisions of Chapter 381, Acts of 1905, and amendments thereto, and determine in what manner the money shall be raised, or take any action thereon.

ART. 4. To see if the Town will make an additional appropriation for Town House account, and determine in what manner the money shall be raised, or take any action thereon.

ART. 5. To see if the Town will make an additional appropriation for telephones, and determine in what manner the money shall be raised, or take any action thereon.

ART. 6. To see if the Town will make an additional appropriation for the Fire Department, and determine in what manner the money shall be raised.

ART. 7. To see if the Town will make an additional appropriation for Military Aid, and determine in what manner the money shall be raised, or take any action thereon.

ART. 8. To see if the Town will authorize and empower the Selectmen to petition the County Commissioners, under the provisions of Chapter 48, Section 12 of the Revised Laws to relocate Medford Street substantially in accordance with a plan drawn by R. W. Pond, Town Engineer, dated November, 1910, or take any action thereon.

ART. 9. To see if the Town will authorize and empower the Cemetery Commissioners to consent, in the name and behalf of the Town, to such takings by the County Commissioners of the lands of Mount Pleasant Cemetery as may be necessary in connection with the relocation of Medford Street, substantially in accordance with a plan drawn by R. W. Pond, Town Engineer, dated November, 1910, or take any action thereon.

ART. 10. To see if the Town will adopt the By-Laws in relation to construction of buildings as reported by the Committee on By-Laws appointed November 16, 1908, or take any action thereon.

ART. 11. To see if the Town will appoint a Committee of five (to act with the Board of Survey) to consider the proposed Water Street Extension (so-called), the improving of the Sucker Brook Valley, and the separation of Railroad and Street grades in the Town.

(Inserted at the request of Howard W. Spurr and others.)

ART. 12. To see if the Town will vote to purchase a Combination Chemical and Hose Motor Car, make an appropriation therefor, and determine in what manner the same shall be raised, or take any action thereon.

(Inserted at the request of the Committee on Fire Conditions of the Town.)

ART. 13. To see if the Town will ratify the acts of its officers under authority of the vote passed under Article 28 of the last Annual Town Meeting, which vote was substantially as follows:

That the sum of \$49,600 be appropriated for the erection and furnishing of additions to the Crosby School Building, substantially in accordance with the plans of the Committee appointed by the Town November 23, 1909, and that the Town borrow \$48,000 of said sum, and in payment therefor issue sixteen negotiable notes or bonds, for the sum of \$3000 each, one payable in the year 1911, and one in each of the fifteen succeeding years; said notes or bonds to be signed by the Treasurer, and countersigned by the Selectmen, and to be designated on the face thereof "Crosby School Addition Loan" and to bear interest semi-annually at a rate not exceeding four per cent per annum; also that the remaining \$1600 be raised by general tax in 1910 and that the Committee appointed November 23, 1909, be authorized to supervise and direct the work of the erection and furnishing of said building and the expenditure of the sum hereby appropriated.

and will amend or change the said vote in any respect or take any other action with respect to said vote or the subject matter thereof.

ART. 14. To see if the Town will make an additional appropriation for the Health Department, and determine in what manner the money shall be raised, or take any action thereon. (Inserted at request of the Board of Health.)

ART. 15. To see if the Town will make an additional appropriation for the Board of Health, and determine in what manner the money shall be raised, or take any action thereon. (Inserted at the request of the Board of Health.)

ART. 16. To see if the Town will appropriate the sum of \$3500 for the construction of a public sanitary, according to the plans and specifications of the Committee on public sanitary appointed March 28, 1910, and determine in what manner the money shall be raised, or take any action thereon. (Inserted at request of Arlington Business Men's Association.)

ART. 17. To see if the Town will make an appropriation for the extension of the storm drain system, and determine in what manner the money shall be raised, or take any action thereon. (Inserted at request of Board of Public Works.)

ART. 18. To see if the Town will instruct the Selectmen to petition the General Court for such amendments to Chapter 624, Acts of 1910, and other Statutes as will authorize the Town to adopt

Statutes and By-Laws which will provide for carrying on its business properly and legally in substantially the manner now in vogue. (Inserted at request of Frank W. Hodgdon and others.)

ART. 19. To see if the Town will instruct the Board of Survey or a Special Committee, to have an accurate topographical map or plan made of the portion of the Town bounded by Mystic Street, Summer Street, Brattle Street, the B. & M. R. R., Forest Street, and the Lexington and Winchester boundary lines; and on this plan have drawn the location of such streets or ways as in the opinion of said Board will best develop said territory. Also to make such an appropriation as may be needed for such purpose. (Inserted at request of Frank W. Hodgdon and others.)

ART. 20. To see if the Town will accept and establish as a Town way the private way known as Lombard Terrace, extending from Wellington Street to the location line of the Boston & Maine R. R., as laid out by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments, make an appropriation for constructing the same and determine in what manner the money shall be raised, or take any action thereon. Said way as laid out is described as follows:

Beginning at a point on the northerly line of Wellington Street as shown on plan approved by the Board of Survey, June 8, 1908, entitled "Plan and Profiles of proposed streets through land of estate of Eliza A. Peck, Arlington, Mass., January 22, 1907; H. S. Adams, Civil Engineer," and recorded in the office of the Town Clerk, thence at an angle of ninety degrees, 100 feet, thence by a curved line on a radius of 224.18 feet, 79.17 feet, thence by a curved line on a radius of 533.3 feet, 148.43 feet, thence continuing in an easterly direction 486.4 feet, more or less, to the location line of the Boston & Lowell R. R., as shown on plan above referred to. The above described line is the westerly line of said Lombard Terrace and the easterly line is parallel with and distant therefrom forty feet as shown on plan above referred to. (Inserted at the request of George H. Worcester and others.)

ART. 21. To see if the Town will accept and establish as a Town way the private way known as Lombard Road, extending from Pleasant Street to Lombard Terrace as laid out by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments, make an appropriation for constructing the same and determine in what manner the money shall be raised or take any action thereon. Said way as laid out is described as follows:

Beginning at a point on the easterly line of Pleasant Street 262.63 feet from Wellington Street, thence, at an angle of 83 degrees, nine minutes, 450.61 feet to the westerly line of Lombard Terrace, so-called, as shown on plan approved by the Board of

Survey, June 8, 1908, entitled "Plan and Profile of proposed streets through land of estate of Eliza A. Peck, Arlington, Mass., January 22, 1907, H. S. Adams, Civil Engineer," and recorded in the office of the Town Clerk. The above described line is the southerly line of the said Lombard Road, and the northerly line is parallel with and distant therefrom forty feet, as shown on above mentioned plan. (Inserted at the request of George H. Worcester and others.)

ART. 22. To see if the Town will authorize the Town Treasurer, under the direction of the Selectmen, to borrow money for any necessary purpose, in anticipation of taxes for the year 1911, the same to be repaid directly from the proceeds of said taxes.

ART. 23. To see if the Town will make an appropriation sufficient to meet the charges for filling deposited on the park lands adjoining Mount Pleasant Cemetery, in accordance with the vote passed by the Town, May 5, 1902, and determine in what manner the money shall be raised.

ART. 24. To appropriate and raise by borrowing or otherwise such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this eighth day of November, in the year of our Lord one thousand nine hundred and ten.

PHILIP A. HENDRICK,
JACOB BITZER,
HERBERT W. RAWSON,

Selectmen of the Town of Arlington.

MIDDLESEX COUNTY.

Arlington, November 22, 1910.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, to meet at the time and place and for the purposes herein named, by causing a printed attested copy to be left at every dwelling house in the Town, and also by posting an attested copy on the doors of the Town Hall seven days at least before said day of meeting.

I further certify that a notice of the said meeting was published in the *Arlington Advocate* on November 19, 1910.

GARRITT BARRY,
Constable of Arlington.

In pursuance of the foregoing Warrant, the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs,

met in the Town Hall in said Arlington, on Tuesday, the twenty-second day of November, in the year of our Lord one thousand nine hundred and ten, and were called to order at thirty minutes after eight o'clock in the evening, by the Town Clerk, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

Article 1 taken up. (Choice of Moderator.) John G. Brackett was elected Moderator and was sworn to the faithful performance of his duties.

Article 2 taken up. (Reports of Committees.) Frank V. Noyes, Chairman of the Committee of Twenty-one, presented the report of that Committee, in printed form, and it was voted that said report be received. Voted: On motion of Frank V. Noyes, that the various articles in the Warrant calling for appropriations be now taken up and that the recommendations made by the Committee of Twenty-one under those articles so far as they appear in their printed report, be considered as now before the meeting, to be voted on, without further motion, separately, and in the order in which they appear in said report.

Article 2 was then laid on the table.

Article 3 taken up. (Appropriation for Gypsy and Brown Tail Moths.) Voted: That the sum of \$4755 be appropriated, to be expended from November 30, 1910 to November 30, 1911, under the direction and control of the Selectmen, in suppressing the gypsy and brown tail moths in the Town of Arlington, in accordance with the provisions of Chapter 381 of the Acts of 1905, and amendments thereto; said sum to be raised by general tax in 1911.

Article 4 taken up. (Town House Account.) Voted: That no appropriation be made under this article.

Article 5 taken up. (Appropriation for telephones.) Voted: That the additional sum of \$50 be appropriated for telephones, said sum to be taken from the Treasury account.

Article 6 taken up. (Appropriation for Fire Department.) Voted: That the additional sum of \$200 be appropriated for Fire Department, said sum to be taken from the interest account.

Article 6 was then laid on the table.

Article 7 taken up. (Appropriation for Military Aid.) Voted: That the sum of \$125 additional be appropriated for military aid, said sum to be taken from the Treasury Account.

Article 12 taken up. (Chemical and Hose Motor Car.) Peter Schwamb, Chairman of the Committee appointed at the adjourned Town Meeting March 28, 1910, presented the report of said Committee and recommended the purchase of such an apparatus. Voted: On motion of Frank V. Noyes, that the sum of \$5500 be appropriated for the purchase of a combination auto chemical and hose truck; the said sum to be taken from the tax levy of

1911 and to be expended under the direction of the Committee on Fire Apparatus.

Article 6 was then taken from the table. Voted: That a committee of five, to be named by the Moderator, together with the Board of Fire Engineers be appointed as a Committee on Fire Apparatus, to purchase an auto chemical and hose truck, and to make such changes in the various fire houses as are required for its installation, and the rearrangement of the present fire apparatus. The Moderator appointed same committee appointed March 28, 1910, to consider the fire conditions of the Town, viz.: Peter Schwamb, Robert J. Kelly, James A. Bailey, Jr., Walton H. Sears and Daniel Wyman to serve on this Committee.

Voted: That the sum of \$1000 be appropriated to be used to make such necessary changes in the fire houses of the Town as are required for the installation of a combination auto chemical and hose truck, and for the rearrangement of the present fire apparatus; said sum to be taken from the tax levy of 1911 and to be expended under the direction of the Committee on Fire Apparatus.

Article 14 taken up. (Appropriation for Health Department.)

Voted: That the additional sum of \$750 be appropriated for the Health Department, said sum to be taken from the interest account.

Article 15 taken up. (Appropriation for Board of Health.)

Voted: That the additional sum of \$325 be appropriated for the Board of Health; said sum to be taken from the overlayings of 1910.

Article 16 taken up. (Public Sanitary.) Voted: That the subject matter of article 16 be referred back to the Special Committee appointed at the last March meeting, that they may look further into the matter and report to the next March meeting.

Article 17 taken up. (Extension of Storm Drain System.)

Voted: That the sum of \$950 be appropriated for the extension of the storm drain system in Massachusetts Avenue and Lakeside Terrace, said sum to be taken from the interest account.

Articles 11 and 19 taken up. (Topographical survey and Sucker Brook.) Voted: That the Town appoint as a Committee, the Board of Survey and five (5) citizens of the Town, to be named by the Moderator, to consider the proposed Water Street Extension (so-called), the improving of the Sucker Brook Valley, and the separation of railroad and street grades in the Town. In addition said Committee is directed to cause an accurate topographical survey and plan to be made of the portion of the Town bounded by Mystic Street, Summer Street, Brattle Street, the Boston & Maine R. R., Forest Street and the Lexington and Winchester boundary lines; and on said plan to have drawn, under the advice of such experts as the Committee may deem it best to consult, the location of such streets and ways as, in the opinion of said

Committee, will best develop said territory. The sum of five hundred (\$500) dollars is hereby appropriated to be expended by said Committee in paying the expenses incurred in the preparation of said plan; said sum to be paid from the Treasury Account. Said plan shall be completed and a report thereon made to the Town as soon as practicable, but not later than at the annual March meeting in the year 1912.

The Moderator appointed the following citizens to serve with the Board of Survey on said Committee; George A. Kimball, William G. Peck, Philip Eberhardt, William A. Muller and J. Howell Crosby.

Article 20 taken up. (Acceptance of Lombard Terrace.)

Voted: That the Town accept and establish as a Town way, the private way known as Lombard Terrace, extending from Wellington Street to the location line of the Boston & Maine R. R., as laid out by the Joint Board of Selectmen and Board of Public Works, and as more particularly described in Article 20 of the Warrant, under the provisions of law authorizing the assessment of betterments.

Article 21 taken up. (Acceptance of Lombard Road.) Voted: That the Town accept and establish as a Town way, the private way known as Lombard Road, extending from Pleasant Street to Lombard Terrace, as laid out by the Joint Board of Selectmen and Board of Public Works, and as more particularly described in Article 21 of the Warrant, under the provisions of law authorizing the assessment of betterments.

Article 23 taken up. (Filling on Park lands.) Voted: That no action be taken under this article.

Article 10 taken up. (By-Laws for the Construction of Buildings.) Voted: That the Town adopt the By-Laws in relation to the construction of buildings as reported by the Committee on By-Laws appointed November, 1908. (File No. 669 of Report and Laws.)

The partial report of the Committee was accepted.

BY-LAWS FOR THE CONSTRUCTION OF BUILDINGS.

Adopted November 22, 1910.

SECTION 1. An Inspector of Buildings shall be appointed annually by the Selectmen during the month of March, and he shall continue to hold his office until his successor has been appointed and qualified. He shall not be interested in any contract or engagement for furnishing labor or materials or plans for the construction or alteration of any building in the Town.

SEC. 2. The Inspector shall examine all buildings in the course of construction, alteration and repair and see that all By-Laws of the Town in relation thereto are complied with and, when necessary, shall take proper measures to secure such compliance. He

shall make an annual report of his work to the Selectmen, with such recommendations as he may deem best. He shall perform such other duties as may be prescribed by these By-Laws.

None of the provisions of these By-Laws shall be construed so as to conflict with the requirements made by the District Police under the authority of Chapter 104 Revised Laws.

SEC. 3. No building, except those which come under the provisions of Revised Laws, Chapter 104, Section 22, and one-story wooden buildings less than ten feet square, and no addition to or alteration changing the character of any such building shall be made by any person unless he has received a permit therefor from the Inspector of Buildings. For the purpose of obtaining such a permit the person intending to erect or make such alterations in such buildings shall, seven days at least before he proceeds to build or erect the same, or lay the foundation thereof, or to make the said alterations, or to do any act for carrying into execution his intention to do such things, file with the Inspector of Buildings a notice in writing of his intention, with such plans and specifications, or a full written description of the structure to be erected, in such form as may be approved by the Inspector, together with a written authority from the owner of the property upon which the structure is to be built, authorizing the Inspector to enter the premises at all reasonable times and inspect the work of construction.

SEC. 4. Upon receiving said plans and specifications or description and authority, the Inspector shall give a permit for the erection of addition to, or alteration above described, of any building after he has carefully inspected the plans, specifications, or descriptions thereof, and ascertained that they provide for all requirements of the Statutes and By-Laws.

SEC. 5. No buildings, except a manufactory, railway station, stable, church, schoolhouse, hotel, garage, or hall for public assemblies shall hereafter be erected, and no existing building shall be altered or added to, thereby giving it a frontage of more than fifty feet, without one or more partition walls of brick or some fire-resisting material, approved by the Inspector, extending from the bottom of the cellar, or from a foundation wall to the under side of the roof-boarding, which shall be laid and be imbedded in mortar upon said wall. Such walls shall not be more than fifty feet apart throughout the length of the building. No existing building having a frontage of more than fifty feet shall be converted to a use not excepted by this section, without at least one partition wall, constructed as described in this section. Provided, however, that any single dwelling house intended for one family may be extended more than fifty feet in one direction without such partition wall.

In brick, stone, or concrete buildings of more than one story

(unless used for manufacturing purposes) where the partition walls are forty feet or more apart, the floors must be made fire-proof by the use of concrete, or other fire-resisting material.

SEC. 6. All buildings hereafter erected, which are to be used in whole or in part for business or manufacturing purposes, or as places for public meetings, including all the area within one hundred feet of the following described lines: beginning at the northeasterly corner of Swan and Pleasant Streets, thence running northeasterly to the southeasterly corner of Pleasant Street and Massachusetts Avenue, thence southeasterly on the southerly line of Massachusetts Avenue to a point opposite the Soldiers' Monument; beginning again at a point in the northerly line of Broadway opposite the Soldiers' Monument and running northwesterly along the northeasterly lines of Broadway and Massachusetts Avenue to Central Street, shall be constructed of brick, stone or concrete, and have slate, metal or composition roof-covering and metal gutters, unless permission is otherwise given by the Board of Selectmen.

SEC. 7. All buildings hereafter erected to be used as tenement houses, in excess of thirty feet in width, shall have brick partition walls on which floor beams shall rest, not less than twelve inches thick for their entire height, and extending to the under side of the roof-boardings, which shall lay and be imbedded in mortar upon said wall. Said walls shall not be more than twenty-five feet apart. All double houses shall have a fire-proof partition wall between the tenements, consisting either of a brick wall, not less than twelve inches thick, extending from the cellar bottom to the under side of the roof-boardings, or of a brick wall, not less than twelve inches thick, extending from the cellar bottom to the top side of the first floor timbers, and above that to the under side of the roof-boardings of two by five inch studding, with the spaces between filled solid with bricks and mortar, not less than four inches thick, to make a smoke-tight barrier between the tenements.

SEC. 8. No wooden building, to be used for a dwelling house, shall exceed forty-five feet in height, and no portion of any wooden building shall be placed at a less distance than five feet from the line of the lot upon which the building is to be located, or within ten feet of another wooden building, except where a brick external wall is substituted for a wooden wall, and of a thickness and in the manner prescribed for external walls of brick buildings.

FOUNDATIONS.

SEC. 9. Excavations for foundations shall be made six inches beyond the outside of foundation walls and shall not be backfilled until inspected. The foundations of all buildings for dwelling, business or manufacturing purposes, shall be walls of masonry

and piers of masonry or iron, and shall be laid in cement mortar. All wooden buildings not more than two stories in height, may, with the approval of the Inspector, be built wholly on piers or posts. The foundations of all buildings must rest on solid ground or leveled surfaces of solid rock, or on piles, concrete, or other solid substructure. Such foundation other than solid rock must be not less than four feet below the adjacent surface of the ground exposed to frost. Piazzas, porches, and bay-windows shall have a suitable foundation of stone, brick, iron or concrete, built on solid bottom, not less than four feet below, and extending not less than three inches above the finished grade, and no wood work shall come below that grade.

WOODEN BUILDINGS.

SEC. 10. All wooden frame buildings shall be built with sills, posts, girts and plates, all to be mortised, tenoned, braced and pinned together, except the plates, which may be mortised or thoroughly spiked to studding and posts. All buildings shall be braced in each story and in cross-partitions if deemed necessary by the Inspector.

WALLS.

In all wooden buildings not exceeding three stories in height the posts of which exceed twenty-two feet in length, the sills shall be not less than six by eight inches laid flatways, and the posts and girts not less than four by eight inches; in all such buildings the posts of which are twenty-two feet or less in length, the sills shall be not less than six by six inches, and the posts and girts not less than four by six inches; in all wooden buildings the studding of the outside walls shall be not less than two by four inches, set sixteen inches on centres; in all wooden buildings the studding in all partitions carrying floor timbers shall be not less than two by four inches, set not more than sixteen inches on the centres, and resting on girders not less than six by eight inches. All window studding to be not less than three by four inches. Ledger boards may be used in place of girts in one and one-half story houses or in dwellings where the attic floor is below the plates, if the spaces back of ledger boards between studding shall be filled with joists of same size as wall studs cut in tight so as to prevent a draft in case of fire. All one and one-half story buildings shall have end girts mortised, tenoned and pinned together. All self-supporting walls or partitions above the first floor in any building shall be trussed in a manner approved by the Inspector.

FLOOR TIMBERS.

SEC. 11. Floor timbers in dwelling houses, when of good sound spruce set sixteen inches on centres, shall be of the following

sizes; for a span not exceeding ten feet the timbers shall be not less than two by seven inches; for a span not exceeding twelve feet the timbers shall be not less than two by eight inches; for a span not exceeding fourteen feet the timbers shall be not less than two by nine inches; for a span not exceeding sixteen feet the timbers shall be not less than two by ten inches; for a span not exceeding eighteen feet the timbers shall be not less than two by twelve inches; for a span not exceeding twenty feet the timbers shall be not less than two by fourteen inches; for a span not exceeding twenty-two feet the timbers shall be not less than three by twelve inches; for a span not exceeding twenty-four feet the timbers shall be not less than three by fourteen inches in size, or of size giving their equivalent in strength.

There shall be girders not less than six by eight inches under main partitions and summers or floor timbers doubled, or their equivalent, under all cross-partitions in the first floor of all dwellings. Headers and trimmers of all openings more than four feet square in first floor of dwellings shall be floor joists doubled, or their equivalent, and in any floor that may be deemed necessary by the Inspector. Beams carrying main or cross partitions in first floor shall be supported on piers or iron posts not more than seven feet apart; trimmers in first floor over twelve feet in length shall be supported by a pier or post.

The attic floor timbers shall not be less than two by seven inches for any attic whether finished or unfinished, to which there is access and which can be used for storage or other purposes.

All floor timbers with a span from ten to sixteen feet shall have one row of bridging; all floor timbers with a span of sixteen feet or more shall have a bridging at least every eight feet, and all bridging stock shall be not less than one by two inches.

All cutting of floor timbers for the passage of pipes shall be on their upper edges, and no cut shall exceed two inches in depth, or be made more than three feet from the point of support of the timber unless the consent of the Inspector has first been obtained. No cutting in the under side of a floor timber will be allowed for any reason.

ROOF TIMBERS.

SEC. 12. In buildings which are eighteen feet or more in width rafters for pitched roofs shall measure not less than two by six inches, and larger where deemed necessary by Inspector, and spaced not more than twenty inches on centres; in buildings which are less than eighteen feet in width the size of rafters may be determined by the Inspector. Valley rafters shall be of such sizes as the Inspector shall prescribe, having due regard to the length and the area of the roof to be supported, but in no case shall be less than two by eight inches; all timbers herein mentioned

to be solid sticks excepting the plates, which may be in two pieces, each two by four inches, thoroughly spiked together.

Flat roofs shall be timbered the same as floors.

BRICK BUILDINGS.

SEC. 13. All brick walls shall be built with proper bond satisfactory to the Inspector and all intersections of walls shall be tied together with wrought iron straps as often as every eight feet in height. Floor beams shall be anchored to brick walls on which they rest and to each other so as to form continuous ties across the building, when directed by the Inspector and at least every ten feet.

SEC. 14. External walls of brick dwelling houses, if not more than twelve feet in height, above the foundation walls, shall be not less than eight inches thick for their entire height; if two stories and not more than twenty-five feet in height, they shall be not less than twelve inches thick to the top of the second floor, and not less than eight inches thick for the remaining height; and if three stories and more than twenty-five feet in height, they shall be not less than twelve inches thick to the top of the third floor, and not less than eight inches thick for the remaining height. And no such wall shall be over fifty feet in height.

SEC. 15. The external walls of all brick buildings, other than dwelling houses, if not more than forty feet in height, above the foundation walls, shall be not less than sixteen inches thick to the top of the upper floor, and not less than twelve inches thick for the remaining height; and if more than forty feet in height and not exceeding sixty feet in height, they shall be not less than twenty inches thick to the top of the second floor, and not less than sixteen inches thick to the top of the third floor, and not less than twelve inches thick for the remaining height. And no such wall shall be over sixty feet in height. Provided, however, that with the approval of the Inspector the method known as "Mill Construction" may be used whereby the external walls are constructed of a series of piers, of such width as the Inspector may approve, and of the thickness above prescribed for external walls. Said piers to be connected by curtain walls. Said curtain walls shall be well bonded to the piers, and not less than eight inches thick, in which all windows or other openings must be made. All floors must be supported on the piers and no portion of a floor shall for any reason be supported on the curtain walls.

The external walls of brick buildings, not exceeding twenty-five feet in height and covering an area not exceeding two thousand square feet to be used for stables or light mechanical purposes, may be twelve inches thick.

SEC. 16. Party walls and all partition walls of brick, in all buildings other than dwelling houses with external walls not exceeding forty feet in height, shall be not less than sixteen inches

thick to the top of the second floor, and not less than twelve inches thick for the remaining height, and, in buildings having external walls exceeding forty feet in height, said walls shall be not less than twenty inches thick to the top of the second floor, not less than sixteen inches thick to the top of the third floor, and not less than twelve inches thick for the remaining height.

SEC. 17. No opening or doorway shall be cut through or formed in a party or partition wall of any building without a permit from the Inspector of Buildings, and every such doorway shall have its top, bottom and sides of stone, brick or iron, and shall be closed by two doors or sets of doors of wood, covered with metal, with an air space between them of at least four inches, and said doors shall be hung to slide or swing in wooden frames entirely covered with metal, or to iron hinges or track in brick or stone rabbets.

PIERS AND COLUMNS.

SEC. 18. All piers shall be built of the best quality of good well-burnt hard brick, laid in cement and sand mortar and well wet when laid in warm weather. Brick piers under lintels, girders or columns of brick buildings shall have a properly proportioned cap of cast iron or steel the full size of the pier. Brick piers and buttresses shall be bonded with through courses, levelled and bedded each course, and where their foundations rest upon piles a sufficient number shall be driven to insure a proper support.

SEC. 19. Every pier, column, pillar or post resting on the earth shall have a base course of stone or concrete and, if supporting walls of masonry, shall have for a footing course a broad leveller of granite or ledge stone not less than twelve inches wider on all sides than the bottom area of said piers, columns, pillars or posts and not less than twelve inches thick.

SEC. 20. Every metal column in a brick building shall rest on a square iron plate not less than two inches thick, with lugs or a socket cast on it to hold the end of the column in place, and unless the columns are cast with a large flat-topped head shall have a similar plate on top, on which the beam or girder which it is to support shall rest. The sides of the bottom plate to be at least two and one-half times the diameter of the column, and the sides of the top plate or cast cap to be at least equal to the width of the beam or girder which it is to support. Wooden columns supporting girders and floors in such buildings shall rest on, and be capped by, one and one-half inch iron plates with lugs or sockets to receive the ends of the columns. All round wooden columns shall have holes not less than one inch in diameter bored through their centre for their whole length. Metal columns placed one on top of another shall have a plate between them with lugs or sockets on both sides to fit into top and base of columns to prevent slip-

ping, and all such columns shall have holes bored when and where directed by the Inspector, into and through the shell at right angles to the shaft, so as to show the thickness of the shell. All bearing parts of columns and plates shall be turned or planed to true surfaces. Metal columns in wooden buildings shall have iron foot plates and caps whose width or diameter shall be three times the diameter of the column, or in case of caps at least equal to the width of the beam or girder which is to be supported. They shall be of such thickness as the Inspector may require, but not less than five-eighths inches in any case, and shall have lugs or sockets cast on them to hold the ends of the columns in place. Wooden columns or posts shall have similar foot plates and caps.

FLOOR LOADS.

SEC. 21. All new or renewed floors and stairs shall be so constructed as to carry safely the weight to which the proposed use of the building may subject them, and every permit granted shall state for what purpose the building is designed to be used; but the least capacity per superficial square foot, exclusive of materials, shall be:

For floors of houses for habitation, sixty pounds.

For office floors and for public rooms of hotels exceeding five hundred square feet, one hundred pounds.

For floors of retail stores and public buildings, except schoolhouses, one hundred pounds.

For floors of schoolhouses, other than floors of assembly rooms, sixty pounds, and for floors of assembly rooms, one hundred and twenty-five pounds.

For floors of drill rooms, dance halls and riding schools, two hundred pounds.

For floors of warehouses and mercantile buildings, at least two hundred pounds.

For flat roofs, forty pounds.

For stairs, landings, platforms and fire escapes, seventy pounds.

The loads not included in this classification shall be determined by the Inspector.

The full floor load specified in this section shall be included in proportioning all parts of buildings designed for warehouses, or for heavy mercantile and manufacturing purposes. In other buildings, however, reductions may be allowed as follows: for girders carrying more than one hundred square feet of floor, the live load may be reduced ten per cent. For columns, piers, walls and other parts carrying two floors, a reduction of fifteen per cent of the total live load may be made. Where three floors are carried, the total live load may be reduced by twenty per cent; four floors, twenty-five per cent; five floors, thirty per cent; six floors, thirty-five per cent.

The Inspector may prescribe the maximum loads which may be imposed upon the floors of the existing buildings.

CHIMNEYS AND HEATING APPARATUS.

SEC. 22. All chimneys hereafter erected shall be built from the ground of brick, stone or other fireproof, non-heat-conducting materials, and shall be built plumb, or nearly so, so as to be self-sustaining; provided, however, that brick flues may be securely built into the brick work of the walls of the building to which they are hung, when the walls are not less than twelve inches thick; and provided also, that, upon special permission, first obtained from the Inspector, other forms of support may be used with such special safeguard as he may require, and provided also, that the matter of construction of chimneys in small wooden buildings, other than dwelling houses, not more than one story and one-half in height, shall be left to the decision of the Inspector of Buildings, but must be constructed in accordance with his instructions and to his satisfaction.

SEC. 23. All brick chimneys shall be built of hard burned brick plastered outside below the roofing after having been examined and approved by the Inspector of Buildings, except that exposed portions of said chimneys may be left unplastered upon the outside. Said chimneys shall be topped out with brick or stone, laid in cement, and the topping out shall not have more than two inches projection unless the bricks are covered by a cap of stone or other non-combustible material, in one piece, properly secured, and approved by the Inspector; and in no case shall a nail be driven into the masonry of any flue. All chimneys with exterior walls less than eight inches thick shall be lined with vitrified clay flue-lining.

SEC. 24. No smoke pipe in any building with wooden or combustible floors or ceilings shall hereafter enter any flue except at a distance not less than twelve inches from said floor or ceiling; and in all cases where smoke pipes pass through stud or wooden partitions of any kind, whether the same be plastered or not, they shall be guarded by a soapstone ring having a thickness radial to said pipe of not less than two inches, and extending through said partition, and in cases where smoke pipes pass through woodwork of any kind in such near proximity to the brick work of the flue that the space between said woodwork and flue is inaccessible, said pipe shall be guarded by a soapstone ring or thimble, or its equivalent, having a thickness of at least two inches, and extending from the outer face of said woodwork to a point at least two inches within the brickwork of the flue, in which it shall be firmly set.

SEC. 25. All hearths shall be supported upon trimmer arches of brick or stone, or upon bars of iron supporting a bed of brick-

work and shall be at least twelve inches longer than the width of the fireplace openings and at least eighteen inches wide in front of the chimney breast. Wooden centering supporting a trimmer arch shall be removed before plastering.

SEC. 26. Brickwork of all grates, fireplaces and ranges shall be not less than eight inches thick, and when it adjoins a wooden or stud partition shall have at least two four-inch walls, with at least two-inch air space between. No woodwork shall be secured to the brickwork of any flue. Open fireplaces shall have fireproof foundations.

SEC. 27. (a) No furnace or range set in masonry shall hereafter be placed, or its location changed in any building, without a permit from the Inspector of Buildings, who shall prescribe such regulations for the setting or placing thereof as in his judgment the public safety may require.

(b) The top of every heating furnace or steam boiler shall be kept at least one foot below the lowest part of the ceiling or floor next above it, and such protective covering shall be placed on such ceiling as the Inspector may require.

(c) All register boxes shall be set in soapstone or similar borders not less than two inches in width and said boxes back of such border shall be surrounded by an open space of not less than one inch in all directions and when required by the Inspector the timbers and flooring surrounding the boxes shall be protected by sheet-metal as he may direct.

(d) All elevator wells and light shafts, unless built of brick, must be filled in flush between the wooden studs with fireproof materials, or lined with metal or plastered on metal lathing, as may be directed by the Inspector, and all woodwork inside of such wells or shafts be lined with tin plate lock-jointed.

(e) Where floor beams rest on partition caps or on girders, wall girts or wooden sills, fill in between such beams, from the caps, girders, girts or sills to four inches above lining floor above, solid with brick and mortar or other fireproof material.

(f) When floor beams in frame buildings rest on ledger boards, fire-stop thoroughly at each floor, with brick and mortar, resting on bridging pieces cut in between the studs, or, where practicable, on the ends of lining floor.

(g) In brick buildings the space between the furring on the outside walls or brick partitions should be filled flush with mortar for a space of five inches in width above and below the floor beams of each story.

(h) Where basement or other flights of stairs are enclosed by partitions of brick or wood, the spaces between the studs or wall furrings must be so fire-stopped with brick or mortar as to effectually prevent any fire from passing up between such studs or furring back of the stair stringers.

(i) All flights of stairs between two floors must have two smoke stops built between the stringers and properly constructed.

(j) No pipes for conveying hot air or steam must be placed nearer than one inch to any woodwork unless protected to the satisfaction of the Inspector by suitable guards or casings of incombustible material.

(k) No wooden flue or air duct of any description can be used for heating or ventilating purposes.

(l) A space of at least one inch to be left between all woodwork and the chimneys, with the exception of floor timbers which shall be not less than two inches from chimneys, also around all hot-air, steam and hot-water pipes; these spaces around chimneys and pipes where they pass through the floors to be stopped with metal or other fireproof material, smoke tight. Steam and hot-water pipes to have metal sleeves and collars.

(m) All channels and pockets for gas, water and soil pipes to be made smoke tight at each floor.

(n) The space around all metal or brick ventilating ducts must be fire-stopped at each floor with metal or other fireproof material as approved by the Inspector.

(o) Where a building is occupied above the first floor for tenements or a lodging house and the lower story is occupied for stores, or other purposes not connected with the upper floors, the stairways leading to such upper floors must be enclosed with brick walls or with wooden partitions filled solid with brick laid in mortar, or other fireproof material and plastered on both sides on metallic lathing, and all doors in such partitions covered with tin plate, lock jointed.

SAFEGUARDS DURING BUILDING OPERATIONS.

SEC. 28. Whenever any person is about to erect or alter the exterior walls of a building, within five feet of the line of a street, he shall cause the portion of the site of the building bordering upon the street to be enclosed by a proper fence not less than four feet high and at least five feet from the line of such building; and the fence shall be made as much higher as the Inspector of Buildings shall direct, and the same shall be maintained until all liability to accident from falling material ceases; he shall also maintain a proper walk satisfactory to the Inspector, around said fence, as long as the sidewalk is obstructed, and he shall maintain proper lights, if so required by the Inspector, at both ends of such enclosed space from sunset to sunrise. In erecting any building, no person shall place, deposit or suffer to remain in any street or highway, any lumber or other building material, rubbish, or remains of any old building for a longer period than may be necessary for the work which may be going on; and in case such material, rubbish or remains of an old building shall necessarily remain after dark, a

sufficient light shall be placed over or near the same, and kept from sunset to sunrise. All rubbish from the erecting or repairing of any building or the removal of an old building, shall be carried away by the person so erecting, repairing or removing such building, at such time as the superintendent of streets may direct; and in case of neglect or refusal so to do, it shall be removed by the superintendent of streets, at the expense of such person. Any person violating any provision of this section shall be liable to a penalty of five dollars.

SEC. 29. All questions as to the intent and meaning of the By-Laws relating to the construction of buildings shall be decided by the Inspector.

SEC. 30. In these By-Laws the following terms shall have the meanings respectively assigned to them:

"Alteration" means any change or addition.

"Cellar" means a basement or lower story, of which one-half or more of the height of the floor to the ceiling is below the level of the land adjoining.

"Foundation" means that portion of a wall below the level of the street curb, and where the wall is not on a street, that portion of the wall below the level of the highest ground next to the wall; but if under party or partition walls, may be construed by the Inspector to mean that portion below the cellar floor.

"Chimney" shall apply to any permanent or fixed flues or passages built into any building for conveying away the products of combustion from furnaces, stoves, boilers, ranges or fireplaces.

"Inspector" means the Inspector of Buildings of the Town of Arlington.

"Party wall" means every wall used, or built in order to be used as a separation of two or more buildings.

"Partition wall" means any interior wall of masonry in a building.

"External wall" means every outer wall or vertical enclosure of a building other than a party wall.

"Repairs" means the reconstruction or renewal of any existing part of a building or of its fixtures or appurtenances by which the strength or fire risk is not affected or modified, and not made in the opinion of the Inspector for the purpose of converting the building in whole or in part to a new use.

"Tenement house" means a building, which, or any portion of which, is occupied, or intended to be occupied, as a dwelling by more than three families living independently of one another and doing their cooking upon the premises; or by more than two families above the first story, so living and cooking.

"Thickness" of a wall means the minimum of thickness of such wall.

"Persons" shall mean individuals, co-partnerships or corporations.

SEC. 31. Whoever violates any of the provisions of these By-Laws shall be liable to a penalty of not more than one hundred dollars unless another penalty is specifically provided herein.

SEC. 32. The provisions of these By-Laws shall not apply to buildings and structures owned or occupied by the United States or by the State of Massachusetts, nor to bridges.

Henry S. Adams, for the Committee appointed at the adjourned Town Meeting, March 28, 1910, to investigate and report "how the Town Officers and Police Department, now occupying the lower floor of Town Hall Building" can best be accommodated, made the report that there was no immediate need for any change. The report was accepted.

Article 13 taken up. (Ratification of Acts of Officials under previous vote.) Voted: By a two-thirds vote, that the vote passed at the adjourned meeting held March 28, 1910, under article 28 of the Warrant, for the last Annual Meeting, be amended, by striking out the words "That the Town borrow forty-eight thousand (\$48,000) dollars of said sum and in payment therefor issue sixteen negotiable notes or bonds for the sum of three thousand (\$3000) dollars each, one payable in the year 1911 and one in each of the fifteen succeeding years; said notes or bonds to be signed by the Treasurer and countersigned by the Selectmen, and to be designated on the face thereof 'Crosby School Addition Loan,'" and substituting therefor the following; "That the Town borrow forty-five thousand (\$45,000) dollars for the construction of said addition (not including furnishings) and for this purpose issue forty-five negotiable notes or bonds for the sum of one thousand dollars each, three payable on December 1, in the year 1911 and three on December 1 in each of the fourteen succeeding years; said notes or bonds to be designated on the face thereof, 'Crosby School Addition Loan' and borrow three thousand dollars for the furnishing thereof, and for this purpose issue six negotiable notes or bonds for the sum of five hundred dollars each, one payable on December 1 in the year 1911 and one on December 1 in each of the five succeeding years; said notes or bonds to be designated on the face thereof 'Crosby School Addition Furnishing Loan.' All such notes or bonds to be dated Dec. 1, 1910, signed by the Treasurer and countersigned by the Selectmen," so the vote will read as follows: That the sum of forty-nine thousand six hundred (\$49,600) dollars be appropriated for the erection and furnishing of additions to the Crosby School, substantially in accordance with the plans of the Committee appointed by the Town November 23, 1909; that the Town borrow forty-five thousand (\$45,000) dollars for the construction of said addition (not including furnishings) and for this purpose issue forty-five negotiable notes or bonds for the sum of one thousand dollars each, three payable on December 1,

in the year 1911, and three on December 1 in each of the fourteen succeeding years; said notes or bonds to be designated on the face thereof "Crosby School Addition Loan" and borrow three thousand (\$3000) dollars for the furnishing thereof and for this purpose issue six negotiable notes or bonds for the sum of five hundred (\$500) dollars each, one payable on December 1 in the year 1911 and one on December 1 in each of the five succeeding years; said notes or bonds to be designated on the face thereof "Crosby School Addition Furnishing Loan." All such notes or bonds to be dated December 1, 1910, signed by the Treasurer, and countersigned by the Selectmen and to bear interest semi-annually at a rate not exceeding four per cent per annum; also that the remaining sixteen hundred (\$1600) dollars be raised by general tax in 1910; and that the Committee appointed November 23, 1909, be authorized and empowered to supervise and direct the work of the erection and furnishing of said building and the expenditure of the sum hereby appropriated.

Voted: That the Town ratify the acts of its officers under authority of the vote passed under article 28 of the last Annual Town Meeting.

Article 18 taken up. (Selectmen to petition the General Court as to By-laws.) Voted: That the Town hereby instruct the Selectmen to petition the General Court for such amendments for Chapter 624, Acts of 1910 and other Statutes as will authorize the Town to adopt Statutes and By-laws which will provide for the carrying on of its business properly and legally in substantially the manner now in vogue.

Article 22 taken up. (Authority of Town Treasurer to borrow money.) Voted: That for the purpose of procuring a temporary loan to and for the Town of Arlington, in anticipation of taxes of the municipal year 1911, the Town Treasurer is hereby authorized and directed to borrow on and after January 1, 1911, from time to time, with the approval of the Board of Selectmen, a sum or sums, in the aggregate not exceeding one hundred and fifty thousand (\$150,000) dollars and to execute and deliver therefor the note or notes of the Town issued in accordance with and conforming to the requirements of Chapter 616, Acts of 1910, payable within one year from the time the loan is made. Any debt or debts incurred by a loan or loans to the Town under this vote shall be paid from the taxes of said municipal year.

Article 9 taken up. (Taking part of Mount Pleasant Cemetery by County Commissioners.) Voted: That the Town hereby authorize and empower the Cemetery Commissioners to consent in the name and behalf of the Town, to such takings by the County Commissioners of the land of Mount Pleasant Cemetery as may be necessary in connection with the relocation of Medford Street, substantially in accordance with the plan drawn by R. W. Pond, Town Engineer, dated November, 1910.

Article 8 taken up. (Selectmen to petition County Commissioners for relocation of Medford Street.) Voted: That the Town hereby authorize and empower the Selectmen, in the name and behalf of the Town, to petition the County Commissioners under the provisions of Chapter 48 Section 12 of the Revised Laws, to relocate Medford Street, substantially in accordance with the plan drawn by R. W. Pond, Town Engineer, dated November, 1910.

The number of voters attending the meeting, as determined by the returns of the Constables in charge of the turnstiles, was one hundred and forty-five.

All business calling the meeting having been transacted it was voted: That this meeting be now dissolved. Meeting dissolved at nine twenty-five o'clock.

A true record. Attest:

THOMAS J. ROBINSON,
Town Clerk.

The following is a true copy of the approval by the Attorney-General of the Building Laws adopted at this meeting:

Boston, Mass., December 7, 1910.

I approve the foregoing By-laws, except that I do not approve so much of Section 14 as is as follows: "And no such wall shall be over fifty feet in height," and that I do not approve so much of Section 15 as is as follows: "And no such wall shall be over sixty feet in height."

DANA MALONE,
Attorney-General.

The following are the sums voted for the expenses of the town for the year 1810:

| | | |
|--------------------|--------------|------------|
| Contingencies | \$2,500.00 | |
| Highways | 500.00 | |
| Treasurer's salary | 10.00 | |
| Clerk's salary | <u>10.00</u> | \$3,020.00 |

Submitted by

GEORGE PRENTISS,
DANIEL ADAMS,
THOMAS RUSSELL,

Selectmen.

Attest:

THOMAS RUSSELL,
Town Clerk.

West Cambridge, May, 1811.

REPORT OF THE BOARD OF SELECTMEN

The Selectmen submit the following report for the fiscal year ending December 31, 1910.

On March 7, 1910, the new Board of Selectmen, consisting of Philip A. Hendrick, Jacob Bitzer and Herbert W. Rawson, having been duly sworn by the Town Clerk, met and organized as follows: Chairman, Philip A. Hendrick; Clerk, Horace A. Freeman.

STANDING COMMITTEES.

Philip A. Hendrick, Police Department and State Aid.

Jacob Bitzer, Fire Department and Public Lands.

Herbert W. Rawson, Outside Poor, Town House and Public Buildings.

The Board of Selectmen consists of three members, elected at the regular annual town meeting held on the first Monday in March, all for the term of one year.

The Board also acts as Overseers of the Poor and as Board for the Suppression of Gypsy and Brown-Tail Moths.

The regular meetings of the Board are held Saturday evenings, in the Selectmen's room, Town Hall, at 7.30 o'clock.

TOWN DEBT AND TAX RATE.

On December 31, 1909, the fixed debt was.....\$704,298.64

Added during the year..... \$89,000.00

Paid during the year..... 18,648.64

Increase during the year..... 70,351.36

On December 31, 1910, the fixed debt is.....\$774,650.00

On Dec. 31, 1909, the sinking fund was....\$157,833.38

On Dec. 31, 1910, the sinking fund is. 176,195.58

Increase during the year..... \$18,362.20

The amount added to the fixed debt during the year is \$89,000. This is made up of \$15,000 for water loan, \$16,000 sewer loan,

\$3,000 for Crosby School lot, \$45,000 for Crosby School Addition building, \$3,000 for Crosby School Addition furnishings, \$1,000 for Town yard, \$1,000 for Whittemore Street, \$5,000 for changes in the Crosby School building.

The total fixed debt remaining is \$774,650.00, or \$70,351.36 more than it was a year ago.

The tax rate for 1910 is \$20.10 on \$1,000, which is \$1.60 more than it was in 1909.

The total increase in personal and real estate April 1, 1910, as compared with the year before, was \$407,353.

STATE, COUNTY AND METROPOLITAN TAXES.

| | 1910. | 1909. | Increase. |
|---------------------------|--------------------|--------------------|-------------------|
| State Tax..... | \$16,610.00 | \$13,635.00 | \$2,975.00 |
| County Tax..... | 11,519.57 | 11,682 45 | *162 88 |
| Metropolitan Sewer Tax... | 10,319.02 | 9,169.53 | 1,149.49 |
| Metropolitan Water Tax... | 16,241.07 | 17,442.46 | *1,201.39 |
| Metropolitan Park Tax.... | 5,537.80 | 5,253.27 | 284.53 |
| | <u>\$60,227.46</u> | <u>\$57,182.71</u> | <u>\$3,044.75</u> |

*Decrease.

The total State, county and metropolitan taxes for 1910 are \$60,227.46, or \$3,044.75 more than was the total for 1909.

No tax has yet been assessed on the town and cities liable for the cost of the purification of the Alewife Brook area, \$125,000 having been appropriated by the State for that purpose. When assessed the town's share will be 24 per cent, or \$30,000.

CORPORATION AND BANK TAXES RECEIVED BY THE TOWN.

| | 1910. | 1909 | Increase |
|-----------------------------|--------------------|--------------------|-------------------|
| Corporation Tax..... | \$5,316.93 | \$6,640.06 | *\$1,323.13 |
| Bank Tax..... | 5,063.94 | 3,852.63 | 1,211.37 |
| Street Railway Tax..... | 1,5552 43 | 14,417.50 | 1,134.93 |
| Boston Elevated Ry. Tax.. | 2,860.14 | 2,719.10 | 141.04 |
| Boston & North. St. Ry. Tax | 346.03 | 329.93 | 16.10 |
| Lex. & Bos. St. Ry. Tax... | 66.40 | 63.30 | 3.10 |
| | <u>\$29,205.87</u> | <u>\$28,022.52</u> | <u>\$1,183.35</u> |

*Decrease.

The total receipts, as shown on page 70, for 1910 amount to \$29,205.87 which is \$1,183.35 more than they were in 1909.

DEBT MATURING.

In the next five years the fixed debt maturing, as it stands December 31, 1910, amounts to \$229,350.00, divided as follows:

| | |
|-----------|--------------|
| 1911..... | \$16,950.00 |
| 1912..... | 105,950.00 |
| 1913..... | 80,550.00 |
| 1914..... | 13,450.00 |
| 1915..... | 12,450.00 |
| | <hr/> |
| | \$229,350.00 |

Of this amount \$91,000 water bonds mature in 1912, and \$64,600 high school bonds mature in 1913. Both of these amounts will be taken from the sinking fund; the other amounts are to be met by taxation.

BONDS OF COLLECTOR, TREASURER, AND TOWN CLERK.

The bond of the Collector of Taxes of Arlington is given by the United States Fidelity and Guaranty Company, Baltimore, Md., to the amount of \$10,000 for the municipal year 1910 and 1911, and until his successor in said office is elected and qualified.

The bond of the Town Treasurer of Arlington is given by the American Surety Company of New York to the amount of \$20,000 for the municipal year 1910-1911, and until his successor in said office is elected and qualified. This bond also covers him as Treasurer of Sinking Fund of said Town, and until his successor in the office of Treasurer of said Sinking Fund is chosen and qualified.

The bond of the Town Clerk, Clerk of Departments and Clerk of the Cemetery Commissioners is given by the American Surety Company of New York to the amount of \$1,500 for the municipal year 1910-1911, and until his successor in said office is elected and qualified.

The bonds are in the care of the Board of Selectmen.

TOWN HALL.

Under the provisions of the existing statutes, halls having a seating capacity of over 400 persons come under the regulations

of the State Police, regarding the use of scenery. The Town Hall comes under this regulation and the Board have been advised by the Chief of the State Police that no scenery of any description can be used in the Hall. By expending an amount of about \$300 certain changes may be made, whereby the use of scenery can be permitted. It would seem that steps should be taken in the near future to make changes in the Town Hall whereby scenery could be used and enable the citizens of the Town to have dramatic entertainments.

No extensive repairs were made during the year. The room occupied by the Board of Public Works was painted, and a few minor improvements made in the various parts of the building.

METROPOLITAN PARK ASSESSMENTS.

In accordance with the requirements of the Statutes a petition was entered in the Supreme Court by the Metropolitan Park Commission, and in which all cities and towns of the Metropolitan District were made respondents for the purpose of fixing the proportionate part to be paid by each town within the District during the next five years of the cost of maintenance, etc., of the Metropolitan Parks, Boulevards, and Charles River Dam and Basin.

Hearings were held before Commissioners appointed under that petition, at which the Town was represented by counsel, and their decree has been entered in said Court. Under the terms of the decree Arlington will pay each year for the next five years its proportionate part, as follows:

| | |
|--|--------|
| For parks..... | .00564 |
| For boulevards..... | .01057 |
| Nantasket Beach Reservation..... | .00515 |
| Charles River Dam and Basin..... | .00517 |
| Charles River Basin Sinking Fund and Interest Require- ments..... | .00462 |

PURIFICATION OF ALEWIFE BROOK AND ADJACENT AREA.

This work has gone along very well during the past year and the waterway is practically completed.

There is no question but that it will materially improve the

whole lower section of the Town from a health standpoint, and will increase the valuation of real estate.

The Town has not yet been called upon to pay its proportional part of the cost, but undoubtedly this assessment will be made in the near future.

The Town under the provisions of Section 7 of Chapter 529 of the Acts of 1906 may assess betterments upon real estate which is improved by this work.

STATE AID, MILITARY AID AND SOLDIERS' RELIEF.

STATE AID. The persons receiving this aid remain about the same as last year. There have been a few added to the list. The money paid out by the Town is returned by the Commonwealth during the following year, for all State Aid cases.

MILITARY AID. There has been a larger amount paid out during the past year than formerly, owing to a case which required more than the State Aid would give. On December 31, 1910, there was no one receiving Military Aid, as the case referred to above had so improved that this aid might be discontinued. The Town is reimbursed for one-half the money paid out under Military Aid the following year.

SOLDIERS' RELIEF. One case was added during the year and two cases have been discontinued, leaving the number of persons aided one less than in 1909. The Town has to bear the entire expense of this relief.

GRADE CROSSING AT MASSACHUSETTS AVENUE.

The time allowed by the Railroad Commission, whereby the West End Street Railway Company could maintain and use the existing grade crossing over the Boston & Maine Railroad tracks on Massachusetts Avenue in Arlington Centre expired December 1, 1910. A new decree was made by the Railroad Commission, extending the time to June 1, 1912.

GRADE CROSSINGS AT WHITTEMORE STREET AND AVON PLACE.

During the year the grade crossings at Whittemore Street and Avon Place have been abolished.

A Commission was appointed by the Superior Court upon

petition of the Town and a hearing given, after a view by the Commissioners, in the Selectmen's Room.

The Boston & Maine Railroad Company was represented by counsel and it acceded to the prayer of the petitioners, and an agreement was entered into as to the manner of abolishing the crossings and the type of construction. The entire expense of this abolition was borne by the railroad.

Avon Place Crossing was entirely abolished and the people formerly served by this street and its extension are now served by Pond Lane, they receiving rights of way parallel with the railroad track over the lands of the Arlington-Belmont Ice Company, in lieu of their rights over Avon Place.

At Whittemore Street an underpass was constructed at the expense of the railroad, whereby a safe entrance is gained into the Spy Pond Athletic Field, to the Arlington Boat Club, and for foot-passengers into what was formerly Avon Place Extension. The Town under the agreement is to light the underpass and keep it clean, the railroad to maintain it.

CONGESTION OF STREET CAR TRAFFIC AT ARLINGTON CENTER.

As reported last year this matter had been taken up with the representatives of the Boston Elevated Railway Company, a representative from the Arlington Business Men's Association (they having been the petitioners), the Board of Public Works and this Board, in which a sort of understanding has been reached, whereby a left-hand cross-over would be installed by the Boston Elevated Railway Company, and that the changing of trolleys, etc., would be made on the side track instead of the main out-bound track, as formerly.

A petition was received from the Boston Elevated Railway Company early in the year, asking that they would be allowed to make this change and a public hearing was given in the Selectmen's Room, after notice to all parties. A wide difference of opinion existed even among the petitioners, as to the solution of the problem, and the matter was laid upon the table.

A later request was received from the Arlington Business Men's Association that no further action be taken at the present time, which request has been granted.

The problem is a very hard one to solve in justice to all parties. That there is danger and inconvenience in the changing ends on the main outbound track opposite Water Street is unquestioned and this Board feels that the matter should be given attention in the near future.

OUTSIDE POOR.

There has been very little change in the number of persons aided by this Department during the year. The policy of the Board has been to keep in close touch with the persons aided, and to encourage them to try to become self-supporting.

The law now forbids the publication of the names of any person receiving aid. For financial statement as to the amount expended for this work during the year see Auditor's Report.

BOSTON, LOWELL AND LAWRENCE RAILWAY COMPANY.

At the close of the year 1909 the Board reported that the hearings in this matter closed in November, 1909, and that the Railroad Commissioners had the matter under advisement.

During the early part of the year the Railroad Commissioners rendered their decision, which in effect was that public convenience and necessity did not require the construction of a railway as proposed by the petitioners and refused to grant a certificate of exigency.

The law provides that the application may be renewed after one year from the date of the rendering of this decree.

LIABILITY INSURANCE.

This insurance covering public and employees' liability on certain work on the Highway, Sewer and Water Departments, expired May 20, 1910, and was renewed for three years, being placed in the Travellers' Insurance Company of Hartford, Conn. By extending the term the Town receives a benefit of ten per cent discount on the rate.

JURY LIST.

Under the law, the jury list must be revised by the Selectmen on or before the first day of July annually.

It has been the policy to make up the list in time to have it printed in the Annual Town Report, and the list as made up for 1911 appears in its proper place in this report.

TOWN YARD.

The buildings on this property have been repaired and the Town receives a rental therefrom. A container for house offal has been built on the premises for the use of the Health Department in the handling of the house offal of the Town.

The side track from the Boston & Maine Railroad which serves the Metropolitan Pumping Station has been extended into this yard, and excavations are now being made for storage bins at the end of this side track.

A new roadway has been built from the yard through the property of the Commonwealth to Brattle Street, making a much easier approach to the yard.

The side track facilities and the roadway were built with the consent of the Metropolitan Water and Sewerage Board.

MUNICIPAL LOANS.

Following out the plan of the preceding Board, all bonds and notes issued by the Town have been authenticated by the First National Bank of Boston. This answers a two-fold purpose, first, ensuring the Town against possibilities of forgery, and further, that the notes or bonds are in strict accordance with the vote of the Town; secondly, a better market price. It is believed that the added premiums for notes or bonds sold in the market more than pays the fees charged for that service. During 1910 all notes or bonds were so authenticated, but by virtue of the provisions of Chap. 616 of the Acts of 1910 hereafter all notes will be authenticated by the State. This applies to all notes whether serial or in anticipation of taxes.

PERAMBULATION OF TOWN LINES.

Under the statute the Town lines shall be perambulated and run, and the marks renewed, once in every five years by two or more of the Selectmen of each town.

During the past year it was the duty of the Selectmen to perambulate and run the lines, and Messrs. Bitzer and Rawson were

appointed for that service. The lines between all the adjoining towns and cities were run and the marks found to be in proper condition.

TELEPHONE RATES.

During the past year the Highway Commission after many hearings made a recommendation to the New England Telephone and Telegraph Company regarding telephone rates, which recommendation was accepted by the Telephone Company.

This was a matter of considerable interest to the citizens of all the territory served by this company, and a protest against the recommendation was instituted by the Wakefield Board of Selectmen. While your Board did not receive any protest officially relative to these rates from the citizens, it felt that it should keep in close touch with the matter. The Chairman was instructed to attend meetings of this Committee, and while not formally protesting, to look after the interests of the Arlington citizens as well as might be. The result so far of this Committee has been to extend the time compelling the change to the new system until November 1, 1911, by which time it is expected that the rates will have had a good trial and it will be found whether or not the plan is feasible.

POLICE DEPARTMENT.

Nothing of unusual moment has transpired in this department. The new cell room has been completed and has added materially to the efficiency of the department in the care of prisoners. An addition to the usual appropriation was made this year to allow the services of a new man. This was asked for the reason that the department officers are allowed a day off in every thirty. No appointment has been made but Officer George T. Woolley has served regularly all the year, but with the rank of a special officer.

For further details your attention is directed to the report of the Chief of Police.

THE HORNBLOWER GIFT.

During the year the Selectmen petitioned the Legislature for additional legislation, which would enable the Town to ad-

minister the affairs of this field in accordance with the terms of the deed of gift. A bill was enacted by the Legislature and authority given to the Town to place it under the care and jurisdiction of the School Committee. At the March meeting the gift was formally accepted by a vote of the Town and at the request of the donor was called Spy Pond Athletic Field. Suitable resolutions were offered and unanimously adopted thanking Mr. and Mrs. Henry Hornblower for their noble gift, also resolutions were passed thanking Mr. Henry S. Adams for his part in the laying out of the field and his attention to the numerous details connected therewith.

Arlington has now, through the kindness of these citizens, an athletic field of ample size, very centrally located and of great benefit to the children of the Town.

FIRE DEPARTMENT.

While no great actual changes have taken place in the department during the year steps have been taken which will make many changes during the coming year.

The committee appointed November 23, 1909, to investigate the advisability of enlarging the Hose House at Arlington Heights and for better fire protection, after a most careful and painstaking investigation reported at the November meeting of this year. They recommended the purchase of an auto combination chemical and hose truck, and the sum of \$5500 was appropriated therefor. They further reported and recommended that the new auto truck be installed in Hose House No. 2 and that the ladder truck now in Hose House No. 3 be also placed there, and that the horse-drawn chemical now in Hose House No. 2 be transferred to Hose House No. 3. This would seem to be a good change, as the ladder truck is an exceedingly heavy piece of apparatus and can be more easily and advantageously handled from Hose House No. 2 than under the present arrangements, and the new auto truck can, from Hose House No. 2, make a very quick run to any part of the Town. The committee further recommended nothing to be done at the Hose House No. 1 at present. The Town has taken title to the land adjoining the present house and is prepared at some future time to build a

new house of ample size if the needs of the department demand it. For further detail your attention is directed to the report of Chief Peirce.

MEDFORD STREET RELOCATION.

In the November meeting the Town voted to authorize and empower the Selectmen to petition the County Commissioners to relocate Medford Street, for the purpose of making alterations in the course and width thereof. In accordance with the vote the Selectmen have petitioned the County Commissioners and a hearing and view are set for January 9, 1911.

LAW REGARDING DRINKING CUPS.

Under Chapter 428 of the Acts of the year 1910 a law was passed forbidding the use of common drinking glasses or cups in public places. Consequently, paper individual drinking cups were provided in various public places and a bubble faucet has been installed at the main entrance to the auditorium of the Town Hall building.

CONTRACT FOR FURNISHING COAL TO TOWN DEPARTMENTS.

Invitations were extended to thirteen different concerns for furnishing the several Town Departments with coal for the coming year. Six bids were received. The bid of Peirce & Winn Company being the lowest of those received, they were awarded the contract.

The prices for the various kinds and grades of coal were as follows:

| | |
|--|--------|
| D. & H. Lackawanna egg, stove and furnace, per ton.. | \$5.85 |
| William Penn or Reading Hard, per ton..... | 6.10 |
| Hazelton, per ton..... | 6.48 |
| Honey Brook, per ton..... | 6.60 |
| Stove for Outside Poor, half-ton lots, per ton..... | 6.80 |
| Best quality George's Creek, Cumberland, Black Sher- | |
| idan Wilson or its equivalent, per ton..... | 4.36 |

The several departments furnished are: Schools, Highway, Library, Fire, Water, Outside Poor.

CONTRACT FOR PRINTING ANNUAL TOWN REPORT.

Six invitations were extended for proposals to print, bind and deliver the Annual Town Reports for the year 1910. Four bids were received. The Gardner & Taplin Company was the lowest bidder and was awarded the contract.

FIRE INSURANCE.

The fire insurance on Town property was renewed as fast as the policies expired during the year and additional insurance has been taken out upon the old Crosby School and upon the new addition.

It might be well at this time to call the attention of the Town to the provisions of Sections 102 to 105, inclusive, of the reenactment of Chapter 118 of the Revised Laws (Chapter 576 Acts of 1907), which provides that cities and towns may, by the acceptance of the provisions of the act "Establish and maintain a municipal building insurance fund, from which any municipal building or other municipal property damaged or destroyed by fire, lightning, or otherwise, may be repaired, rebuilt or replaced by other building or property to be used in lieu thereof."

The Act further provides that the Town may raise an amount not exceeding one-twentieth of one per cent of the assessed valuation each year, until such time as the amount of the fund equals or exceeds one per cent of the valuation of the Town. This fund will be taken care of by Commissioners or Trustees having charge of its trust or sinking fund.

The fire risks of the Town at the present time are not at all hazardous. All the principal buildings are of brick, and practically all the other buildings are occupied by tenants as dwellings.

Further, we have a very efficient fire department.

The Board would respectfully recommend that the matter be taken up by the Town for the appointment of a Committee to see what might be worked out.

DEATH OF MR. HORACE D. HARDY.

On March 18, 1910, the Town suffered a serious loss by reason of the death of its Town Counsel, Mr. Horace D. Hardy.

Mr. Hardy was appointed by the Joint Board as Town Counsel

March 25, 1905, and had been reappointed by each succeeding Board since that time.

During his service he commanded the full confidence of all Boards and was of invaluable aid to them in the conduct of their business.

Educated in our public schools, a graduate of Dartmouth College and the Harvard Law School, he had made a commanding place for himself at the Bar.

He was a man of high character and marked ability, and his time was given freely in the interests of the Town.

This Board in testifying their regard to his memory only reflect the sentiment of the entire community.

Resolutions were adopted and spread upon the records.

TOWN COUNSEL.

Owing to the death of Horace D. Hardy, Esq., early in the year James A. Bailey, Jr., was appointed to serve as Town Counsel by the Joint Board, and served in that capacity until July, at which time he deemed it advisable to resign from the position. No appointment was made as Town Counsel, but the work has been under the care of the Chairman. There has not been any very large or very important litigation during the year.

The following claims were made against the Town: Albert M. Thompson, claim for injuries received on Pleasant Street, alleged to have been due to defective condition of the highway. This matter has been taken up by the Travellers Insurance Company, under the terms of its policy. Suit has been entered in the Superior Court by Mr. Thompson, in which the Town will be represented in addition to the counsel of the insurance company.

Hazel N. Davenport. This was a claim for injuries received due to alleged defect in the sidewalk and fence on Westminster Avenue. This case has been disposed of by settlement with the injured party for the sum of \$375.

Celia M. Menchin. Claim for injuries due to an alleged defect in Marathon Street. This claim was settled by the payment of \$50.

George N. White. Claim for injuries while employed on the gypsy moth work. Mr. White was employed by the Gypsy Moth Department, and there appears to be no legal liability on the Town. This was settled without payment of money.

Several small claims were entered, which were taken care of under the liability insurance policy.

The Town was represented before the Commissioners for the apportionment of the Metropolitan Park Tax, and the legal work of the various departments was attended to.

GYPSY MOTH DEPARTMENT.

The work of this department goes on about the same as heretofore.

Mr. William H. Bradley was again appointed Superintendent and has charge of the work. Arlington is fortunate in having Mr. Bradley as we are informed by the State Forestry Department that the work of the Arlington Department is up to the highest standard.

Mr. James F. Higgins was reappointed Clerk.

The State Forestry Department has this year supplied the Local Department with material, as it was claimed that the State Department would furnish them at much less expense. In making the allotment this is taken into consideration. The Town is rendered a bill for the total amount of materials and supplies furnished, but pays only twenty per cent of that bill under the reimbursement clause of the act. There has been quite a material saving made in the cost of furnishings and supplies.

Mr. Bradley reported during the year ravages of the elm leaf beetle and recommended spraying for that purpose. Inasmuch as this work could not be legally done in connection with the gypsy moth work the matter was taken up with the State Forestry Department and the Town was allowed to spray for the elm leaf beetle in connection with the gypsy moth work and the sum of \$500 was transferred from the appropriation for the destruction of leaf-destroying insects other than gypsy and brown-tail moths to the gypsy moth department to reimburse it for this work.

GYPSY MOTHS.

Owing to the large influx of these pests coming in from the outlying neglected districts each summer, the cost to the cities and towns in the interior of the State has been greatly increased during past years. Measures should be taken looking to a co-

operation of State and National Departments with the local authorities to prevent a continuance of this unnecessary outlay. Until such action is taken cities and towns in the interior (of which Arlington is one) will be burdened with large annual appropriations.

WORK ON PRIVATE PROPERTY.

While each property owner has the right to clear his property of gypsy and brown-tail moths as he may deem best, subject to the inspection of the Local Superintendent, in many cases the work is not done satisfactorily and necessitates further work being done. The Board would advise that all this work be done under the supervision of the Local Inspector. The cost in any case can only be one-half of one per cent of the assessed valuation of the property for the previous year and insures a thorough cleaning of the property by experienced men who know where to look for these pests and when found to exterminate them.

POLICE OFFICE AND CELL ROOM IMPROVEMENTS.

The work in this part of the Town Hall building has been completed. As now equipped the cell room has seven cells for men and one cell, separate and apart, for women. The lighting and sanitary arrangements have been completely overhauled and changed, and greatly improved.

The office of the Chief has been enlarged and newly furnished, new steel lockers put in upstairs for the officers and other improvements made, making it, so far as the limited quarters permit, much better.

PUBLIC BUILDINGS.

No unusual expenditures have been made upon the buildings owned by the Town. The buildings have been kept in repair and only a small amount of money has been expended.

DEATH OF MR. HORACE A. FREEMAN.

On the 26th of November, 1910, Mr. Horace A. Freeman, for over eight years Clerk of this Board, passed away.

Mr. Freeman was appointed Clerk of the Board April 12, 1902, and served in that capacity up to the time of his death. He had long been a factor in our Town life, having been a teacher in

our schools for upward of twenty years, prior to his appointment as Clerk of the Board. He was a faithful and conscientious official, on whom this Board and each of the preceding Boards relied, and his loss was keenly felt by all.

Suitable resolutions were adopted and spread upon the records.

LICENSES.

Licenses were granted as follows:

VICTUALLERS. C. LaBreque, 606 Massachusetts Avenue; Miss Isabella M. MacDonald, 1406 Massachusetts Avenue; A. O. Sprague, 5 Mystic Street; Louis McKenna, 460 Massachusetts Avenue; N. J. Hardy, 657 Massachusetts Avenue; Nora Dorgan, 1399 Massachusetts Avenue; Charles F. Ford, 1111-1113 Massachusetts Avenue; Ernest H. Ricker, 1410-12 Massachusetts Avenue; Willard A. Thompson, 77 Dudley Street; Herbert C. Hurd, 1399 Massachusetts Avenue; John Gallagher, Arlington Heights; Mrs. C. H. Kimball, 1385 Massachusetts Avenue; Lawrence Barrieau, Pond Lane Extension; Louis C. Taylor, Linwood Street.

JUNK. Max Rosenfeldt, 1306 Cambridge Street, Cambridge; Joseph Berkman, 319 Elm Street, Cambridge; Frank Segal, 1 Westford Place, Allston; Morris Kaplan, 123 Hibbert Street.

POOL TABLE. Joseph W. Ronco, Post Office Building; Raphael D. Guarente, 612 Massachusetts Avenue.

AUCTIONEERS. Arthur J. Hendrick, 99 Medford Street; Frank Y. Wellington, 15 Wellington Street; James H. Shedd, 28 Draper Avenue; Frank V. Noyes, 244 Pleasant Street; George D. Moore, 133 Broadway; F. Alfred Patterson, Arlington Heights; Winthrop Pattee; Albert H. Goodwin.

INTELLIGENCE OFFICE. Arlington Exchange, Annie F. Nutter, Alice E. Anthony, Manager, Associates Building.

TO TRANSPORT SPIRITUOUS OR INTOXICATING LIQUORS UNDER PROVISIONS OF CHAPTER 421, ACTS 1906. George W. McClellan, 7 Webster Street; Wood Bros., 1 Water Street; Arthur M. Curtin, 963 Massachusetts Avenue; Jesse C. Fletcher, 32 Sawin Street; American Express Company, railroad station, Arlington.

No sixth class liquor licenses were granted during the year.

Attention is called to the financial statements and comparative tables herewith appended. For further detail of expenditures see Auditor's report.

PHILIP A. HENDRICK,
JACOB BITZER,
HERBERT W. RAWSON,

Selectmen.

GYPSY AND BROWN-TAIL MOTH DEPARTMENT

CLASSIFICATION OF EXPENDITURE AS TO CHARACTER OF WORK. JANUARY, 1910 TO JANUARY, 1911.

| | Labor | Materials | Sundries |
|---------------------------------|-------------------|-----------------|-------------------|
| Combing tanglefoot | \$29.25 | | |
| Cutting brown tails | 642.09 | | |
| Cutting and burning brush | 1,176.31 | \$3.00 | |
| Cutting dead trees | 67.50 | | |
| Crushing pupæ | 31.50 | | |
| Inspecting private work | 41.08 | | |
| Pruning trees | 179.63 | | |
| Spraying | 1,181.24 | 942.51 | |
| Storehouse labor | 115.69 | | |
| Treating nests | 1,861.41 | 39.75 | |
| Office supplies and printing | | | \$162.14 |

ANNUAL REPORT OF THE CHIEF OF POLICE

ARLINGTON, MASS., January 1, 1911.

To the Honorable Board of Selectmen.

Gentlemen: I have the honor to submit herewith my sixth annual report as Chief of Police for the year ending December 31, 1910.

The following tables show the work of the department for the year:

| | |
|-------------------------|-----|
| Total number of arrests | 246 |
| Males | 229 |
| Females | 17 |
| Juveniles | 20 |
| Residents | 121 |
| Non-residents | 125 |

Arrests were made for the following causes:

| | |
|--|----|
| Assault and battery | 13 |
| Assault with a dangerous weapon | 3 |
| Assault on officer | 1 |
| Bastardy | 1 |
| Breaking and entering | 2 |
| Breaking glass | 1 |
| Common drunkard | 6 |
| Cruelty to animals | 2 |
| Capias | 7 |
| Drunkenness | 81 |
| Disturbance of the peace | 20 |
| Disturbance on street car | 3 |
| Disturbance of school | 1 |
| Escaped prisoners | 5 |
| Giving short measure | 1 |
| Giving short weight | 1 |
| Giving a false alarm of fire | 4 |
| Having a loaded revolver without license | 1 |
| Indecent assault | 1 |
| Insane | 1 |
| Keeping unlicensed dog | 2 |
| Larceny | 14 |

| | |
|--|----|
| Lewd and lascivious cohabitation | 2 |
| Malicious injury to personal property | 9 |
| Non-support of wife | 2 |
| Operating a steam boiler without license | 1 |
| Runaway boy | 1 |
| Safe keeping | 8 |
| Stubborn child | 1 |
| Trespass and larceny of fruit | 4 |
| Using unsealed scales | 1 |
| Vagrancy | 2 |
| Violation of the Sunday law | 1 |
| Violation of the liquor laws | 3 |
| Violation of by-laws | 8 |
| Violation of milk laws | 1 |
| Violation of the law of the road | 1 |
| Violation of the automobile laws | 30 |

The above cases were disposed of as follows:

| | |
|--|----|
| Bound over to keep the peace | 2 |
| Complaints dismissed | 9 |
| Continued | 3 |
| Concord Reformatory | 1 |
| Danvers Hospital | 1 |
| Defaulted | 3 |
| Delivered to other officers | 16 |
| Delivered to parents | 2 |
| Discharged | 17 |
| Fined | 55 |
| House of Correction | 11 |
| House of Correction and sentence suspended | 4 |
| On file | 47 |
| Probation | 28 |
| Released | 38 |
| State Farm | 8 |
| Shirley School for boys | 1 |

Amount of fines imposed, \$780.

NATIVITY OF DEFENDANTS.

| | |

| United States | 147 |

The above number gave as their residences the following cities and towns:

| | |
|-------------------|-----|
| Arlington | 121 |
| Bedford | 1 |
| Boston | 20 |
| Belmont | 6 |
| Cambridge | 24 |
| Cincinnati, Ohio | 2 |
| Chelsea | 1 |
| Everett | 2 |
| Halifax | 1 |
| Ipswich | 1 |
| Lawrence | 3 |
| Lowell | 4 |
| Lexington | 12 |
| Lynn | 1 |
| Leominster | 1 |
| Laconia, N. H. | 1 |
| Malden | 3 |
| Melrose | 1 |
| Medford | 3 |
| Manchester, N. H. | 1 |
| Natick | 1 |
| Newton | 2 |
| New Bedford | 1 |
| Norwood | 1 |
| No Home | 4 |
| Plymouth | 1 |

| | |
|------------|----|
| Somerville | 16 |
| Stoneham | 1 |
| Worcester | 1 |
| Winchester | 6 |
| Westford | 1 |
| Woburn | 3 |

MISCELLANEOUS BUSINESS.

| | |
|---|-----|
| Accidents reported | 40 |
| Ambulance calls | 37 |
| Buildings reported vacant specially protected | 67 |
| Cases investigated | 533 |
| Dead bodies cared for | 4 |
| Defective electric lights reported | 365 |
| Defective electric wires reported | 32 |
| Defective water pipes reported | 9 |
| Defective gas pipes reported | 2 |
| Defective streets reported | 4 |
| Details for public assemblages | 5 |
| Dogs killed | 10 |
| Dogs reported lost | 28 |
| Disturbances suppressed | 12 |
| Fires extinguished without alarm | 7 |
| Fire alarms given | 3 |
| Glass in fire boxes reported broken | 39 |
| Injured persons assisted home | 16 |
| Injured persons assisted to hospitals | 16 |
| Lanterns in dangerous places | 55 |
| Lost children cared for | 18 |
| Messages delivered | 21 |
| Notices served for Selectmen | 15 |
| Notices served for Board of Health | 93 |
| Officers at fires | 40 |
| Obstructions in streets removed | 19 |
| Runaway teams secured | 3 |
| Sick persons assisted home | 6 |
| Sick persons assisted to hospitals | 10 |
| Stores found unlocked at night and secured | 124 |
| Stray teams cared for | 8 |
| Search warrants served for liquor | 1 |

| | |
|------------------------------------|------------|
| Value of property reported stolen | \$4,432.60 |
| Value of stolen property recovered | 4,178.00 |
| Wagon calls | 6 |

In addition to the definite results as given above that cannot be put down in figures, there is, of course, a great deal, both definite and indefinite, done by the police, that cannot be tabulated, so the facts and figures presented in this report cannot fully present the total work of the department.

I am glad to state that the necessity for arrests has been less this year than for a number of years past; by the constant vigilance of the patrolmen crimes of a more serious nature have been prevented, thereby making Arlington one of Massachusetts' cleanest towns.

THE POLICE SIGNAL SYSTEM.

27,236 duty calls and 796 telephone calls have been received at the station from officers while on duty on the streets.

The system still continues to give the utmost satisfaction; to give better police protection to outlying territory I still maintain that three additional boxes should be installed: one near the junction of Florence and Park Avenues, one on Lake Street near the railroad station, and one on Summer Street, near Dudley.

Boxes are now located as follows:

Box No.

- 12 Junction of Henderson and Massachusetts Avenue.
- 14 Junction of North Union and Broadway.
- 15 Junction of Tufts and Massachusetts Avenue.
- 141 Junction of Broadway and Massachusetts Avenue.
- 21 On Medford Street near Lawrence Field.
- 23 Junction of Mystic and Fairview Avenues.
- 31 Junction of Mill and Massachusetts Avenue.
- 32 Junction of Gray and Bartlett Avenue.
- 34 Junction of Pleasant and Kensington Road.
- 41 Junction of Grove and Massachusetts Avenue.
- 44 Junction of Forest and Massachusetts Avenue.
- 412 Near the car barns at Arlington Heights.
- 431 Junction of Westminster and Westmoreland Avenue.

I would recommend that the sum of \$9880 (the same as last

year) be appropriated for the maintenance of this department for the ensuing year.

In conclusion I desire to thank your honorable board and all other citizens who have assisted in promoting the welfare of the Town through this department, also the officers for their work in trying to uphold the good name of the Town.

Respectfully submitted,

THOMAS O. D. URQUHART,

Chief of Police.

ANNUAL REPORT OF THE CHIEF ENGINEER OF THE FIRE DEPARTMENT

ARLINGTON, MASS., January 1, 1911.

To the Honorable Board of Selectmen of the Town of Arlington.

Gentlemen: I respectfully submit my annual report of the Arlington Fire Department for the year ending December 31, 1910, giving details of the force, apparatus, record of alarms and fires, with amount of loss and insurance on property endangered, as near as possible to be ascertained; also appropriations and expenditures, together with recommendations and suggestions for the best interests of the department and town, and other information in connection with the same.

ORGANIZATION.

The number of companies is the same as last year: Three hose, one chemical and one ladder company. The chemical is run in connection with Hose 2 Company.

MANUAL FORCE.

The force consists of forty-eight men assigned as follows: One chief engineer, Walter H. Peirce, who has as first assistant T. J. Donahue and second assistant F. P. Winn. There are six permanent drivers as follows: D. J. Sullivan, Ladder Company No. 1; W. C. Mead, Chemical A; D. B. Tierney, Hose Company No. 2; G. W. Corbett, Hose Company No. 3; J. F. Sweeney, Hose Company No. 1; Patrick O'Brien, spare driver.

Hose Company No. 1 is manned by the following men: Robert Murry, captain; George N. White, lieutenant; George Baxter, Richard Jenkins, Samuel Crosby, treasurer; Daniel Hourty, William Slattery, substitute.

Hose Company No. 2 and Chemical A: J. W. Kenney, captain; George Finley, lieutenant; John Finley, treasurer; William Caniff, George Mead, Edward Mead, R. L. Austin, E. V. Gay, William Spires, John Tierney, T. W. Hurley, W. P. Dale, substitute.

Hose Company No. 3: F. W. Russell, captain; J. H. Harwood,

lieutenant; James Underwood, treasurer; Thomas K. Millett, E. L. Smith, John Millett, Warren Beers, John M. Hurley, Charles J. Donahue, George L. Brannan, substitute.

Ladder Company No. 1: E. J. Crowe, lieutenant; James McWilliams, Daniel Barry, treasurer; John Barry, E. H. Griffin, R. Kimball, James H. Hughes, John Donahue, William P. Luddy, Patrick Kearney, substitute.

SALARIES PAID THE DEPARTMENT.

| | |
|-------------------------------------|----------|
| Chief per year | \$300.00 |
| First assistant per year | 150.00 |
| Second assistant and clerk per year | 150.00 |
| One permanent captain and driver | 962.00 |
| Five permanent drivers per year | 936.00 |
| Three call captains per year | 85.00 |
| Four call lieutenants per year | 80.00 |
| Call men per year, each | 75.00 |

APPARATUS.

The department has three hose wagons, one relief hose wagon, one ladder truck, one chemical engine and two exercise wagons. There are ten hand chemicals, two Pyrenne extinguishers distributed on the several wagons. The outfit is all in good condition.

HOSE.

There are 7500 feet of $2\frac{1}{2}$ -inch cotton, rubber-lined hose in the department, most of which is in good condition. I believe it to be a good plan to buy a small amount of hose each year, when possible, and in that way your supply is kept up to the required amount. We have not been able to buy any this year on account of unforeseen demands on our appropriation.

HORSES.

There are at present nine horses in active service, and one which has been put out for his keeping; this one will never be able for fire service again; it has a good home and when not able to work will be put out of the way. This horse is at the farm of Peter C. Brooks, West Medford.

We have been unfortunate the past year with our horses, having lost two by sickness; one on Hose 3 died soon after the Fourth

of July from overexertion on that night. One of the horses on ladder truck was taken sick December 25 and died December 27 from an attack of peritonitis. Will have to buy a new horse as soon as possible.

The horses have consumed 1177 bushels grain, 44,379 pounds hay, 3367 pounds straw, at a cost of \$1,159.32, which makes the cost of each horse, per week, \$2.22.

BUILDINGS.

The buildings are practically in the same condition, excepting that they are one year older than last year. The building at the Heights was condemned by the building inspector the past season, and had to be re-enforced to make it safe for use, which was done to the satisfaction of inspector.

The building occupied by Hose 2 will be remodeled the coming season, and money has already been appropriated for the purpose.

The building on Broadway (Central Station) is in need of extended repairs, but do not think it advisable at present to expend much money on same, as with the introduction of motor fire apparatus the wants will be different.

The Committee appointed at annual Town Meeting last March, to investigate the fire protection of the Town, the redistributing of present apparatus and the addition of motor-drawn apparatus, made their report at November meeting. The Committee as appointed by moderator were Peter Schwamb, chairman; Walton H. Sears, clerk; James A. Bailey, Jr., Daniel Wyman, Robert J. Kelley.

This Committee, after careful consideration of the subject, make the following report: That the Town purchase at once one motor combination hose and chemical truck, to be located at Highland Hose House on Massachusetts Avenue, and that as soon as practicable, the rest of department be equipped with motor-drawn trucks. The Ladder truck now at Central Station be moved to Highland Hose House and the Chemical Engine A, now at Highland Hose House, be placed in Central Station in place of Ladder truck, by this arrangement the Committee feel that it will be to the advantage of department in protecting the Town, as the Ladder truck, which is a heavy affair, will be more centrally located and easier to respond to alarms.

At November meeting of Town this report was accepted, and the sum of \$5500 was appropriated for the purchase of auto chemical and hose truck, and also the sum of \$1000 for needed repairs on Highland Hose building made necessary by this change. A new Committee was appointed by the moderator to make the purchase of auto and make the changes recommended. The Committee consists: Peter Schwamb, chairman; Walton H. Sears, clerk; James A. Bailey, Jr., Daniel Wyman, Robert J. Kelley, Walter H. Peirce, chief Fire Department; T. J. Donahue, Frank P. Winn.

APPROPRIATIONS.

| | | |
|---|-------------|--------------------|
| The appropriations for year ending December 31, 1910: | | |
| General appropriation | \$11,600.00 | |
| Amount appropriated at November meeting | 200.00 | <u>\$11,800.00</u> |

EXPENDITURES.

| | | |
|------------------------|------------|--------------------|
| Permanent men pay roll | \$5,858.50 | |
| Call men and engineers | 3,225.00 | |
| Rent | 35.00 | |
| New horse | 290.00 | |
| Hay and grain | 1,159.32 | |
| Fuel | 264.50 | |
| Laundry | 42.30 | |
| Horse hire | 105.00 | |
| Light | 61.06 | |
| Blacksmith work | 196.90 | |
| Repairs | 214.76 | |
| Veterinary service | 58.50 | |
| Incidentals | 215.09 | <u>\$11,725.93</u> |
| Balance unexpended | | <u>\$74.07</u> |

For further details see Auditor's report.

FIRE ALARMS.

There have been 40 bell alarms, 51 still alarms and 2 out-of-town calls for help — Winchester and Boston. Out of the 40 bell alarms 10 have been false. The several companies have performed the following fire duty:

Hose 1 has answered 39 bell alarms and 14 still alarms, travelled

85½ miles, on duty 41 hours, laid 1200 feet of hose, and used 22 small hand chemicals.

Hose 2 and Chemical A have answered 40 bell alarms and 23 still alarms, travelled 148 miles, on duty 56 hours, laid 1650 feet of hose, used 25 large tanks of chemicals and 35 hand chemicals.

Hose 3 has answered 38 bell alarms and 18 still alarms, travelled 77 miles, on duty 42 hours, laid 5800 feet of hose, used 34 small hand chemicals.

Ladder Company No. 1 has answered 40 bell alarms and 2 still alarms, travelled 82 miles, on duty 39 hours, used 497 feet of ladders, used 6 small hand chemicals.

The alarms of fire were as follows:

LIST OF FIRES IN 1910.

January 5. Box 65, at 5.53 P.M. Dwelling house, 83 Appleton Street, owned by Mrs. H. C. Wright; occupied by W. F. Gay. Value of building, \$5000; loss on building, \$2739; insurance on building, \$5000; insurance paid on building, \$2739; value of contents, \$6500; loss on contents, \$6500; insurance on contents, \$4000; insurance paid on contents, \$4000.

January 8. Box 45, 9.44 P.M. Wooden hotel, owner D. Frank Ellis. Value of building, \$15,000; loss on building, \$200; insurance on building, \$12,000; insurance paid, \$200; value of contents, \$1500; loss on contents, none; insurance on contents, \$1300.

January 16. Still alarm, 5.05 P.M. Albemarle Street. Smoking salamanders on house under construction. No loss.

February 2. Box 65, 8.44 A.M. Harvard Street. Mistake of telephone operator, should have been Harvard Avenue, West Medford.

February 12. Box 15, 12.40 P.M. Wooden dwelling, 39 Winter Street, owned by William Coughlin. Value of building, \$2500; loss on building, \$25; insurance on building, \$2500; insurance paid on building, \$25; value of contents, \$1000; loss on contents, \$35; insurance on contents, \$800; insurance paid on contents, \$35.

February 14. Box 26, 8.27 A.M. Wooden dwelling, 29 Lewis Avenue, owned by Joseph Mahoney. Value of building, \$2500; loss on building, \$25; insurance on building, \$2500; insurance paid on building, \$25; value of contents, \$1000; loss on contents, \$10; insurance on contents, none.

March 12. Box 46, 2.56 P.M. Grass fire on land of D. Irwin. No loss.

March 13. Still alarm, 4.10 P.M. Grass fire on land of Squires' Real Estate Trust. No loss.

March 16. Still alarm, 11.03 A.M. Grass and brush on land of J. S. Crosby. No loss.

March 18. Box 26, 10.54 P.M. False.

March 19. Box 28. Woods on Oak Street. No loss.

March 19. Still alarm, 6.45 P.M. Grass fire on Russell Estate, Medford Street. No loss.

March 19. Still alarm, 6.10 P.M. Robbins Road; wooden dwelling, H. B. Parke. Needless.

March 20. Still alarm, 11.30 A.M. Grass fire on estate, H. J. Locke. No damage.

March 21. Still alarm, 1.45 P.M. Grass fire, Brattle Park. No damage.

March 21. Still alarm, 3.11 P.M. Grass fire, land of Patterson and Henderson, Mystic Street.

March 22. Still alarm, 8.10 A.M. Wooden building on Park Avenue, owned by Circle Associates. No loss.

March 23. Still alarm, 10.40 A.M. Grass fire, Paul Revere Road. No damages.

March 24. Box 23, 11.26. Salt hay on land of J. Barry. No loss.

March 24. Still alarm, 11.00 A.M. Brush fire on Forest Street. No damage.

March 25. Box 43, 5.08 P.M. Grass fire, Grove Street, land of Catherine Casey. No loss.

March 25. Still alarm, 11.45 P.M. Pile of rubbish; Pond Lane. No damage.

March 26. Still alarm, 12.35 P.M. Grass fire; Summer Street.

March 26. Still alarm, 12.45 P.M. Brush fire; Forest Street. No loss.

March 27. Still alarm, 6.00 P.M. Grass fire; Park Avenue Extension. No loss.

March 29. Still alarm, 11.45 A.M. Brush fire; Hillside Avenue; land of T. A. Manley.

March 29. Still alarm, 10.45 A.M. Grass fire; Bartlett Avenue. No loss.

March 29. Box 54, 12.30 P.M. Grass fire; Crescent Hill Avenue. No loss.

March 29. Still alarm, 2.26 P.M. Grass fire; Park Avenue Extension. No loss.

March 29. Still alarm, 3.31 P.M. Grass fire; Park Avenue Extension. No loss.

March 30. Still alarm, 12.30 P.M. Grass fire; Massachusetts Avenue; estate H. J. Locke. No loss.

April 2. Still alarm, 10.05 A.M. Grass fire; Crescent Hill Avenue. No loss.

April 3. Still alarm, 2.45 P.M. Grass fire; Lowell Street; land of C. W. Schwamb.

April 4. Still alarm, 11.15 A.M. Grass fire; Park Avenue. No loss.

April 4. Still alarm, 9.23 A.M. Fire in dump off Pond Lane. No loss.

April 5. Still alarm, 12.00 M. Fire in dump; Park Avenue, on land of Lloyd Coal Company.

April 6. Still alarm, 2.11 P.M. Grass fire; Hillside Avenue. No loss.

April 12. Still alarm, 6.45 P.M. Dump on Academy Street.

April 13. Still alarm, 7.55 P.M. Board fence off Forest Street.

April 27. Still alarm, 8.40 P.M. Grass fire; Park Avenue. No loss.

May 15. Box 31, 11.40 A.M. Wooden dwelling, 30 Brantwood Road, owned by Mrs. H. Elliott; caught on awning from cigar. Value of building, \$7000; insurance on building, \$7000; insurance paid on building, \$370; loss on building, \$370; value of contents, \$3000; insurance on contents, \$2500; insurance paid on contents, \$50; loss on contents, \$50.

May 6. Still alarm, 9.45 A.M. Wooden dwelling; fire on piazza roof; no loss; owned by F. J. Allen, 45 Mt. Vernon Street.

May 26. Still alarm, 4.40 P.M. Grass fire; 1060 Massachusetts Avenue. No loss.

June 10. Still alarm, 12.15 M. Chimney fire; house of D. Reardon, Lowell Street. No loss.

June 10. Box 71, 4.50 P.M. Wooden dwelling, 97 Sylvia Street, owned by Simon Finn; caused by oil stove. Value of building, \$2500; insurance on building, \$3000; loss on building, \$10; insur-

ance paid on building, \$10; value of contents, \$1200; insurance on contents, \$1000; insurance paid on contents, \$25; loss on contents, \$25.

June 18. Box 15, 4.44 P.M. False.

June 24. Still alarm, 4.39 P.M. Electric car on Broadway. No damage.

July 4. Box 14, 3.43 A.M. False.

July 4. Box 46, 4.15 A.M. False.

July 4. Box 24, 4.27 A.M. False.

July 4. Still alarm, 4.40 A.M. Pile of boards on Broadway, near River Street. No loss.

July 5. Box 26, 11.11 A.M. Grass fire on Russell Estate, Medford Street. No loss.

July 6. Box 46, 3.05 P.M. Grass and brush, land of D. Irwin's, off Brattle Lane. No loss.

July 6. Box 26, 4.52 P.M. Grass fire, Russell Estate, Medford Street. No loss.

July 6. Still alarm, 12.15 P.M. Grass and brush on land of D. Irwin; Brattle Lane.

July 7. Box 46, 10.33 A.M. Grass and brush on land of D. Irwin; Brattle Lane. No loss.

July 7. Box 46, 3.49 P.M. Grass and brush on land of D. Irwin. Brattle Lane. No loss.

July 23. Box 71, 9.15 A.M. Wooden building used as carpenter shop, 1511 Massachusetts Avenue; owned and occupied by Robert McDonald. Value of building, \$900; insurance on building, \$1500; insurance paid on building, \$150; loss on building, \$150; value of contents, \$2500; insurance on contents, ; loss on contents, \$50.

July 25. Still alarm, 5.15 P.M. Call for help from Winchester on Turkey Hill.

July 28. Box 45, 8.01 P.M. Wooden building owned by J. J. Bowler, 22 Brattle Street; used as store; caused by lantern explosion. Value of building, \$400; insurance on building, \$200; insurance paid on building, \$5; loss on building, \$5; value of contents, \$300; insurance on contents, none; loss on contents, none.

July 31. Box 31, 4.45 P.M. False.

August 9. Special call from City of Boston for help, 8.00 P.M. Hose 2, under command of Assistant-Chief Donahue, responded,

reported at Albany Street fire, and was sent to High Street to another fire, which was in progress, where they did good service; hours on duty 4.

| | |
|-----------------------------------|-------------|
| Value of buildings endangered | \$78,700.00 |
| Insurance on buildings endangered | 69,550.00 |
| Loss on buildings | 5,028.00 |
| Insurance paid on buildings | 4,508.00 |
| Value of contents | 56,550.00 |
| Insurance on contents | 38,450.00 |
| Loss on contents | 7,455.50 |
| Insurance paid on contents | 4,385.50 |

RECOMMENDATIONS.

I recommend the appropriation of \$11,600, the same as last year, for the maintenance of the Fire Department, for the ensuing year. As we are about to install one auto truck this coming season, the saving, if any, in maintenance, will be impossible to tell at this date, therefore think it best to have this amount.

By the addition of auto truck, the east end of Town will be given all the added protection needed at present.

CONCLUSION.

In closing my report I respectfully thank your honorable board for the courteous manner in which they have received me in my official capacity. I also wish to thank all other officials of the

Town, who have so willingly given their services, when called upon. To my assistants and members of the department my thanks for the able manner in which they answered all demands made upon them, making the work of the department a great benefit to the Town, and a pleasure to command such a force.

Respectfully submitted,

WALTER H. PEIRCE,

Chief.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

ARLINGTON, MASS., December 31, 1910.

To the Honorable Board of Selectmen.

Gentlemen: I herewith respectfully submit my fourth annual report of the services of this department, for the year ending December 31, 1910.

| | |
|--|------|
| Number of scales, weights and measures sealed | 2241 |
| Number of scales, weights and measures condemned | 67 |
| Total | 2308 |
| Number of milk jars sealed | 9013 |
| Number of milk jars condemned | 97 |
| Total | 9110 |
| Weights found incorrect and adjusted | 151 |
| Scales found incorrect and adjusted or repaired | 87 |
| Pumps having measuring devices adjusted | 14 |
| Total | 252 |
| Weights condemned | 9 |
| Scales condemned | 11 |
| Measuring pumps condemned | 4 |
| Slot weighing machines condemned | 3 |
| Liquid measures condemned | 6 |
| Dry measures condemned | 11 |
| Total condemned | 44 |
| Number of visits made to stores | 251 |
| Weighed out packages tested at stores | 296 |
| Number of complaints of short weights and measures | 23 |
| Number of inspections of milk jars in use on milk teams | 53 |
| Number of complaints of short weights and measures investigated | 21 |
| Number of inspections of scales and measures used by junk collectors, hawkers and peddlers | 81 |
| One thousand and twenty-four scales, weights and measures | |

were inspected, sealed or condemned at place of business, and statutory fees of \$37 were received, and the same being paid to the Town Collector. The remainder of the sealing was done at the office, for which no fees were charged, in accordance with Chapter 65, Section 35, of the Revised Laws.

Of the twenty-one complaints investigated, nine (mostly ice) were found to be imaginary, five were caused by defective scales, which were promptly adjusted, sealed or condemned, while the remaining seven were distinct cases of carelessness or dishonesty. On two cases of short weight, I summoned the dealer into court. The annual report to the State Commissioner of Weights and Measures as required by law was made in November, of the work done up to November 15.

STORE INSPECTION.

Of the two hundred and ninety-six packages tested during the year, forty-four were found short. Of this number twenty-three were put up by manufacturers, and dealers outside the Town. The adjusting and correcting of many scales and weights which for various reasons had varied beyond the legal standard has resulted by the store inspections.

Last summer I condemned four cases of ice cream boxes for short measure. In justice to the local dealers, there were no intentions on their part to defraud. They purchased the boxes supposing them to be the proper size. As these boxes are made by cutting with a die, and pasting upon a mould, it was necessary to measure but a few to determine how the entire lot stood. The manufacturers changed their dies, and sent samples that were up to the standard. Boxes under the law are not legal measures, and a dealer is liable to prosecution if he fails to put the required amount of ice cream or other commodity into a box, even though the cubical contents of the box may be equivalent to the amount by weight or measure.

COAL INSPECTION.

| | |
|--|-----|
| Loads of coal and certificates of weights examined | 227 |
| Loads weighed | 11 |
| Loads found short | 4 |
| Bags of coal weighed | 31 |
| Bags found short | 3 |

As required by law, a certificate properly made out was found with all loads examined.

The shortage on the four loads was 61 pounds on 6000 net; 74 pounds on 7000 net, 90 pounds on 7500 net, and 110 on 8000 net.

The shortage on the bags was all on one load. On the same load were bags overweight, offsetting the shortage on the three bags.

Three loads were weighed upon complaint, but showed an error in favor of the purchaser. The shortage on the four loads was caused, the dealers claim, by the long haul from the city. As the four loads were from reputable firms, advice seemed the proper remedy. Loads from the same firms were weighed afterwards, and showed the required amount.

MISCELLANEOUS.

Laws passed by the State Legislature affecting Sealers are the ones providing for the sealing of milk jars at the factories, when manufactured outside the State, and one placing Sealers in the Classified Civil Service. When dealers buy new scales, weights or measures, if they would bring them to the Sealer's office first, before putting them in use, they would stand no chance of being prosecuted for using them without being sealed by the Local Sealer.

Merchants should have such scales that are subject to variation more frequently tested, bearing in mind that they are at all times held responsible for correct weights and measures, whether their scales, weights and measures have been recently sealed or not.

In conclusion, I wish to express my sincere appreciation to the Town officials and citizens, who have assisted me in various ways in the discharge of my duties.

Very respectfully submitted,

CHARLES F. DONAHUE,

Sealer of Weights and Measures.

REPORT OF THE INSPECTOR OF BUILDINGS

To the Honorable Board of Selectmen, Arlington, Mass.:

I herewith submit report of the inspection of buildings for the year 1910. One hundred and thirty permits were issued covering work classified as follows:

| | | |
|---------------------------|-----------|-----------------|
| Dwellings, one family | 45 | \$171,300 |
| Dwellings, two families | 39 | 193,200 |
| Dwellings, three families | 3 | 17,900 |
| Additions and alterations | 21 | 24,650 |
| Stables and sheds | 19 | 10,075 |
| Block of stores | 1 | 7,000 |
| Ten-apartment house | 1 | 40,000 |
| Schoolhouse | 1 | 50,000 |
| | <hr/> 130 | <hr/> \$514,125 |

Two buildings have been condemned, and several cellar walls had to be taken down and rebuilt.

Respectfully submitted,

WILLIAM GRATTO,

Inspector of Buildings.

REPORT OF INSPECTOR OF ANIMALS

ARLINGTON, MASS., January 1, 1911.

To the Honorable Board of Selectmen of the Town of Arlington.

Gentlemen: I have the honor herein to submit to you my annual report as Inspector of Animals for the year ending December 31, 1910.

During the year I have found five cases of glanders in horses. In making the regular fall inspection, I have inspected one hundred and fifty-five cows, six hundred and twenty-eight hogs, and examined the condition of sixty-two stables wherein these animals were stabled. In all cases the proper papers were given to the owners.

Respectfully submitted,
LAURENCE L. PEIRCE, M.D.V.,
Inspector of Animals.

REPORT OF TOWN PHYSICIAN

ARLINGTON, MASS., January 9, 1911.

To the Honorable Board of Selectmen.

Gentlemen: I have the honor to submit my report as Town Physician for the year 1910.

| | |
|---|----|
| Number of house visits | 73 |
| Number of office calls | 52 |
| Number of emergency calls at Police Station | 14 |

The above list includes six minor accidents of one sort or another, exclusive of those seen at the Police Station; two cases of insanity, one of pulmonary tuberculosis, one medico-legal case and one birth. Two patients were sent to the hospital, one suffering from rheumatic fever and the other from diphtheria. In connection with the latter case I wish to commend the prompt and energetic way in which the Board of Health co-operated — and, I may say, always does co-operate — with the physician in an affair where promptness is imperative.

I join most sincerely in the general feeling of loss over the death of Mr. Freeman. The Town Physician naturally meets frequently the Clerk of the Overseers of the Poor. I always found Mr. Freeman courteous towards myself, conscientious and considerate towards those he had in charge.

Respectfully submitted,
MERRILL EDWIN CHAMPION, M.D.,
Town Physician.

REPORT OF THE TRUSTEES OF THE ROBBINS LIBRARY.

To the Town of Arlington:

The trustees of the Robbins Library submit their annual report. The circulation of books shows a loss of 708, 44,179 for 1910 as against 44,887 for 1909, and in the Children's Room 12,498 for 1910 as against 12,506 for 1909, a loss of eight. The average daily attendance in the Children's Room has risen from 24 to 25; that of the Reading Room shows a gain of 56 against 49 in 1909. The stack room continues to be used by students and scholars, the number of books taken home for examination being 29,238 for 1910 as against 30,145, and 2578 periodicals as against 2908 for 1909, a loss of 330.

The transfer of the branch library at Arlington Heights to the Locke Schoolhouse, which we noted in our last report, has given general satisfaction. We have increased the list of periodicals and added quite a number of reference books, but it should be distinctly understood by the citizens of the Town that the increased cost of maintaining the Arlington Heights Branch simply means a smaller number of books purchased for the town as a whole, *unless* a special appropriation be made for the support of the branch, thus releasing for the purchase of books money now employed for the convenience of the citizens of the upper end of the Town.

We have rewired the basement and attic of the Library, including the art gallery, thus completing the task begun some years ago of substituting an entirely new system of electric lighting in place of the old one which was worn out and no longer safe. We are now able to open to the inspection of the Town in our well-lighted art gallery the splendid collection of engravings presented to the Library by the late Winfield Robbins. The pictures which have been framed and hung upon the walls are only a part of Mr. Robbins's gift, and will excite the gratitude and pride of every citizen.

Arlington is indeed fortunate to be the owner of this magnificent collection. Mr. Robbins's death, at Nice, November 5, 1910, removed a warm and generous friend of the Library, but it made

known to the citizens of the Town his splendid munificence in the gift of a Town Hall.

On the 6th of June the Trustees voted, as a vacation privilege, that two-week books might be drawn for four weeks from June 20 to August 31 without returning the card, provided that the intention of using this privilege is given when the books are taken. One hundred and nineteen books were thus taken.

On the 6th of September, 1910, our janitor, Mr. Edward Mears, passed away after a long and faithful service of nearly eighteen years. Mr. William T. Canniff was appointed in his place.

During the summer the Library was thoroughly cleaned by the new vacuum process, under the direction of Mr. John L. Ennis.

The Library has been enriched by gifts of Miss Ethel Wellington of the plaster cast of the Madonna and Child, and of bronze busts of Washington and Franklin from Mr. Winfield Robbins; also by the gift of several books by Mr. Robbins, twenty volumes from the Arlington Heights Study Club, and other books from Miss Caira Robbins, Mrs. E. C. Turner, Mrs. Peter Schwamb, N. C. Lombard, J. D. Greene, J. C. Melvin and others.

The editors of the *Advocate* have continued to send us a file of that paper.

Exhibitions of photographs, etc., have been given in addition to those reported hitherto:

January. No. 105. Old Boston.

January and February. No. 106. Famous Pictures, No. 3.

February. No. 107. Ireland, No. 1.

March. No. 108. Representative Art of Our Time.

March and April. No. 109. Boydell's Illustrations of Shakespeare, Part II.

April and May. No. 110. Norway, No. 2.

May. No. 111. Medici Women in France, England and Spain.

May and June. No. 112. Concord and the Concord Fight, April 19, 1775.

June and July. No. 113. Modern English Photogravures.

July. No. 114. Italian Fountains.

September. No. 115. Etchings by William Unger. No. 1 Dutch Art.

September and October. No. 116. Historic Dress in America.

October and November. No. 117. Jamaica.

November. No. 118. Town of Amesbury, Mass.

November and December. No. 119. Naples, No. 1. From Naples to Paestum.

Respectfully submitted,

SAMUEL C. BUSHNELL,
E. NELSON BLAKE,
CYRUS E. DALLIN,
CHARLES E. KEEGAN,
JAMES P. PARMENTER,
ARTHUR J. WELLINGTON,
Trustees.

LIBRARIAN'S STATEMENT.

TUESDAY AND SATURDAY.—1.30 to 6, 7 to 9 P.M.

THURSDAY.—3 to 6, 7 to 9 P.M.

AUGUST.—Open on Saturdays *only*.

Closed on holidays.

Books left at the Reading Room on *Tuesday and Saturday* between the hours of 1.30 and 3.30 P.M. will be exchanged, and books will be ready for delivery from 7 to 9 P.M. of the same day.

A limited number of books are now kept at the Heights Reading Room and may be circulated from there.

*Given to the Library.

We have received reports or bulletins, or both from the public libraries of the following places: Andover (Memorial Hall Library); Baltimore, Md. (Enoch Pratt Free Library); Boston, Brookline, Cambridge, Canton, Chelsea (Fitz Public Library); Clinton (Bigelow Free Public Library); Everett (Shute Memorial Library); Hartford, Conn.; Helena, Mont.; Lexington (Cary Memorial Library); Malden; Manchester, N. H.; Massachusetts (Free Public Library Commission); Milton; Monmouth, Ill. (Warren County Library and Reading Room Association); Natick (Morse Institute Library); New York; Newton; Northampton (Forbes Library); Philadelphia, Pa.; Providence, R. I.; Salem; Somerville; Stoneham; Syracuse, N. Y.; Taunton; Wakefield (Beebe Town Library); Watertown; Wilkes-Barre, Pa. (Osterhout Free Library); Winchester; Woburn; Worcester.

Respectfully submitted,

ELIZABETH J. NEWTON,

Librarian.

Arlington, December 31, 1910.

REPORT OF THE SCHOOL COMMITTEE

To the Town of Arlington:

The condition of our schools at the close of the year covered by this report, is such as to furnish occasion for congratulation. Though seriously hampered by lack of accommodations for our rapidly growing school population, marked progress has been made in unifying the whole course of studies so as to economize space in the buildings and the time of both teachers and pupils, thus accomplishing a financial saving to the Town, without any sacrifice of efficiency. It will take at least two years more to successfully work out these plans, but in the end they will be justified.

The school buildings are generally in excellent condition, and the Town has reason to be proud of its equipment, and with the completion of the new Crosby School addition, which will be available by next September, it will be possible to meet fully the needs of that growing section for several years.

But while we may congratulate ourselves on the present achievements, we can not overlook the fact that the current of events is sweeping toward us many new problems, some of which are already at hand.

ACCOMMODATIONS.

The development of property in the centre of the Town promises serious embarrassment in accommodating the pupils of the Russell and Parmenter districts. Already these buildings are filled to their capacity, and the relief which will come to the Russell from the addition to the Crosby is slight, and at best, but temporary.

With the removal of a large part of the ninth grade from the High School building, it has been possible to accommodate the regular High School classes during the present year, but next year, with the ninth grade entirely removed, it is going to be difficult if not impossible to provide for all in the present building. The situation will be made clear by a study of the following

figures, showing the growth of our High School in the last six years, including the present.

| | 1906 | 1907 | 1908 | 1909 | 1910 | 1911 |
|---------------------|-------|-------|-------|-------|-------|------|
| Average membership: | 162.9 | 169.3 | 195.6 | 239.7 | 291.3 | 340 |

Showing a gain of more than one hundred per cent in the sixth year.

We have accommodations in the building for seating 382 pupils, and if the same rate of increase is continued, and the probabilities are that the rate will be enlarged, with the opening of new transit facilities, we can not expect less than 400 applicants next September, and the following year we shall be overwhelmed.

To meet these conditions, it would seem that the next step must be the generous enlargement of our High School building, which, if properly done, could be made not only to provide for the demands of the High School, but would place at our disposal several rooms which could be used until the High School required them, for the relief of the Russell and Parmenter districts.

So pressing is this matter, that the Town, at its coming annual meeting, should arrange for the preliminary steps leading to an enlargement of our High School building, to be ready for occupancy not later than September 1912.

EXPENSES.

With the growth of our schools both in number and efficiency, there must of necessity be a growth in the expense of maintaining them. What may be called a revival of interest in the public schools, which is now taking place, makes new requirements upon teachers, and tends to increase their needs and just demands in the way of increased salaries. It is the policy of the Board to secure and keep the best possible teaching force, and to do this it is necessary to meet the movement of other places, by a gradual enlargement of pay, and by showing to our teachers a disposition to give them fair and generous treatment. This is only just to this class of most devoted and valuable public servants. They deserve much at the hands of the community which entrusts to them its most valued possessions, the lives and characters of its children. Still further, the policy of the Board in placing over the larger Grammar Schools male principals, adds to our tax. But this policy has so completely justified

itself, that it should be continued as opportunity offers. With the opening of the new Crosby addition and the increase in the High School, at least five new teachers will be required, at an estimated expense of thirty-four hundred dollars, and with the establishment of evening schools of which further mention will be made, there will be a further demand of one thousand dollars.

While it appears that there has been a very rapid increase in the expense of our schools to the Town, we desire the citizens to consider the fact that the gain has been due entirely to the enlarging population and not to extravagance in administration. This will appear in an examination of the figures for the past five years. While our school population has increased $23\frac{3}{10}$ per cent, the per capita cost per pupil for education is less to-day than it was five years ago, in spite of the fact that we are giving better accommodation, better teaching, and producing better results.

Cost per pupil in average membership, including administration, teaching and repairs on buildings.

| 1906 | 1907 | 1908 | 1909 | 1910 |
|---------|---------|---------|---------|---------|
| \$34.28 | \$34.40 | \$34.18 | \$34.05 | \$34.12 |

And this cost is just about that of the average of the other towns of approximately the same size, throughout the State.

EVENING SCHOOLS.

Arlington, having reached a population of over ten thousand inhabitants, is now obliged under the law of the State (Sec. 11, Chap. 200, Acts of 1906), to "maintain evening schools for the instruction of persons over fourteen years of age in orthography, reading, writing, the English language and grammar, geography, arithmetic, industrial drawing, both free hand and mechanical, the history of the United States, physiology, hygiene, and good behavior. Such other subjects may be taught in such schools as the School Committee consider expedient."

This matter has been under advisement, and preparations are being made to open such school next October.

VACATION SCHOOLS.

Through the generosity of some of our citizens, a Vacation School was provided last summer, which our superintendent

generously took charge of, and the results, some of which appear in the Superintendent's Report, fully justified the experiment. Other towns and cities are giving much attention to this important matter, and making the necessary appropriations to establish these schools as a part of the system of education, and finding that there can be no more wise expenditure of money and effort than in grasping this opportunity to shape the character as well as to drill the minds of our future citizens. It is desirable that at the earliest possible date, these schools be made a part of the educational plans of the Town.

USE OF SCHOOL BUILDINGS.

Wider and wider extends the demand on the part of the people for the larger use of the school buildings for the benefit of the community to which they belong. In many cities and towns the buildings are in almost constant use, for study, lectures, experimental work, gymnastic exercises and amusements of the better kind, and it is found that in general the public takes very good care of its own property, and gets much good from it. There is not the occasion in Arlington for such use of our buildings as in places where the population is more congested, or made up of those who have been deprived of the advantages of the schools and homes; at the same time, it is the policy of the Board to give due consideration to this matter, and so far as is possible, allow the buildings to serve public needs.

THE SPY POND ATHLETIC FIELD.

The playground which the Town is so fortunate as to possess has proven a most valuable asset in the development of the young life of the community. In the report of our superintendent appear some of the details of its management and results. That it has proven a success has been due not so much to its own excellence and opportunity, as to the careful supervision which has made it a means to a moral uplift as well as the physical development. The Town should get the most out of this fine plant, by placing over it a trained director, and giving it an adequate financial support.

The committee desires to repeat its invitation to all the citizens of Arlington, to co-operate with the committee, the superintendent,

and all the teachers, in the work we are trying to do for the coming generation of citizens. We welcome suggestions, and urge a keener interest on the part of parents especially in the training of their own children.

FREDERICK A. BISBEE,
Chairman.

REPORT OF SUPERINTENDENT OF SCHOOLS.

To the School Committee of Arlington:

The rules of the School Committee require that the Superintendent shall prepare and present at the January meeting of the Board for publication, an annual report of the condition of the schools for the year preceding, together with such suggestions and statistics as he may deem worthy of consideration. In compliance with these rules, I hereby present this, my sixth report, for the school year, 1909-10.

The year just closed has been distinctly one of achievement. Far reaching changes in the courses of study and in administration in the High School have been made; the athletic interests of the school have been reorganized; the new playground has been dedicated, and work upon it, in a measure, organized; manual training has been extended into the High School; a vacation school has been maintained under the patronage of the school department, though supported wholly by private funds; the system of marking report cards has been changed and made uniform; increased accommodations in the Crosby district have been secured; increased interest in the physical welfare of school children has been aroused; fruitful efforts to administer to the needs of individual children have been made; and the intelligent and sympathetic interest in the schools on the part of the community has been strengthened.

SCHOOL ENROLLMENT.

Because of the demands for additional school accommodations which must be considered at once, I present this table, showing the growth, year by year, both in total membership and average membership.

The tables, in so far as they show growth in districts, are somewhat misleading because of changes in district lines and the removal of a large part of the ninth grade from the High School to the Locke School, which occurred last year.

The terms, total membership and average membership, may bear a word of explanation. The total membership includes all the different pupils who have attended the schools of the Town during the school year. A pupil transferred from one school in the Town to another would be counted but once in the total enrollment. When a pupil has been absent for ten consecutive days, for any reason, he becomes a non-member, and is therefore cast out in reckoning the average membership. A pupil leaving school, while counted for the year in the total membership, is at once counted out from the average membership.

TOTAL MEMBERSHIP.

1905-1910.

| | 1905 | 1906 | 1907 | 1908 | 1909 | 1910 |
|--------------|-------------|-------------|-------------|-------------|-------------|-------------|
| High | 168 | 174 | 188 | 218 | 264 | 305 |
| Ninth Grades | 115 | 100 | 137 | 132 | 127 | 77 |
| Crosby | 300 | 293 | 308 | 322 | 350 | 393 |
| Cutter | 292 | 323 | 355 | 350 | 358 | 316 |

| | <u>1861</u> | <u>1930</u> | <u>1969</u> | <u>2093</u> | <u>2166</u> | <u>2262</u> |

AVERAGE MEMBERSHIP, 1905-1910.

| | 1905 | 1906 | 1907 | 1908 | 1909 | 1910 | <i>Increase</i> |
|--------------|---------------|---------------|---------------|---------------|---------------|---------------|-----------------|
| High | 153 | 162.9 | 169.3 | 195.6 | 239.7 | 291.3 | 90.4% |
| Ninth Grades | 99.8 | 91 | 124.4 | 123.2 | 120.9 | 45.4 | *14.4% |
| Crosby | 260.1 | 255.5 | 267.3 | 283.1 | 308.4 | 342 | 31.5% |
| Cutter | 270.1 | 293.6 | 324.4 | 320.3 | 322.8 | 270.3 | |
| Locke | 315.1 | 353.6 | 313.2 | 346.6 | 344.1 | 455.6 | 44.6% |
| Russell | 469 | 455.2 | 466.2 | 486.8 | 495.2 | 502 | 7% |
| Parmenter | 94.9 | 107.4 | 113.6 | 128.7 | 111 | 111.4 | 17.4% |
| | <u>1662.0</u> | <u>1719.0</u> | <u>1778.2</u> | <u>1883.4</u> | <u>1942.1</u> | <u>2048.0</u> | |

*Loss.

From this table it appears that the net gain in the entire Town for the past five years, based on the average membership, has been 386 or 23.3%. To this gain the High School has contributed 138, or 38%; the Locke 140, or 39%; the Crosby 82, or 21%.

The Cutter district has grown, but this does not show in the table because of the transfer of certain streets from the Cutter into the Locke district. The apparent decrease in the ninth grade is due to the opening of two rooms for grade nine in the Locke which are included in the Locke School numbers.

In this connection it is interesting to note that while the elementary schools as a whole have increased 16.4%, the High School has gained 90.4%.

The average membership for the month of December, 1910, shows a further increase of 125 pupils over that of a year ago, proving that our growth is at a constantly increasing rate.

SCHOOL ACCOMMODATIONS.

Your chairman has spoken of the numbers and needs in the High School. Next year, there can be no ninth grade pupils in the High School building, so the pupils from the Russell School will be obliged to go to either the Locke or Crosby for their last year of grammar school work. This is unfortunate but unavoidable. It is the result of the wise decision of the committee, appointed by the Town to look into the matter of additional school accommodations, that the greatest present need is in the Crosby district. This arrangement will continue until there are additional school accommodations in the Russell district or in the High School building.

Because of the congestion in the Russell School, we have a fifth grade in the Parmenter School this year. This has made it necessary to divide one class so that two teachers have large classes and two grades. These conditions make the most effective work difficult. With the growth in the Parmenter district so marked, it is doubtful if we can continue this arrangement another year.

In the Locke building all of the rooms except two are now used by classes. It is but a matter of a very few years when the Arlington Heights Branch Library will have to find other quarters. The first graduation of a grammar school class from the Locke

School occurred in June, and was the occasion for much local appreciation. The program may be found appended to this report. At the end of the present school year the Crosby School will have its first graduation exercises, while at the High School will be held probably the last of these exercises, at least until we have a much enlarged High School plant.

The furnishing of suitable school accommodations is an obligation which no town can escape, and the better the town the more alert it is in anticipating demands which are unavoidable.

PROMOTIONS.

In my report for the year 1906 I wrote as follows:

"In the nine grades in our Grammar Schools, two hundred and twelve children failed of promotion last June (1906). That means that two hundred and twelve children actually lost a year of their school lives. This is very serious. On giving the matter careful thought you will doubtless agree that there is something radically wrong with a system in which fourteen and four tenths per cent of the children fail of promotion. Either the standard is too high or children get too little individual help. The standard is not too high, but the latter charge is true, and it seems, under our present system, to a certain extent unavoidable.

"The most just criticism of our graded school system is its deadly uniformity. 'Forty to fifty pupils are in lock step, and the rate of advance is determined by the average third. The bright pupils who might do double the work are repressed, while those whom nature has not so highly favored are either forced beyond their natural capacity or left at the end of the year hopelessly behind. The individual is lost sight of in the mass.'

"If all the children who were kept back this year (1906) remain in school an extra year, as will result to all those who go through the grammar grades, it means a cost to the Town for their instruction of over \$6000. Not all, however, do remain. Many drop out discouraged. If any plan can be devised to save this extra year for the pupil and for the school, it would be not only of immense value to the slow child, but a great saving in expense to the Town.

"It is apparent that our schools need a plan of some sort to

secure the promotion of pupils when they are ready for it and to prevent the deadening repetition of a whole year's work."

Since then, we have made every endeavor to reduce the number of repeaters with the following results; held back: In 1906, 14.4 per cent; 1907, 13.4 per cent; 1908, 12.5 per cent; 1909, 11.8 per cent; 1910, 10.5 per cent.

These results are gratifying in a measure, but I feel that it is possible to still further reduce our figures. Teachers have done their best to help backward pupils, but the demands upon the teachers' time for the five hours of school are tremendous. They must look after not only the naturally backward ones and help those who have been absent to catch up with the others, but also plan extra work for the bright ones and give them an opportunity to advance at a more rapid rate. When a teacher has a class of thirty or thirty-five pupils she can do all this, but if, as was the case in some schools last year, the teacher has fifty children or thereabouts, her task is well-nigh impossible. In one school in the first four grades last June there were one hundred ninety-nine pupils taught by four teachers, the numbers arranged as follows: Grade I, 53; Grade II, 50; Grade III, 50; Grade IV, 46. That the teachers worked faithfully I know from observation, but thirty-nine children, 19.6 per cent, failed of promotion. In another school the total for the corresponding four grades was 144; arranged in the order of grades the numbers were 33, 38, 38, 35. The teachers worked no more faithfully than in other schools yet found it necessary to keep back but fourteen, or 9.7 per cent.

This year we are organizing the work with the backward children more carefully. When the report cards are made out, which is done bi-monthly, all pupils whose promotions are in any way doubtful are reported to the principal, who investigates every case separately to find the cause of the backwardness. He then consults with the teacher and, if necessary, with the parent as to what may be done to improve the child's scholarship. The results of this work are reported to the superintendent. I have in my hands now reports on more than 250 backward children. The chief causes for their backwardness are irregular attendance, defective hearing, adenoids and enlarged tonsils, smoking, use of tea and coffee, malnutrition and lack of mental capacity. A few of the reports, names omitted, read as follows:

Boy—Grade IX: Age, 15 years, 10 months; repeated Grades IV and V; gets too little sleep, runs elevator evenings; has smoked from early age; drinks much strong coffee; almost no power of concentration.

Boy—Grade IX: Age, 16 years, 6 months; anaemic; hearing poor; capacity for learning small, almost lacking.

Boy—Grade VIII: Age, 13 years, 6 months; repeated Grade V; no sense of responsibility; fat yet anaemic; hearing poor; sight poor, wears glasses; began smoking when eight years old; entered Grade VI from L—.

Girl—Grade IV: Age 9 years, 1 month; repeated Grade II; adenoids; enlarged glands in neck; entered Grade II from S——

The number of backward pupils is swelled by pupils coming from other places who are not up to the standard in any subject. We do not wish them to repeat if it can be helped, so the teacher does her best with them. Again, there are what may be termed "floaters," who come to school for a few months only, and then move away. Sometimes we find children who have attended school in as many as four different places in the school year. If such happen to be with us in June, they help swell the number of the unpromoted.

FLEXIBLE GRADING.

I took occasion, during the last year, to learn what unusual or out-of-the-way plans of promotion and classification are in operation in important educational centers of the country. The responses showed very clearly the trend of educational effort towards more elastic gradings and promotions. Many responses read something like this, "We have a rather elastic system of promotion. The regular rule is semi-annual promotion, but bright children are, in some cases, allowed to skip a half year's work.

"A grade is divided into divisions, so that one part of it goes faster than the other. An unusually bright pupil, in such a division, would not really lose a half year by skipping."

The replies showed plainly a considerable degree of conservatism in regard to advancing children faster than the normal rate. Our present system, known as the "lock step," is acknowledged to be very faulty. I feel that at least twenty-five per cent of the chil-

dren in the grades are able to go at a faster pace than is now usually allowed under the old system.

In Cambridge for fifteen years, up to the last year, the course of study of the grammar schools was one of six years, but in some of the buildings pupils were so classified, and the course of study so arranged, as to afford pupils the opportunity to complete it in four years or in five years. In fifteen years approximately 9000 pupils have gone through the grammar schools of that city. Seven per cent have made the course in four years, twenty-five per cent in five years. This is a very commendable showing. Had this work been supplemented by individual work with backward children, the average time for completing the grammar school course of nine years would not be nine years and one month, as was the result two years ago. It is interesting to know that Cambridge, during the last year, has discontinued this plan. The chief objection to it is that it can be used only in very large schools.

We are trying, in our schools, this year, to make the grading flexible by dividing classes into groups, two or three groups, at least, to a class in the grammar grades, and three or more groups to a class in the primary grades, and encouraging each to go at its best pace without crowding. We advance a group or an individual at any time that it may seem best for him to go on. In the Locke School, during the last year, fourteen per cent of the pupils were advanced a grade, which, with us, means a year's work. It has proven to be a great stimulus to the children. Everybody has to do his best work, while the class unit is maintained by class work in music, drawing, sewing, writing, etc.

By the old system, in which all the pupils advanced in every study at the same rate, it is evident that a large part of the class were not working anywhere near the limit of their powers. A pupil forming the habit of doing fifty per cent or seventy-five per cent only of what he is able to do gets the feeling that he will never be called upon to do his real best. It is a habit the formation of which we should feel it our duty to prevent. It is a recognized fact that the vast majority of pupils have no desire to excel, and are perfectly satisfied if they get passing marks. Our experience in the grades and in the High School, during the last year, has shown that the chance for more rapid advancement

is a great stimulus for pupils to do their best, because of a reward which is so substantial and so apparent to his friends.

There is nothing particularly new or original in this scheme. Its efficacy depends on the constant watchfulness and encouragement of the principal and superintendent with co-operation from the teachers. I may say that many teachers feel the arrangement to be very difficult, and it does mean a great readjustment on their part, but we have found that those who honestly and fairly try out the plan work with the greatest enthusiasm because of the willingness and enthusiasm on the part of the pupils. The best that can be claimed for this and similar plans is that they are an attempt to differentiate pupils of ability independent of ordinary schemes of grading, and that it gives every pupil an honest chance to make the best of his natural abilities.

Our experience is showing us many interesting facts: (1) The number of ablest pupils, those fitted to advance rapidly, is, in the estimation of the teachers comparatively small; (2) Because we must rely upon teachers to point out such pupils, the tendency is to choose too limited a number rather than too many. This is a responsibility, the burden of which becomes less with experience. There is a natural reluctance on the part of teachers to part with star pupils, and lose their help and their leadership. This reluctance is made deeper by the feeling that the gifted pupils are needed to help the less gifted. However, new leaders and new stars soon appear in every grade. (3) Immaturity of pupils can not be left out of count. For such, broader experience, breadth and depth of study are as important as rapidity of progress through the course of study. There are some things which pupils must grow to. (4) The consent of parents for pupils to have extra promotion is necessary. (5) All High Schools find that the younger pupils do the best work.

Occasionally, a parent is found who knows better than the school teacher what is best for his child. On the other hand, many intelligent parents are entirely willing that their children, even though precocious, shall pass through the grammar school with slight demand upon their working power if the general school atmosphere is good.

I heard lately of an eleven-year old girl in the sixth grade.

She is the daughter of a prominent citizen, and her mother is a woman of education and refinement. The girl can make very nearly one hundred per cent in any reasonable test in the various school subjects. Her parents know these facts. The child has no peculiarity, except brains, but they are unwilling to have her go ahead, as she really has the power to do, believing that she will gain much from the general school life, for it is a good school. The attitude of such parents is typical. To satisfy intelligent parents is something, but not everything. Were this child, and others like her, in a special class where they could be taught independently of the ordinary course of study, the value of their school life would be greatly enhanced. As it is, there must be more or less regrettable dawdling. Many parents, and teachers as well, might take to heart Gladstone's words to a graduating class. "Believe me when I tell you that the thrift of time will repay you in after life with a usury of profit beyond your most sanguine dreams, and that the waste of it will make you dwindle, alike in intellectual and moral stature, beyond your darkest reckonings."

To give concrete examples of what we are doing I will mention two typical groups. (1) In a first grade, where there are some children of six years, and several more of unusual ability, the teacher has formed a section of fourteen children who have already practically covered the first grade work and are doing some second grade work. By the end of the year this group will be ready to enter the third grade. They are the happiest children in the school, because the busiest, and are proud of what they are able to do. The other members of the class, influenced by the industry of these children, are making excellent first-grade progress, and no child, no matter how poor his ability, is being neglected. A group of ten first-grade children, who last year accomplished what these children are trying, are now the leaders in the third grade in which they are this year enrolled.

(2) A section of twenty-five pupils in grade eight, some of whom have lost a year because of illness, change of residence, or other cause, by February 1, will have completed the eighth-grade work in the important subjects, arithmetic, English, United States history, and geography, and will then begin the work of the ninth grade. By the end of the school year they will be

ready to enter the High School. About forty children in various eighth grades attempted to do the work of this group, but after a fair trial, some twenty-five were found able to accomplish all that is demanded. It means hard work on the part of both teachers and pupils, but it is being accomplished with the greatest enthusiasm by the pupils, and we get many expressions of appreciation from the parents.

We have only begun to see the results which this flexible grading will accomplish when fairly tried out, but, in the schools where the plan has had the best trial, the principals assert that the whole tone of school effort and discipline is being raised by the opportunity to advance which every child sees held out to him. In no other business (for preparing children for the work of life is a business proposition) is the advancement of the individual dependent upon the success of the mass. It is economically absurd to keep a child thirteen years doing what he can accomplish as well or better in eleven or twelve years because of: (1) The value of the time saved to the pupil, (2) The saving of his support for one or two years to his parents and (3) The saving of the cost of one or two years' education to the Town, besides the value of the lasting influence of this success on the character and economic value of the individual.

THE HIGH SCHOOL.

Throughout the land there are no dissenters from the view that the elementary schools are successful in ministering to the needs of the children. In the case of the secondary or High Schools there is not the same unanimity. In our own State the matter of maintaining High Schools at the expense of the public is apparently settled for all time. These schools cannot be too deeply rooted in the confidence and approval of public opinion. They complete the principle that elementary schools were founded upon, "Equal rights and equal opportunities for all." It seems a pity that these schools cannot appeal successfully to every boy and girl, but a similar failure would probably result in any school which human intelligence could devise. We are free to admit that we fail with some, but constant study and breadth of view is continually reducing the number. There are some who, because they cannot bring themselves into har-

mony with existing conditions in schools, must complete their education by contact with the world. The number of pupils who left school last year was probably smaller proportionally than ever before and this was due to the fact that we have, through our new course of study, made so much wiser adaptation of our means to the ends sought that we have met the needs of a larger number of pupils.

The working of the elective system has shown some very interesting facts:

1. That pupils do not choose courses to any extent because they are "easy."

2. The elective system increases the difficulties of administration, but we are conscious that the schools exist to serve the best interests of children and not to make organization easy.

3. Pupils elect subjects in which they are interested and so do better work. There is little educational value to be secured from studying a subject which is uninteresting. Several pupils who were failures before are successful now because interested.

4. The necessity of assisting every spring in the selection of a program of studies for the next year for their children tends to increase the interest of parents in the administration and work of the school. In no year have so many parents come to the school for consultation as during the last year.

5. It is easier for a pupil to change his line of work if he decides that some other plan is best for his future.

6. It results in pupils doing willingly much more work than is demanded by a prescribed course. This gives opportunity to complete the course in less than four years. Six pupils will probably graduate this year who have succeeded in getting a sufficient number of points in three years.

7. It is an educative factor of no small importance for a boy to choose annually the subjects he wishes to pursue even if his choice is not the determining element in the final selection. It is the kind of experience which later makes for good choices in matters of citizenship.

The following table gives the subjects offered and the number of pupils taking each:

| Subject. | I | II | III | IV | Total |
|--------------------------------|-----|-----|-----|-----|-------|
| English | 124 | 98 | 75 | 48 | 345 |
| History—Review Greek and Roman | ... | ... | ... | 10 | 10 |

| Music | 120 | 90 | 72 | 46 | 328 |

If the members of the present Senior Class pass satisfactorily the courses they are now taking, they will graduate credited with the following points earned:

| | | | | | | | | | | | | | |
|---------------|----|----|----|----|----|----|----|----|----|----|----|----|----|
| Points | 70 | 71 | 72 | 73 | 74 | 75 | 76 | 77 | 78 | 79 | 80 | 81 | 83 |
| No. of Pupils | 8 | 6 | 7 | 2 | 7 | 3 | 3 | 1 | 3 | 2 | 1 | 2 | 2 |

Note: Seventy points are required for a diploma.

A common and just criticism of High School pupils is that they are lacking in ambition to excel and are satisfied with only passing marks. This same criticism may be applied to college students. As in our grammar schools, we are endeavoring to have pupils work up to a sane limit of their powers. We find many pupils who can with comparatively little study do good work and get high marks. In order to give these pupils, opportunity to exercise their powers, so called "honor sections" have been formed in almost all subjects. The members of these sections do all the work done by the other members of the class and also much extra work in the way of research, original work, and advanced work. Most of this extra work is done in regular school time, but for the science work it is necessary to utilize the laboratories afternoons. The teachers are perfectly willing to do the extra work, the pupils are enthusiastic over the opportunity and the honor, and the scholarship of many pupils is much improved by efforts to get into the honor sections. Great credit is due the principal and teachers for the excellent working out of this scheme, which, so far as I know, has been tried in no other High School in the same way.

An important feature of High School life, and one which demands a large share of the time and attention of pupils is that of athletics. I heartily approve of athletics for both boys and girls, when not carried to excess. Our school was very successful during the past year, having won the hockey championship of the New England Ice Hockey Inter-scholastic League, and being considered by competent critics the best schoolboy team in New England. They won also the baseball championship of the Middlesex League. The regulation that no pupil may play on a team who is not up in his school work has acted as an incentive to better work on the part of many boys.

There is a serious defect in the present system of athletics as carried on in our High School in common with most others, and that is that only a small per cent of the pupils have any active part in them. Twenty or twenty-five boys represent the sum total of the participants in the various games, and furthermore they are the ones who least need the physical exercise, because they would get exercise regardless of school athletics. All the pupils contribute to the support of athletics; eighty per cent reap

no physical benefit from them. There is a remedy for this defect in the appointment of a physical director as suggested by your chairman, and the making of a certain amount of gymnastic and athletic work obligatory. Such a director could act as coach of the various teams, accompany them on their trips out of town, organize and manage inter-class games, give class instruction in gymnastics and games, and take charge of the playground and its activities every day.

The new constitution, which was approved by this committee, was adopted by the Athletic Association in October. The object of this constitution was to keep the general direction of athletic interests more within the control of the faculty, and to supervise more carefully the financial side of athletics. The most important features in the direction of athletics are now in the hands of a Board of Directors, made up of nine members as follows: The superintendent, principal of the High School and a submaster; three boy members of the school; and three alumni. A submaster is the treasurer, and the principal is the auditor of the Athletic Association. The pupils are satisfied that the new arrangement is a great improvement.

Ministering to the needs of the intellectual and physical side of pupils of High School age does not satisfy the demands upon us. The social side must be recognized and developed. If the school does not furnish attractive opportunities for the exercise of the social instincts, then the pupils will secure such opportunities elsewhere and probably under less salutary conditions. I believe that the High School should encourage and foster such social activities as meet their approval. The authority of the school, if extended sympathetically over these activities, can regulate them better and make them more effective than any other agency. The sympathy between pupils and teachers is greatly strengthened by contact in a social way.

The social life of the school has been fostered by the formation of several clubs under the direction of teachers. The school is fortunate in being free from the secret society evil and these clubs are an attempt to satisfy partially the natural desire on the part of pupils for social activities.

The German Club, Der Mehr Kunde Verein, is under the leadership of Mr. A. H. Smith. Its object, as stated in its constitu-

tion, is "To increase our knowledge of Germany, her manners, customs, institutions, language and literature."

The English Club which is under the direction of Miss Richmond and Miss McIntosh says in its constitution: "The object of this club shall be to further the work in English along original lines."

The Girls' Glee Club which is directed by Miss Tenney, expresses its object: "To provide a musical organization which may be available for entertaining at school functions, and for assisting worthy undertakings."

The Science Club is under the charge of Mr. Mitchell and has for its object: "To give pupils who are especially interested in the Natural Sciences an opportunity to do extra experimental work, and to encourage original investigation."

SPY POND ATHLETIC FIELD.

The Spy Pond Playground is a boon not only to the boys, but to the whole Town. During the spring every activity offered was taxed to its fullest capacity. While the playground was given for the children there was no intention on the part of the donors to prohibit adults from using the opportunity for recreation which the field offers, but that preference should always be given children. In compliance with this idea, permits to use the tennis courts when they were not in demand by school children were granted to adults of both sexes.

Strict rules in regard to profanity and smoking on the part of school boys on the field were made, and the spirit in which the boys of the Town met the requirements is very gratifying. In order that the moral tone which is now of such a good character be maintained, we should have some responsible man on the grounds whenever boys are there for play. We need very much a locker building with shower baths for our own and visiting teams. We need also a bathhouse in which our boys and girls may be taught to swim.

The value of this playground to the children of Arlington is beyond computation, for not only the physical, but the moral tone of our youth is being raised by the opportunities it offers. The value to the life of a community of suitable places of recreation is being recognized all over our land and a nation-wide movement fostered by the Playground Association of America

is resulting in the establishment of playgrounds wherever possible.

Today our jails are filled with people who are a loss to the moral life of a community; our asylums are crowded with many who are a loss to the intellectual life of the community; our almshouses are filled with people who are a loss to the economic life of the community; our hospitals are crowded with individuals lost to efficient living. We have just begun to see that the basis of this loss to the moral, economic, intellectual and social life of the community is physical and that it usually has its beginning in childhood. Medical examinations of school children are now revealing many physical defects which if remedied will prevent later mental or moral degeneration. The playground movement stands for the salvation that has its basis in physical well being, for, without this, mental and moral regeneration are both difficult and unusual.

VOCATIONAL TRAINING.

The function of the High School has changed with changed social and economic conditions. When the present High School building was planned, the conception of the classical school as a place to teach mathematics and the classics, with the aim of preparing pupils for college, was prevalent. The modern conception of the High School as a place for fitting pupils for active participation in the affairs of life has come upon us, and we find ourselves trying to adopt the new under conditions of the old. We have extended manual training into the High School, but no opportunities for vocational training have been offered the girls. I am convinced that the course of study in our High School offers insufficient opportunity for training in lines that are designed to equip young women to become efficient home makers. Commissioner Snedden says:

“All women in civilized society should be workers and producers, and in order that they may work and produce well they should have training along the special lines of their aptitudes and probable fields of vocational effort. When it is said that all women should be workers and producers it is, of course, understood that the largest single vocation for women is that of home making, with all that that implies. Consequently vocations for women may be divided into two classes — the home making and the wage-earning.

“The peculiarly difficult problem in the vocational education of girls arises from the fact that almost all women will and, in the nature of the case, must prepare for each of the above classes of vocations. The average American girl under present social conditions must serve a part of her life as wage-earner and the major portion of her life as home-maker. The larger majority of American girls today are wage-earners from fifteen and sixteen to perhaps twenty or twenty-one years of age, after which they undertake home-making as a career. If they enter upon the wage-earning occupations with no preparation they are destined to have low wages and incur the dangers of being exploited as many are at the present. If they enter upon the subsequent vocation of home-making without preparation the conditions are disastrous to health and to the home.”

Our commercial course answers in a measure the demand for vocational training of girls. Pupils who have graduated from our commercial course find ready employment at good wages. Several of our 1910 graduates began working at ten or twelve dollars a week. We have, however, no courses which fit for what is usually the final life-vocation of our girls.

The present building can hardly be made to answer the requirements of such courses as we need, but we should have in mind the necessity of providing as soon as possible courses in embroidery, dressmaking and millinery, cooking, including the preparation of foods, the chemical nature and relative values of food materials, dietetics, and home economics. No doubt we shall have to meet time and again the argument that it is the business of the home to provide this instruction. In reply it may be said that though it may be the *duty* of the home, the conditions of social life are so complex and, with the masses, the struggle for existence is so acute that, in the vast majority of homes, such instruction is totally impossible. Again, there are very few homes in which the mother is trained sufficiently to give the advanced instruction that the scientific home-making of these times demands.

VACATION SCHOOL.

It has been apparent for some time that many children who are unable to go away during the long vacation have been a burden to their parents, to their neighbors, and to themselves during the

hot summer days. The Police Department has been called time and again to investigate mischievous or malicious actions on the part of boys who are not inherently bad, but who are spoiling for something definite to do. Habits of idleness and heedlessness are formed during the vacation which show themselves in unsatisfactory work when vacation is over. Children are always happy when they are employed, especially when they are making something. The creative instinct is strong in youth.

Last spring it was evident that the School Committee had no funds with which to establish a vacation school, so efforts were made to raise sufficient money from societies and individuals to make such a school possible. The project met with immediate response. The Clover Lend-a-Hand, the Sowers' Lend-a-Hand, and prominent citizens at once gave assurance of help. The balance of a fund raised for the sufferers from the earthquake in Italy, which was not sent because no more funds were needed, was turned over for the use of the vacation school by the Trustees. These generous contributions made the school possible.

The school opened in the Russell building on July 6, with one hundred ninety-two pupils enrolled. The total enrollment for the summer was two hundred twelve, and the average attendance was one hundred sixty-seven, which was all that could be accommodated and looked after by the teachers. The building was open for school exercises from nine to twelve, five days a week, and the playground was in constant use until five o'clock in the afternoon. The school lasted for five weeks. There were classes in wood-working, basketry, sewing, crocheting, knitting, hammock making, cane seating of chairs, and a class made up of children who had lost their promotion or who were promoted upon condition, or who were endeavoring to skip a grade. The children were interested and well behaved. The results far exceeded our anticipations. On August 10 an exhibition of the work accomplished was held in room seven of the Russell School.

While teachers in the school building were busily engaged with classes the playground instructors, Mr. Colton and Miss Whittemore, were in charge of groups of children on Russell Park, giving instructions in gymnastics and organized play. Work was continued with the boys in the afternoon on the playground, and many not enrolled in the school were able to enjoy the games.

Here the boys were organized into baseball teams, track teams, and basketball teams. In baseball there were eighty-one boys organized into nine teams, forming two leagues. There was a league game every day, and a pennant made by the girls of the sewing class was won by the "Beacon Stars."

The work done in the school was planned to be not only interesting, but it was so arranged that the things made in every department were of practical value in the home. In woodwork the boys made knife boxes, nail boxes, clothes reels, tables, book racks and desks. In basketry, trays, work baskets, waste baskets, handkerchief boxes, besides raffia-covered pillows, napkin rings and picture frames were made. In sewing the girls were taught to hem towels and dusters, to make work bags, aprons, underclothes, shirtwaists and dresses. Eight pretty and practical summer dresses were made. The girls were taught to run and care for a sewing machine and also to press clothes. Fifteen full-sized, strong, cord hammocks were made by boys and girls, and thirty-five girls learned to crochet and knit. Shawls, bed slippers, doilies and neckties were crocheted. The knitting of neckties and face cloths was taught. Fifteen chairs were brought from homes by boys and resealed, sandpapered, and varnished by the owners. Fifty different pupils were enrolled in the class for children who needed help in school work. Of these, thirty either secured a promotion otherwise lost, removed conditions, or succeeded in completing work enough to enable them to skip a grade. The attendance in all the classes was surprising. Forty-seven pupils were not absent a session, while twenty-one others were absent but once.

The work was planned for children of nine years and over. Many mothers came with younger children and begged that they be admitted, but it was impossible with the teaching force. Several children walked every day to the school from Henderson, Teele and Lake Streets, and a few came from the Heights. I believe the school should be held next summer, for it answers a real demand.

The school was in charge of Joseph E. Owens, a teacher of manual training in Brookline who has had fifteen years' experience in vacation work, and a large part of the success of the school was due to his energy and tact. Too much credit cannot be given the

teachers for their enthusiastic and devoted efforts to make the school work valuable and the atmosphere homelike. The organization was as follows: Joseph E. Owens, principal, wood working; Harriet N. Bishop, basketry; Abbie M. Russell, sewing; Mary E. Jones, crocheting, knitting, hammock making; Eva G. Jones, studies; Ellen E. Sweeney, studies; N. E. Whittier, cane seating; Charlotte Whittemore, playground instruction; Henry Colton, playground instruction.

A statement of the receipts and expenditures is given below:

Receipts.

| | |
|--------------------------|----------|
| Clover Lend-a-Hand | \$50.00 |
| Sowers' Lend-a-Hand | 50.00 |
| Italian Fund | 396.55 |
| Individual contributions | 87.50 |
| | <hr/> |
| | \$584.05 |

Expenditures.

| | |
|----------------------------------|----------|
| Salaries of teachers and helpers | \$449.00 |
| Apparatus for playground | 40.97 |
| Materials for industries | 58.01 |
| Expressage | 16.00 |
| Miscellaneous | 15.15 |
| Balance on hand | 4.92 |
| | <hr/> |
| | \$584.05 |

SCHOOL SAVINGS.

The law requires that we teach thrift in our schools. The best way to do this has been found to be through some system of savings carried on in the schools. I wish to call your attention to the advisability of establishing a system of stamp savings in the schools of Arlington. To do this in such a way that it will not put an additional burden upon the teachers I am seeking the co-operation of the Woman's Club and of the Arlington Savings Bank. I shall present within a few weeks a plan in detail for your consideration. "Certainly self-support and its concomitant, self-respect, are to be preferred to the other course; and the young should understand this, for it is in youth that habits are formed."

LOCKE SCHOOL ASSOCIATION.

Every advance in our educational enterprise opens up new opportunities and new responsibilities. The people, parents who

have children in the school, need to be enlightened as to what we are doing and why we are doing it. It is difficult to get a chance to tell them, but we feel that they must learn to appreciate the educational opportunities provided and to take advantage of them. The formation of the Locke School Association furnishes the Heights with the opportunity for enlightenment, for consultation, and for debate on school problems. This association was formed this year and plans to conduct its work on broad lines. I have no doubt that it will be a help and stimulus to the teachers and pupils of the Locke School, as well as of great value to the entire community. I hope soon to see an association of this kind in every school district.

TEACHERS.

Changes in teaching staff. The resignations, appointments and transfers of teachers during the year are indicated in the following tabulation:

RESIGNATIONS.

| <i>Name</i> | <i>Position</i> | <i>Date of Withdrawal</i> |
|----------------------|-----------------|-------------------------------|
| Wilson Snushall | High | June 24, 1910 |
| Florence S. Ames | High | Oct. 22, 1909 |
| Fannie Myerson | High | June 24, 1910 |
| Amy Wallon | High | June 24, 1910 |
| Harriet P. Ryder | Russell | June 24, 1910 |
| Louise R. Warren | Russell | Feb. 23, 1910 |
| Emma E. Goodwin | Russell | Feb. 4, 1910 |
| Anna M. Newell | Russell | June 24, 1910 |
| Charlotte Haliburton | Cutter | June 24, 1910 |
| Ellen S. Minard | Locke | June 24, 1910 |
| Ivy Towne | Locke | June 24, 1910 |
| Alice S. Rand | Parmenter | June 24, 1910 |

APPOINTMENTS.

| | | <i>Began work</i> |
|----------------------|---------|-------------------|
| George I. Cross | High | Sept. 7, 1910 |
| Etta M. Richmond | High | Oct. 26, 1909 |
| Ethel B. Flewelling | High | Sept. 7, 1910 |
| Arthur W. Kallom | Russell | Sept. 7, 1910 |
| Florence K. Morrison | Russell | Feb. 26, 1910 |

| | | |
|---------------------|---------|---------------|
| Amy A. Lapham | Russell | Feb. 7, 1910 |
| Fannie L. Morrison | Russell | Sept. 7, 1910 |
| Clara M. Hartshorne | Russell | Sept. 7, 1910 |
| Lola H. Taylor | Cutter | Sept. 7, 1910 |
| Ethel Sugden | Locke | Sept. 7, 1910 |
| Ethel L. Sargent | Locke | Sept. 7, 1910 |
| Laura M. Dermon | Locke | Dec. 1, 1909 |

The following transfers were made:

Harriet P. Ryder from the Russell to Grade IX in the High.

Martha E. Randall from Grade IX in the High to the Locke.

Helener G. Robertson from Grade IX to the High School.

Jennie B. Allyn from the Locke to Grade IX in the Crosby.

Elizabeth L. Geer from the Russell to the Parmenter.

During the year a Teachers' Club has been organized with the following officers: President, J. F. Scully; vice-president, F. C. Mitchell; secretary, Mary F. Scanlon; treasurer, Augusta A. Jackson. Eighty-five per cent of the teachers belong to the club which has for its object professional improvement and social enjoyment. It is a live organization and is furnishing opportunities for thoroughly enjoyable meetings of the teachers.

It is becoming increasingly difficult to find upper-grade teachers for the salaries we have to offer. This does not arise from the fact that our standards are higher for upper-grade teachers than for those in the lower grades. It is not a question of comparison of ability, but of natural fitness for the work, of training, and of temperament. We do not demand better teachers for the upper grades, but teachers who are as well fitted for these grades as primary and intermediate teachers are for theirs. A shortage of upper-grade teachers now exists. When vacancies occur in our upper grades we should be able to offer the maximum salary, if necessary, to get teachers well fitted by temperament and preparation for the work we require.

I cannot close this report without a word of appreciation of the faithful service of the teachers of our Town. With skill and patience and loving devotion they are doing a noble work. No financial reward which this community may offer can ever adequately compensate the worthy teachers. Many, reading this, will entirely agree with me, and dismiss the subject from their

minds. It should be remembered that these teachers must be supplied with the material basis for living the lives which the community expects them to lead. Every teacher must have good food, comfortable shelter, respectable clothes, means of professional advancement, and means of wholesome recreation. Again, she must have that tranquillity of mind which comes from a freedom from worry about possible sickness and a dependent old age, if she would meet her class in the right frame of mind. If she has not these things, she suffers and the result of this is that the children suffer more. There is no escape from this. It is a responsibility absolutely incumbent upon a community to see that teachers are rewarded financially so that they may be reasonably free from anxiety about the future. We should ask frequently if our Town is doing all that it should in this direction.

In conclusion, I wish to express my appreciation of the loyal support of both principals and teachers to whom is due in large measure the credit for the progress we are making. The wise counsel and hearty encouragement of the members of this Committee has greatly helped in the problems of administration, and for your support and sympathy I cordially thank you. With the present unanimity of effort the future of our schools looks bright.

Respectfully submitted,

JOHN F. SCULLY,

Superintendent of Schools.

REPORT OF THE SCHOOL PHYSICIAN.

Mr. John F. Scully, Superintendent of Schools, Arlington:

I herewith submit my report as School Physician for the year ending December 31, 1910.

The total number of pupils examined is 1385. This is almost the exact number examined in 1908, and slightly less than last year. Of these 294 were examined as to vaccination, and all but seven either had a scar or presented a certificate of physical infirmity.

During the year 73 pupils were excluded temporarily, either on their own account or for the general good. There was one case each of nausea, chicken pox, ringworm, suspicion of scarlet fever, scarlet fever, exposure to diphtheria and heart failure; two each of sore throat, tonsillitis and exposure to measles; four cases of mumps; five cases of acute conjunctivitis or pinkeye; seven cases of failure to be vaccinated after notification; nine cases of exposure to scarlet fever, ten cases of itch and twenty-two of pediculosis. There were also three cases of accidental injury, one cut of hand, one cut of head and one fracture of the radius, occurring at home but not recognized as a serious condition.

Many cases showing symptoms of defective hearing and vision, also of obstructed breathing have been examined and in all cases demanding it, the parents have been notified and advised to consult the family physician at once. The warning has generally been heeded and much good has been accomplished in these cases. The question of defective teeth is more difficult. A much smaller proportion of parents have been led to attend to aching and decayed teeth, to the great benefit of the sufferers. But it is still a deplorable fact that the mouths and teeth of two-thirds of the school children are in an unhealthy condition. It is very desirable to form some plan, either by a board of examining dentists or otherwise, for their relief. It is very difficult for pupils suffering from aching or ulcerated teeth to become very deeply interested in their work. The secondary effect of chronic indigestion is accountable for many an indifferent or backward child.

Great care, as ever, has been exercised by the teachers and myself in the detection and exclusion of all disease of a contagious nature. Fortunately there have been no large outbreaks in the Town during the year.

Respectfully submitted,

CHARLES F. ATWOOD, M.D.

REPORT OF TRUANT OFFICER.

ARLINGTON, MASS., January 1, 1911.

John F. Scully, Superintendent of Schools,

I herein present my fifth annual report as Truant Officer of the Town of Arlington, Mass., for year ending December 31, 1910.

CROSBY SCHOOL.

| | |

REPORT OF THE BOARD OF HEALTH

The Board of Health respectfully submits the following report for the year ending December 31, 1910:

The present Board, consisting of Dr. Laurence L. Peirce, Alfred H. Knowles and Dr. Guy E. Sanger, met March 14, 1910, and organized with Dr. Peirce as chairman, and Mr. Horace A. Freeman as clerk. Mr. Freeman served the Board until the time of his death, November 26, 1910, since which time the position has been filled by Mr. Thomas J. Robinson.

The general health of the Town, in regard to contagious diseases, has been good, there not having been any serious outbreaks of any kind.

COLLECTION OF ASHES AND OFFAL.

As pointed out in the report for 1909, the expense of this department is continually increasing owing to the rapid growth of the Town, especially in some sections, and we have had to ask for an additional appropriation in order to carry on the work. We refer you to the following comparison table with that of the year 1909:

| | 1910 | | | 1909 | | |
|----------------------|--------------|---------------|--------------|--------------|---------------|--------------|
| | <i>Labor</i> | <i>Horses</i> | <i>Total</i> | <i>Labor</i> | <i>Horses</i> | <i>Total</i> |
| Offal | \$2,053.73 | \$747.76 | \$2,801.49 | \$1,657.44 | \$540.06 | \$2,197.80 |
| Ashes | 2,589.07 | 1,061.53 | 3,650.60 | 2,231.02 | 960.01 | 3,191.03 |
| Repairs and supplies | | | | | | 210.23 |
| Totals | 4,642.80 | 1,809.29 | 6,452.09 | | | |

The garbage plant has proven successful and has placed the Town on a modern basis in regard to the disposal of the offal.

SANITARY CONDITIONS.

We feel that the present sanitary conditions of the Town are much improved over those of a year ago. In the east section, the Henderson and Teel Streets district, great improvement has been made in regard to sewer connections. In other parts of the

Town, wherever cesspools have been called to the attention of the Board, we have in most cases been able to have connections made with the public sewer. We would refer you further to the reports of the Sanitary and Plumbing Inspectors, whose work has in every way been very satisfactory.

CONTAGIOUS DISEASES FOR WHICH THE TOWN HAS BECOME LIABLE.

Under Chapter 213, Acts of 1902, as amended, the Town has been liable for eight contagious diseases, costing the Town \$572.35. While the number of cases is smaller than in 1909 there having been eighteen in that year, the expense has been greater in proportion, the expense in 1909 being \$800. The expense under this head cannot be foreseen, and, therefore, will be the cause of an overdraft each year.

REPORTABLE DISEASES.

The Board has adjudged the diseases known as scarlet fever, measles, typhoid fever, diphtheria, small-pox, membranous croup, cholera, yellow fever, typhus fever, cerebro-spinal meningitis, hydrophobia, malignant pustule, leprosy, trichinosis, tuberculosis, ophthalmia of the newly-born, actinomycosis, glanders, tetanus, varicella, whooping-cough as infectious or contagious, and dangerous to the public health and safety within the meaning of the Statutes. Physicians are required to report immediately to the Board every case of either of these diseases coming under their care, and postal cards conveniently printed and addressed are supplied to them for this purpose. On receipt of a card from a physician the Superintendent of Schools, Principal of High School, Trustees of Robbins Library and School Physician are notified. Mr. Charles T. Hartwell acts as fumigator in behalf of the Board.

CULTURE STATIONS.

Culture tubes for diphtheria, sputum-bottles for suspected tuberculosis and anti-toxin are provided by the State Board of Health and placed by this Board with H. A. Perham, druggist, for the use of physicians.

NEW PLUMBING AND DRAINAGE REGULATIONS.

The plumbing and drainage regulations used in the past having proven to be unsuitable for present conditions, the Board have had under consideration the past year a new set, which after careful consideration has been adopted, and the same will be out of the printer's hands the first week in January. The Board wishes to express its appreciation of the work done in regard to this matter on the part of one of its members, Mr. A. H. Knowles and Mr. George W. Day, the Plumbing Inspector.

SLAUGHTERING ESTABLISHMENTS.

Licenses for slaughtering have been granted to William and Frank Bowman, the same to be done on their premises, east of the lower end of Broadway, and Mr. Frank P. Winn has acted as Inspector of Slaughtering for the Board at a salary of \$120 per year. Recently several letters of complaint have been received from the Society for the Prevention of Cruelty to Animals, and from the Board of Health of the City of Boston, demanding that the Town live up to a strict interpretation of the law, which requires the presence of the inspector during the whole time of slaughtering. As it would be absurd to expect any one to give such amount of time for the above salary the Board will in all probability in the near future ask for a much larger salary for the Inspector of Slaughtering, to enable us to carry on the work as called for by the Statutes.

REPORTS OF OFFICERS OF THE BOARD.

The reports of the several officers of the Board are appended, to which attention is called.

FINANCIAL.

For detail as to expenditures reference is made to the report of the Auditor.

LICENSES.

Licenses have been granted as follows:

Stables: George Clark, 30 Mystic Street; John Lyons, Bucknam Court; Mary A. Law, Mill Street.

Undertakers: J. Henry Hartwell & Son, Medford Street; Daniel

W. Grannan and William D. Grannan, 378 Massachusetts Avenue;
James P. Daley, 1 Park Terrace.

Slaughtering: William and Frank Bowman, Broadway.

Lying-in hospitals: Jennie A. Grant, Pleasant Street.

MISCELLANEOUS — BOARD OF INFANTS.

The Board has given its approval to applications for licenses to board infants or children as follows: Rosa Simmonds, 32 Appleton Street, S. A. Gilpatrick, 14 Teele Street Place, Mary E. Smith, 16 Walnut Place, Mary E. Hallice, 43 Massachusetts Avenue, Georgianna A. Fouquet, 51 Teele Street, Sarah Scanlon, 41 Teele Street, Emma Hill, 17 Cottage Avenue, Flora A. Hill, 13 Cottage Avenue, Jennie H. Goodwin, 928 Massachusetts Avenue.

LAURENCE L. PEIRCE, M.D.V.,
ALFRED H. KNOWLES,
GUY E. SANGER, M.D.

Board of Health

Attention is called to the following regulations of the Board of Health and extracts from the Revised Laws:

DISEASES DANGEROUS TO THE PUBLIC HEALTH.

FROM REGULATION OF BOARD OF HEALTH.

SECTION 3. Upon the outside of every house in which there is a person sick with smallpox, diphtheria, membranous croup, measles or scarlet fever shall be placed a suitable placard with the name of the disease. The Board of Health may in special cases permit the placard to be placed upon interior apartments only. This placard shall not be defaced or removed by any person without authority of the Board of Health.

SEC. 4. No person shall remove or permit to be removed from any house or apartment upon which a placard has been placed, as provided in Section 3, any clothing, books or other property without a permit from the Board of Health; nor after a house is established as a hospital, under provisions of Chapter 80 of the Public Statutes, shall any occupant of such house take up a residence elsewhere without such permit. No public or circulating library book shall be taken into any house or apartment whereon a placard has been placed, as provided in Section 3, before the authorized removal of said placard. All books, papers, toys and other articles in a room where there is a person sick with scarlet fever or diphtheria which cannot be thoroughly disinfected must be destroyed.

SEC. 5. No person living in a house or interior apartment upon which a

placard has been placed, as provided in Section 3, shall attend or visit any school in the Town without a permit from the Board of Health.

SEC. 6. No person who has visited a house in which there was at the time a case of smallpox, diphtheria, membranous croup, or scarlet fever, shall attend school until the expiration of two weeks from such visit.

SEC. 7. Danger of conveying smallpox, diphtheria and scarlet fever shall not be considered to have passed until two weeks have expired after the rooms occupied by a person who has been sick with either of said diseases, and the articles used by him have been disinfected to the satisfaction of the Board of Health.

SEC. 8. In case of the removal of a child from the house where a person is sick with any of the diseases mentioned in Section 11 of Chapter 496 of the Acts of the year 1898, two weeks must elapse before such child is allowed to attend school.

SEC. 9. No case of diphtheria shall be considered recovered until a negative culture has twice been obtained, at not less than three days' interval, from such patient.

SEC. 10. No case of scarlet fever shall be considered recovered until desquamation is complete on every part of the body.

SEC. 11. No child having chicken-pox or mumps shall be allowed to attend any school in this Town.

EXTRACTS FROM THE REVISED LAWS AS AMENDED.

CONTAGIOUS DISEASES.

Chapter 480, Acts of 1907: An act to provide for the compulsory notification and registration of tuberculosis and other diseases dangerous to the public Health.

Be it enacted, etc., as follows:

SECTION 1. Sections forty-nine and fifty of Chapter seventy-five of the Revised Laws, as amended by Chapter two hundred and fifty-one of the Acts of the year nineteen hundred and five, and Section fifty-two of said Chapter seventy-five are hereby amended by inserting after the word "disease," wherever it may occur in said sections, the words: — declared by the State Board of Health to be, — so as to read as follows: — Section 49. A householder who knows that a person in his family or house is sick of small-pox, diphtheria, scarlet fever or any other infectious or contagious disease declared by the State Board of Health to be dangerous to the public health shall forthwith give notice thereof to the Board of Health of the city or town in which he dwells. Upon the death, recovery or removal of such person, the householder shall disinfect to the satisfaction of the Board such rooms of his house and articles therein as, in the opinion of the Board, have been exposed to infection or contagion. Should one or both eyes of an infant become inflamed, swollen and red, and show an unnatural discharge at any time within two weeks after its birth, it shall be the duty of the nurse, relative or other attendant having charge of such infant to report in writing within six hours thereafter, to the Board of Health of the city or town in which the parents of the infant reside, the fact that such inflammation, swelling and redness of the eyes and un-

natural discharge exist. On receipt of such report, or of notice of the same symptoms given by a physician as provided by the following section, the Board of Health shall take such immediate action as it may deem necessary in order that blindness may be prevented. Whoever violates the provisions of this section shall be punished by a fine of not more than one hundred dollars. Section 50. If a physician knows that a person whom he is called to visit is infected with small-pox, diphtheria, scarlet fever or any other disease declared by the State Board of Health to be dangerous to the public health, or if one or both eyes of an infant whom or whose mother he is called to visit become inflamed, swollen or red, and show an unnatural discharge within two weeks after the birth of such infant, he shall immediately give notice thereof in writing over his own signature to the Selectmen or Board of Health of the town; and if he refuses or neglects to give such notice, he shall forfeit not less than fifty or more than two hundred dollars for each offense. Section 52. If the Board of Health of a city or town has had notice of a case of small-pox, diphtheria, scarlet fever or any other disease declared by the State Board of Health to be dangerous to the public health therein, it shall within twenty-four hours thereafter give notice thereof to the State Board of Health stating the name and location of the patient so afflicted, and the secretary thereof shall forthwith transmit a copy of such notice to the State Board of Charity.

SEC. 2. This act shall take effect upon its passage. [Approved June 6, 1907.]

VACCINATION.

Chap. 75, Sec. 136. A parent or guardian who neglects to cause his child or ward to be vaccinated before the child or ward attains the age of two years, except as provided in section one hundred and thirty-nine, shall forfeit five dollars for every year during which such neglect continues.

Chap. 75, Sec. 137. The Board of Health of a city or town, if in its opinion it is necessary for the public health or safety, shall require and enforce the vaccination and revaccination of all the inhabitants thereof and shall provide them with the means of free vaccination. Whoever, being over twenty-one years of age and not under guardianship, refuses or neglects to comply with such requirement, shall forfeit five dollars.

Chap. 44, Sec. 6. [Revised Laws, as amended by Chap. 371, Acts of 1906.] A child who has not been vaccinated shall not be admitted to a public school except upon presentation of a certificate signed by a regular practicing physician that he is not a fit subject for vaccination. A child who is a member of a household in which a person is ill with small-pox, diphtheria, scarlet fever, measles, or any other infectious or contagious disease, or

of a household exposed to such contagion from another household as aforesaid, shall not attend any public school during such illness until the teacher of the school has been furnished with a certificate from the Board of Health of the city or town, or from the attending physician of such person, stating that danger of conveying such disease by such child has passed.

NOTE. Section 139, referred to above, exempts children who present a certificate signed by a registered physician that they are unfit subjects for vaccination. Application for free vaccination by persons who are unable to pay for it, may be made to the Clerk or Agent of the Board of Health.

REPORT OF THE SANITARY INSPECTOR.

ARLINGTON, MASS., December 31, 1910.

Board of Health,

Gentlemen: I have the honor to submit my report as Sanitary Inspector for the year ending December 31, 1910.

The duties pertaining to this office have been about the same as that of previous years.

All complaints have been given consideration and thoroughly investigated.

Where an actual nuisance or unhealthful conditions were found to exist the same have been abated. Satisfactory adjustments have been made to all complaints.

Respectfully submitted,

CHARLES T. HARTWELL,
Sanitary Inspector.

REPORT OF THE FUMIGATOR.

ARLINGTON, MASS.; December 31, 1910.

Board of Health,

Gentlemen: I have the honor to submit my report as Fumigator for the year ending December 31, 1910.

Whole number of cases fumigated seventy.

Thirty-nine cases of scarlet fever, requiring the fumigation of one hundred and seventeen rooms

Seventeen cases of diphtheria, requiring the fumigation of thirty-one rooms.

Thirteen cases of tuberculosis, requiring the fumigation of nineteen rooms.

One case of cerebro-spinal meningitis, requiring the fumigation of two rooms.

Halls, stairways and closets whenever necessary.

Respectfully submitted,

CHARLES T. HARTWELL,
Fumigator.

REPORT OF THE INSPECTOR OF PLUMBING.

LEXINGTON, MASS., January 15, 1911.

To the Board of Health, Town of Arlington.

Gentlemen: I herewith submit my annual report as Inspector of Plumbing for your Town.

Total applications made for permits were granted, 144; number of permits issued on account of which work is not yet completed, 24; number of calls made in connection with work, 454.

There has been almost no friction between the plumbers and the Inspector, and I am hoping that the new ordinance will be of considerable benefit in making clear what will be required on the work, and better if possible the commendable work being done.

Respectfully,

G. W. DAY.

Inspector of Plumbing.

REPORT OF THE INSPECTOR OF MILK.

January 1, 1911.

To the Board of Health, Town of Arlington.

Gentlemen: I have herein the honor to present to you my first report as Inspector of Milk from April 1 to December 31, 1910. Upon taking this office I discovered the apparatus for proper milk inspection to be wholly inadequate, and through your co-operation I have been able to procure by a special appropriation from the Town such apparatus as to enable me to test milk in a thorough manner as to its chemical composition, and also for adulteration.

During this time I have tested fifty samples of milk and found by far the greater per cent to be of excellent quality as regards the required fats and solids. Although State law requires a certain per cent of fats and solids, 3.35 per cent fat and 12.15 per cent total solids, it is conceded by all authorities that the matter of cleanliness in milk is by far of greater importance to public health, and especially that of children. In relation to this question I have made inspections of dairies, milk chests, wash-rooms and cow stables to considerable extent, but with only a few exceptions,

those of this Town only. In almost all of these inspections I have been received cordially by the owners and have met with a spirit of co-operation for a better and cleaner condition of milk supply. In a few cases where doubtful as to conditions a bacteria count of the milk has been made, and in one of these a count of 1,600,000 bacteria to the cubic centimetre, or every sixteen drops, was found; a few suggestions in a case of this kind have resulted in a general cleaning up and better conditions.

In certain cases examinations of milk for preservatives have been made, especially in cases of two complaints received where milk was supposed to have been tampered with, but by chemical tests I was unable to detect any evidence of any such attempt. In the few cases where milk has failed to come up to the legal standard I have been convinced it was not due to adulteration.

Fifty-four licenses have been issued to milk dealers, and twenty-seven dollars turned over to the Town Treasurer.

For the bacteria count of milk I am indebted to Dr. Merrill E. Champion.

Respectfully submitted,
LAURENCE L. PEIRCE, M.D.V.,
Inspector of Milk.

REPORT OF THE INSPECTOR OF SLAUGHTERING.

ARLINGTON, MASS., December 31, 1910.

To the Board of Health.

Gentlemen: I have the honor to submit my report as Inspector of Slaughtering for the year of 1910.

Licenses have been granted to William Bowman and Frank Bowman to slaughter in the Town of Arlington.

Have made one hundred and forty-two visits to the two slaughter houses. Have inspected 2478 veal, thirty-one pigs, six cows and two lambs. They have all been good quality and up to the standard. Have kept the house in good order.

Respectfully submitted,
FRANK P. WINN,
Inspector of Slaughtering.

REPORT OF COMMISSIONERS OF CEMETERIES, ETC.

REPORT OF JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS

The Joint Board of Selectmen and Board of Public Works herewith present their seventh annual report for the year 1910.

The Board met March 12, 1910, and organized by electing Philip A. Hendrick, Chairman, and Horace A. Freeman, Clerk.

Regular meetings have been held on the evenings of the second and fourth Saturdays of each month, at eight o'clock.

The Board is made up of three members of the Selectmen and three members of the Board of Public Works, sitting jointly.

The duties of this Board are indicated in Section 5 of Chapter 3 of the Acts of 1904, which reads as follows:

“Section 5. Upon the election of said Board of Public Works all the powers, rights, duties and liabilities of the Selectmen in said town, now existing or hereafter created by law, relating to highways, town ways, the laying out and discontinuance of ways, bridges, sidewalks, guide posts, monuments at the termini and angles of roads, public squares, playgrounds, shade trees, sewers, drains, street watering, street lighting, the assessment of damages and betterments, water pipes, gas pipes, conduits, poles, wires, street railways, the granting of locations, rights or licenses for structures upon, under or over highways or other ways, shall be exercised, enjoyed, performed and incurred by a Board consisting of the Selectmen and the Board of Public Works created by this act, sitting jointly as the Board of Survey.”

The Act establishing this Board was accepted by the Town February 8, 1904, and the operation of the Board appears to have given good satisfaction to the Town.

STREET WATERING.

Under Chapter 289, Acts of 1909, which reads as follows:

Section 1. Any city or town may sprinkle or spread on its public ways, or parts thereof, water or any liquid or material suitable for laying or preventing dust and preserving the surface thereof, and

for sanitary purposes, and all statutes providing for watering such public ways shall apply to the use of such liquids and materials, including the appropriation of money, the expenditure thereof at the expense of the city or of the abutters, the assessment upon abutting estates, and the collection of such assessments and proceedings therefor."

The Street Watering for the past year has not been let by contract owing to the increased use of tar and other dust preventatives. The Board of Public Works has taken charge of this work, and it is in their discretion to use water or other means of preventing dust and preserving the surface of the streets. For details relative to the matter attention is called to the Report of the Superintendent of the Streets:

The cost for the treatment of the streets for the past year was \$4500, of which \$1500 was raised by general tax, \$200 by contribution, and the balance, \$2800, by assessments on the abutters:

The assessment this year is two and six-tenths cents per front foot; last year it was two and one-half cents per front foot. On streets which were watered only occasionally the assessment has been one-half of the general assessment.

PERMANENT SIDEWALKS.

For detail relative to the extension and renewal of permanent sidewalks attention is called to the reports of the Town Engineer and Board of Public Works.

Thirty-five hundred dollars was appropriated in March for permanent sidewalks, not less than \$1500 of that amount to be used for extension carried out under the sidewalk act, Section 43 of Chapter 49 of the Revised Laws. In addition to this \$523.54 were received from abutters and materials sold.

The net amount expended during the year is \$3885.89, of which \$2380.12 is for extensions and \$1505.77 for renewals, leaving balance of \$137.65.

Seven petitions for sidewalks were received and all granted except one. Two were for granolithic, two for edgestone only, and three for brick. In each case the abutter paid his proportion of the cost.

Sidewalk assessments committed to the Collector of Taxes amounted to \$618.64.

The Board continues the policy of installing brick sidewalk where possible. No apportionments of sidewalk assessments are authorized as the statute permitting does not appear to have been accepted by the Town.

All sidewalk construction of whatever character must be done in accordance with Town specifications and to the satisfaction of the Town Engineer.

In the cost of permanent sidewalks the Board allows abutters for tar concrete, one-half the cost; brick, one-half the cost; granolithic, 55 cents per square yard.

POLE LOCATIONS.

Nine petitions for pole locations have been granted to the Edison Electric Illuminating Company of Boston, and three to the New England Telephone and Telegraph Company, on all of which hearings were given as required by law. Nine petitions have been received and granted to the New England Telephone and Telegraph Company to attach wires on the poles of the Edison Electric Illuminating Company, on all of which hearings were given and notices sent as required by law.

STREET LIGHTING.

During the past year four 40 c.p. and two 80 c.p. incandescent and two arc lights were added to the system. One arc light and one 40 c.p. incandescent light were discontinued, making a net increase of three 40 c.p., two 80 c.p., and one arc light. The total number of lights in service December 31, 1910, is as follows:

| | |
|------------------------------|------------|
| Arc Lights 425 Watts a. c., | 85 |
| Incandescent Lights 80 c.p., | 4 |
| Incandescent Lights 40 c.p., | 249 |
| Total, | <u>338</u> |

For details of location of new street lights installed see report of the Superintendent of Wires.

All incandescent lights in use are of the Tungsten type. This class of incandescent lighting appears to give the best of satisfaction. Very few interruptions of the lighting system have occurred during the past year, and on the whole, it may be said that the service has been satisfactory and up to contract require-

ments. Petitions for new lights have received careful consideration, and in most cases have been granted. No petitions for lights on private ways were granted. A petition was received from the Arlington Business Men's Association for better street lighting in the centre of the Town. This petition was referred to the Superintendent of Wires to submit plans and estimate for an improved lighting system in the business district which will be presented to the Town at the annual meeting.

PLANS APPROVED RELATIVE TO PROPOSED STREETS.

Petitions asking for the approval of plans relative to the following streets were received, hearings were given and the Board of Survey approved same as follows:

Laurel Street, Trowbridge Street, Windsor Street, and Amsden Street in section known as Squire Park, east of Marathon Street; Grafton Street, at Massachusetts Avenue; Robbins Road Extension; Sylvia Street; Temple Street; Gloucester Street Extension; Plymouth Street; Trent Street, off Highland Avenue; West Street from Wollaston Avenue; Orvis Road; Freeman Street, Newcomb Street, Randolph Street, in section known as Lakeside Terrace, near Lake Street; Upland Road, near Old Mystic Street; Marion Road, opposite Tufts Street; Brooks Avenue; Spring Street; Lorne Road, off Tanager Street, and Elmhurst Road, formerly known as Barnes Lane. Sherborn Street through Lawrence Field and Dow Avenue, off Appleton Street, were not approved.

NEW STREETS LAID OUT OR CONSTRUCTED.

Lombard Road and Lombard Terrace were laid out by the Joint Board in due form under provisions of law authorizing the assessment of betterments. Whittemore Street and foot way were constructed under the betterment act as authorized by the Town appropriation made therefor at the March town meeting.

UNDERGROUND CONDUITS.

The New England Telephone and Telegraph Company of Massachusetts was granted permission to lay and maintain underground conduits and manholes with wires and cables, to be placed therein under Medford Street from Warren Street to the Medford line. The Edison Electric Illuminating Company of Boston was

granted permission to lay and maintain an underground conduit and manholes with wires and cables, to be placed therein under Broadway, from Warren Street to Somerville line, the same being an extension of conduit laid in 1908, through Warren Street, Chestnut Street and Mystic Street.

HENDERSON STREET EXTENSION.

This matter has been given considerable consideration by the Board during the past year. It is a matter which is of importance to the residents of the lower end of the Town to give them easy access to Broadway in Somerville. Upon information received by this Board it would seem that no definite action has been taken by the City of Somerville in the matter, and therefore it was deemed expedient to have Arlington move in a different manner, and through the conference of some of the residents more particularly interested, a bill was drafted and will be presented to the legislature asking that the Metropolitan Park Commission be given authority to make such takings of lands as may be needed, and to construct a bridge over Alewife Brook. At the hearings the Town will be represented and will urge the passage of the bill.

SUMMER STREET EXTENSION.

Nothing definite has been done in this, although the matter has been before the Board a number of times, and a committee from the Board is now out. This would seem to be an improvement which would be of great benefit to the Town and would relieve in a large measure the congestion of traffic on Massachusetts Avenue.

GRAY STREET EXTENSION.

The Board has voted its intention to lay out this street, but no hearings have yet been held.

THE WIDENING OF MEDFORD STREET.

This matter was presented at the November meeting and the Town authorized the Selectmen to petition the County Commissioners for a re-location. This has been done but no finding as yet has been received from the County Commissioners.

WIDENING OF MASSACHUSETTS AVENUE.

During the year the Selectmen, at the request of the Arlington Business Men's Association, conferred with a representative of the Arlington Business Men's Association, representatives of the Boston Elevated Railroad, and the Board of Public Works, sitting informally relative to the congestion of street car traffic on Massachusetts Avenue near Water Street. For details of such conference, see Selectmen's Report. It developed during the conference that the traffic on Massachusetts Avenue was considerably more at the present time than a few years ago, and it is safe to assume that this traffic will increase in the future rather than diminish. On looking the ground over carefully it seems to this Board that some action by the Town should be taken in the near future, particularly before any improvements are made on the Town House Site to widen Massachusetts Avenue at this point. Between Water Street and Academy Street, Massachusetts Avenue narrows down to a throat, and while it might be advisable to look into the widening along the line of Massachusetts Avenue to a considerable distance towards Arlington Heights, the Board would strongly recommend that some action be taken at this time to widen this small stretch. All the land to be taken is owned by the Town situated on the southerly side of the avenue.

WATER STREET EXTENSION.

During the year a petition for a layout of Water Street from its present terminus at Russell Street across the mill pond to connect with Mystic Street near Glen Avenue was filed. Hearings were held and a vote to lay out was passed by the Board. The matter coming in conjunction with other matters affects the whole territory on the northerly side of the Boston & Maine Railroad location, and was referred to a committee to act in conjunction with the Board of Survey. This committee will report at some future Town Meeting.

DEATH OF MR. HARDY.

Mr. Horace D. Hardy, for five years Town Counsel, died during the year. All members of the Board felt his loss very keenly both as a Board and as individuals. Suitable resolutions were passed and spread upon the records.

DEATH OF MR. FREEMAN.

Mr. Horace A. Freeman, Clerk of the Joint Board since its inception, died during the latter part of the year. In appreciation of his services, as Clerk, suitable resolutions were passed.

APPOINTMENT OF CLERK.

Mr. Thomas J. Robinson was appointed Clerk of the Board temporarily to fill the vacancy caused by the death of Mr. Freeman.

POLICY OF THE BOARD.

The following votes indicating the policy of the Board have been passed.

(a) *Width of Streets.* At a meeting held October 14, 1907, it was

Voted, That it was the the sense of the Board of Survey not to approve of plans for the laying out or constructing of streets less than forty feet wide.

(b) *Crosswalks.* At a meeting held October 28, 1907, it was

Voted, That whenever a sidewalk is changed by the construction of a new street the sidewalk, including the new crosswalk, must be relaid in as good and permanent a form as before the change, the cost to be a charge against the party constructing the street. In case the Town desires a higher cost walk than existed before the change was made the additional cost must be made by the Town in case of permanent sidewalks only.

(c) *Rough Grading of Private Streets.* At a meeting held December 9, 1907, it was

Voted, That after January 1, 1908, no water or sewer pipes shall be laid in streets approved by the Board of Survey until such streets, including sidewalks, have been brought to subgrade satisfactory to the Town Engineer.

PHILIP A. HENDRICK,
JACOB BITZER,
HERBERT W. RAWSON,

HENRY W. HAYES,
RODNEY T. HARDY,

Joint Board of Selectmen and Board of Public Works.

REPORT OF THE TOWN ENGINEER AND SUPERINTENDENT OF STREETS

ARLINGTON, MASS., January 28, 1911.

To the Joint Board of Selectmen and Board of Public Works.

Gentlemen: Herewith is respectfully presented a report concerning work under my charge for the year 1910.

The general organization and character of work has remained the same as last year.

There is no separate appropriation for engineering; therefore the expense is charged each week to the department or appropriation for which services are rendered.

The classification is shown in the same form as in previous years, so that comparison can easily be made.

| | |
|--|----------|
| Highway Division: For marking all lines and grades, making plans, profiles, estimates, locations, and records of work done and in contemplation by the division, | \$542.64 |
|--|----------|

| | |
|--|--------|
| Sewer Division: For all surveys, plans, profiles, lines, grades and records, including superintendence and inspection on sewer construction, | 879.07 |
|--|--------|

| | |
|--|--------|
| Superintendence and inspection on sewer cleaning and flushing, and all work incidental to the maintenance of the sewer system, | 338.26 |
|--|--------|

| | |
|--|--------|
| Superintendence and inspection on particular sewer construction, | 203.30 |
|--|--------|

| | |
|---|--------|
| Water Division: For all lines for new mains and locations, and records of gates, hydrants, specials, service boxes, work on registration data and office records, and reading meters, | 257.43 |
|---|--------|

| | |
|---|-------|
| New Streets: For all engineering work required in the construction of new streets by Highway Division under special appropriations, | 49.18 |
|---|-------|

| | |
|---|-------|
| Sidewalks: For all lines, grades, measurements of edge-stone, concrete, brick and artificial stone walks, and data for assessments, | 49.73 |
|---|-------|

| | |
|---|------------------|
| Board of Survey: For all surveys, plans and profiles of streets laid out by the Board, and studies in connection with the street locations under consideration by the Board, | \$125.53 |
| Storm Drains: For all surveys, plans, grades and superintendence on construction, | 184.62 |
| Cemetery Trustees: For all plans, surveys, grades, etc., in connection with new travelway construction, grading, and locating additional areas, | 20.51 |
| Assessors' Plans: For surveys and plans in connection with general survey of the Town for assessors' use, | 293.29 |
| Miscellaneous: Copying plans and deeds from Registry at East Cambridge, description of real estate and tax titles, street numbering plans, work for Park Commissions, and all miscellaneous work for the various boards and committees, | 107.75 |
| Total, | <hr/> \$3,051.31 |

It should be understood from the above classification that the amounts charged to engineering include about \$500 for clerical work in the Board of Public Works' office.

BOARD OF PUBLIC WORKS.

For details of work under the direction of the Board concerning locations, costs, quantities, etc., reference is made to the statistical tables contained in their report.

HIGHWAY DIVISION.

The greater part of the work under this division is the general care and maintenance of streets and sidewalks, and all matters relating thereto.

No special construction work has been carried on; it being the continued policy to endeavor to maintain a general standard of conditions throughout the Town, giving special attention to those portions of the highways where the greatest travel occurs.

The condition of Massachusetts Avenue heretofore referred to for the past several years remains practically unchanged and the need of changes of a permanent character as regards drainage and renewal of car tracks and paving is becoming very much more imperative.

I can only continue to recommend that the Town should adopt a policy of reconstruction of certain of its highways,—particularly, Massachusetts Avenue west of Water Street,—which will result in a permanent improvement and be of some real value to the community. I am aware that it will require a large expenditure to accomplish this but I believe it can be satisfactorily proven that only by this means can any considerable saving in the cost of the maintenance of this street be made.

There are in connection with this matter several problems to be discussed and considered and I believe the first of importance is the relaying of the Boston Elevated Company's car tracks at a proper grade to provide sufficient drainage for the street surface. Also to require the company to place a smooth paving of brick between their tracks so that it will be possible for that portion of the street to be used a part of the time for automobile traffic.

There has been five thousand square yards of macadam resurfacing done on Massachusetts Avenue, and forty-five hundred square yards of tar macadam on Pleasant Street near the Belmont line. In this latter construction it was endeavored to obtain a tar surface which would present a good footing for horse travel as well as a good wearing surface. At the present writing it would seem as though these results had been successfully accomplished. This particular work approximates the best form of construction to be obtained for a reasonable expenditure of money, and at present no better form of construction for streets subjected to the class of traffic passing over this street has been found.

Undoubtedly, all methods of street construction and maintenance will be revolutionized within a few years owing to the rapidly changing conditions occasioned by motor trucks now coming into general use. The public must bear in mind that it is largely due to the changes now taking place in motor vehicles that the old form of construction of streets is no longer adequate and municipalities must therefore turn their attention seriously to the consideration of a permanent pavement which will withstand this traffic and will not produce the disagreeable features caused by dust and mud that are now so evident.

The use of tar and oil on the highways has been continued during the past year for the prevention of dust, and in this way

it has been kept largely under control; certainly, in a manner which would be no longer possible with the use of watering carts. The cost has been about two and one-half cents per square yard, which is approximately equal to the cost of water under the old system, taking into consideration the value of the water used.

By these methods the streets have been preserved from wear impossible to estimate, because with the use of water in a sufficient amount to be effective as a dust layer, the street must at all times be kept wet, which softens the surface of the road and hastens to a great degree the speedy disintegration of the surfacing material.

STORM DRAINAGE.

Under a special appropriation at the March Town Meeting a twelve-inch storm drain was laid on Academy Street from the old water way at the Town House site to Maple Street where two catch basins were located. By the construction of this drain it was possible to regrade the junction of the two streets mentioned and obtain proper drainage conditions. For many years it has been impossible to relieve the junction of these streets from the surplus of water during times of heavy rains.

Also under the above mentioned appropriation, a fifteen-inch and eighteen-inch storm drain was constructed on Hutchinson Road to the top of the hill, and four additional catch basins connected. In conjunction with this work the gutters were paved and the street regraded. The grade up this hill is considerable and for many years has been an expense to the Town to maintain in a passable condition, owing to the severe washouts caused by drainage over the narrow area of this street from private lands.

At the November Town Meeting, appropriation was made for the construction of storm drain from opposite Pond Lane to Wyman Street on Massachusetts Avenue. The work of laying the pipes and building catch basins, etc., has been completed, but it was impossible to regrade the junctions of Wyman Street and Palmer Street owing to weather conditions. This work therefore will have to remain until the spring of 1911.

In the Lakeside Terrace district, so-called,—near Lake Street Station,—the Board of Survey required the J. P. Squire Estate to construct at their expense a fifteen-inch storm drain connecting

the lowest point of their land with Spy Pond. As an extension of this drain the Town laid a fifteen-inch pipe to Lake Street and later the catch basins now discharging into the railway ditch near the railroad crossing can be connected thereto.

The Town has the right of control over the drain laid by the Squire Estate and when necessary can extend same to Massachusetts Avenue and beyond for the drainage of Massachusetts Avenue from the vicinity of Tufts Street and the new streets opened between Massachusetts Avenue and Broadway.

I would recommend that a pipe be laid from the Barnes Lane drain to opposite Tufts Street there to receive the storm water from four catch basins to be located on both sides of the Avenue.

SIDEWALKS.

Tar concrete sidewalks have been resurfaced on the following streets: Academy Street, Bartlett Avenue, Chestnut Street, Court Street, Jason Street, Lake Street, Maple Street, Massachusetts Avenue, Medford Street, Mystic Street, Russell Street, Water Street and Wellington Street, amounting to about four thousand seven hundred square yards.

The tar concrete sidewalks have practically all received attention within five years, and are generally in good shape. By making repairs as soon as evidence of disintegration is shown these walks can be maintained at small expense for years.

A brick sidewalk was laid on the northerly side of Massachusetts Avenue from near Bartlett Avenue to near Schouler Court. This sidewalk should be extended to Arlington Heights.

Brick sidewalks were laid on Academy Street along the Town House site property. On Massachusetts Avenue below Henderson Street, and Massachusetts Avenue opposite Henderson Street, and opposite number 196 Summer Street.

Granolithic sidewalks were laid on Broadway opposite Winter Street, and at the corner of Lakeview and Pleasant Streets.

In the case of the brick sidewalks the Town paid one-half the cost except at the Town House site, and fifty-five cents per square yard toward the cost of the granolithic.

The total new permanent sidewalk laid was one thousand and ninety-five square yards.

Approximately one thousand and twenty feet of edgestone

was laid on Academy Street near Maple Street, Gray Street near Pleasant Street, Massachusetts Avenue opposite Henderson Street; Mystic Street near Russell Street, and Ravine Street near Gray Street.

Exclusive of that used in connection with catch basin construction, there were one thousand and thirty square yards of paved gutters laid on Academy Street, Claremont Avenue, Hutchinson Road, Ravine Street and Russell Street.

NEW STREETS.

Under a special appropriation made at the March Meeting, Whittemore Street has been regraded and macadamized, brick sidewalks laid and the drainage connected with the main outlet under Hornblower Field. This work cost \$1940.30 but does not include cost of work in connection with the subway under the railroad which was done by decree of the Superior Court at the expense of the railroad company. The completion of Whittemore Street and subway provides an entrance to Hornblower Park and has accomplished the abandonment of the crossing of the railroad tracks at this point.

Also it has allowed the closing up of the private way across the railroad at Avon Place which was exceedingly dangerous to all classes of travel. In place of the latter crossing a new right-of-way has been extended from the south side of Pond Lane Bridge to accommodate the passage of vehicles, so that the whole proposition has resulted in the elimination entirely of all grade crossings between Massachusetts Avenue and Linwood Streets.

Whittemore Street, including Lombard Road and Lombard Terrace,—which were accepted by the Town in November,—make the number of accepted streets one hundred and twenty-three; representing a total length of thirty-four miles.

SEWER DIVISION.

There were fifteen thousand two hundred and fifty-two feet of pipe laid on sewer extensions during the year [see Board of Public Works' Report for details], which makes total mileage of sewers in the system thirty and a half miles.

Ninety-three sewer connections were made, and the usual maintenance requirements, such as flushing, cleaning, etc., have been attended to.

There are at present no applications on file for extensions in 1911, although I would recommend that a sewer be built on Westminster Avenue from Lowell Street to Park Place, so-called. This work will prove rather expensive but should be undertaken by the Town as soon as possible because the occupants of houses now completed on Lowell Street will suffer from lack of proper drainage about the buildings not connected on Westminster Avenue which stand on higher ground.

The section in Whittemore Park between Lake Avenue and the Boston & Lowell Railroad should also receive attention as soon as funds can be made available. The ground thereabouts is low and the drainage inadequate.

I would suggest that the proposed construction of a valley sewer from Medford Street to serve the territory north of the Boston & Lowell Railroad and later the town of Lexington be given consideration in the report of the committee on Sucker Brook Improvement. From time to time applications are received for sewer connections within this territory, which cannot be handled except by the construction of this sewer or the installation of three additional temporary pumping plants located at Grove Street, Mill Street and Forest Street. This sewer would also eliminate the small pumping plant at Brattle Street now operated by electricity.

COLLECTION OF OFFAL AND ASHES.

The work in this department has increased very materially during the year and is now equal to the work of three men and two teams, and during 1911 will probably require four men and two teams to give satisfactory service. The method of handling the ashes is the same as in former years, the Highway Department supplying teams and horses.

As in the case of the offal collection, the cost of collecting ashes and paper is increasing rapidly due to increase in population.

The building erected last year at the Town Yard for the transfer of offal from the teams in which it is collected to the teams of the contractor was put into commission in July and has proven satisfactory and economical.

EQUIPMENT.

The equipment of the Highway and Sewer Divisions is in good condition and no large increase will be necessary for the coming year. Two more horses are owned by the Highway Division than last year and the purchase of small additional outfit has placed the department on a good standard.

In regard to the Crushing Plant: As stated last year, I do not think any extensive repairs should be made on the old plant, simply a sufficient amount to keep same in running order so that what surplus stone is obtained from excavations by Sewer and Water Divisions may be handled. Ultimately, I believe, the plant should be disposed of and a portable plant procured which can be used wherever the department is making large ledge excavations in the course of construction of new streets. I feel there is no question but that the Town can purchase crushed stone from the large manufacturers far cheaper than they can quarry and crush same on the scale required for highway work in Arlington. One thousand two hundred seventy six tons of stone were purchased, and two thousand three hundred eighteen tons were crushed at Arlington in 1910.

TOWN YARD.

The roadways leading from Massachusetts Avenue to the Offal Transfer House and extending through Commonwealth land near Metropolitan pumping station were constructed early in the year. The part on the Commonwealth property was done under special permit from the Metropolitan Water Board who gave the Town the privilege of building a road and use of same for all teaming purposes with the exception of the offal wagons. This roadway allows the department to haul supplies from the area of the Town Yard at good advantage to all parts of the Town.

During the late fall and winter the excavation for new storage bins for the unloading of crushed stone from train has been carried on so that the actual construction of these bins may go forward by April 1. It is proposed that these bins have a capacity of four hundred tons of crushed stone and be so arranged that the cars can be quickly unloaded and the stone transferred to highway teams with a minimum amount of labor. I feel positive

that contracts can be made for the supply of this stone which will result in a considerable saving in cost and handling of the material.

BOARD OF SURVEY.

Twenty-four plans were examined on which hearings under petitions for locations and grades were to be held by the Board. All of these plans were later approved by the Board.

Studies have been made for the extension of a new street from Tanager Street to connect with Spring Street, Lorne Road and Inverness Road, so-called, and plans of same have been approved by the Board. If these extensions can be built by the Town a considerable area of good building land will be made available and can be approached at easy grade.

ASSESSORS' SURVEY.

Considerable progress has been made toward the survey of lands adjoining the Belmont, Lexington and Winchester lines. By the first of April plans will be completed which will show the ownership and areas along these boundaries which have not already been blocked into house lots and recorded at the Registry of Deeds.

The work of another year should complete the plans and surveys with the exception of the triangular survey which can come a year later. If this programme is carried out the Town will have acquired accurate plans and surveys of the whole area within a space of four years at an expense of approximately \$2000. These completed plans will be of incalculable value to the departments and committees in the service of the Town.

IN GENERAL.

The several highway bridges are in good condition, no extensive repairs being required during the year with the exception of replanking the Park Avenue Bridge which was done by the Boston & Lowell Railroad at the expense of the Highway Division.

The work on the new channel of Alewife Brook has progressed as far as Little Spy Pond, and the channel is now open from that point to Mystic River. The locks at Craddock Bridge, Medford, are in operation and the effect and value of this splendid undertaking are apparent to all.

Within a few months the canal will be extended across Lake Street to Spy Pond, and I trust the present year will see the drainage scheme and the work on the shores of Spy Pond completed.

Underground conduits for telephone and fire alarm wires have been laid on Water Street from Massachusetts Avenue to the railroad, and on Medford Street from Warren Street to Mystic River. Also the underground conduit on Broadway for electric wires has been extended to Alewife Brook. There are now six and one-half miles of underground conduits for wires in the Town.

One hundred and twenty-eight permits for street openings were granted. Of these a large number were for gas services and the extension of gas mains. Included in these was the permit for a high pressure gas main from the works to the Lexington line through Summer, Grove, Dudley and Brattle Streets and Massachusetts Avenue. The construction of this line assures ample supply over the territory adjacent to these streets.

Respectfully submitted,

ROBERT W. POND,

Town Engineer and Superintendent of Streets and Sewers.

REPORT OF THE SUPERINTENDENT OF WIRES

January 23, 1911.

To the Honorable Board of Selectmen and Board of Public Works.

Gentlemen: I respectfully submit my eleventh annual report as Superintendent of Wires for the year ending December 31, 1910.

STREET LIGHTING.

The Street Lighting System as furnished by the Edison Electric Illuminating Company, of Boston, has been satisfactory during the past year. Very few interruptions of this service have taken place, and in all cases of this kind service was restored in as prompt manner as was possible to make repairs. Current tests made on instruments at office in Town Hall have always shown the service to be up to contract requirements.

NEW STREET LIGHTS INSTALLED.

| Street. | Location. | Pole No. | Inc. | Arc. | Date of Installation. |
|----------------|---------------------------------------|----------|------|-------|-----------------------|
| Robbins Rd. | Near Mass. Ave. | 867-3 | 1-40 | c. p. | Jan. 4, 1910 |
| Teel St. | Near Mass. Ave. | 875-4 | 1-40 | c. p. | July 6, 1910 |

| Totals | | | | 3 | 2 | |

SUMMARY OF STREET LIGHTS, DECEMBER 31, 1910.

| | |
|--------------------------------------|-----|
| Incandescent lights, 40 candle power | 249 |
| Incandescent lights, 80 candle power | 4 |
| Arc lights, 1200 candle power | 85 |
| Total lights in use | 338 |

LIGHTING SCHEDULE.

All street lights of the Town of Arlington, with one exception, are burned every night in the year from forty minutes after sunset to one o'clock A.M. One eighty-candlepower light, located at corner of Massachusetts Avenue and Pleasant Street, opposite the Town Hall, is burned all night; this light being turned on and off by the Police Department.

RECOMMENDED IMPROVEMENTS IN STREET LIGHTING.

The petition of the Arlington Business Men's Association for better street lighting in the centre of the Town, which was referred to this department, and for which estimates will be submitted at the annual Town Meeting, should receive the support of the citizens. The question of better street lighting for the business centre of the Town has been under consideration by your Superintendent for some time, and a careful study has been made of lighting systems in many towns and cities throughout New England and elsewhere. I would recommend the removal of all arc lights on Massachusetts Avenue between Water Street and junction of Massachusetts

Avenue and Broadway, and the installing of incandescent lights of from 60 to 100-candlepower on all poles on both sides of Massachusetts Avenue between the above specified points. With such a system of illumination the light will be equally distributed from both sides of this avenue, and dark spots that now exist will be eliminated. In the installation of proposed new system of lighting would recommend that at least six incandescent lights of 100-candlepower be burned all night; these lights to be located at junctions of intersecting streets, and to be on a special circuit. With these high candle-power lights located as recommended much assistance will be given the Fire and Police Departments after the regular street lighting circuits have been extinguished at 1 A.M. A liberal appropriation should be made during the coming year for additional street lights, as there are many places in the Town that should be better lighted, and new streets that are being built and which may be accepted during the year should be considered for additional lights which will have to be installed.

POLES AND WIRES.

Twelve permits were issued for the setting and removal of poles in accordance with petitions granted by the Joint Board of Selectmen and Board of Public Works as follows:

| Petitioner Company. | Street. | Poles. | Date Plan. | Date Granted. |
|------------------------|-------------------------------------|-------------------|---------------|------------------|
| Edison Co., | Westminster Ave. | Set 3 Remove 2 | Nov. 1, 1909 | Nov. 13, 1909 |
| Edison Co. | Teel St. | Set 5 Remove 4 | Nov. 1, 1909 | Nov. 13, 1909 |
| Edison Co. | Devereaux St. | Set 4 Remove 1 | Apr. 14, 1910 | May 14, 1910 |
| Edison Co. | Lowell St. cor. Park Ave. | Relocate 1 | May 25, 1910 | June 1, 1910 |
| Edison Co. | Lowell St. cor. Westminster Ave. | Remove 1 | June 8, 1910 | July 9, 1910 |
| Edison Co. | Whittemore St. | Relocate 2 | July 8, 1910 | July 9, 1910 |
| Edison Co. | Warren St. | Relocate 1 | July 8, 1910 | July 9, 1910 |
| Edison Co. | Bow St. | Set 1 | June 15, 1910 | Sept. 10, 1910 |
| Edison Co. | Linden St. | Set 2 | Sept. 3, 1910 | Sept. 26, 1910 |
| Edison Co. | Marathon St. | Set 1 | Sept. 3, 1910 | Sept. 26, 1910 |
| N. E. T. & T. Co. | Mass. Ave. near Marion Rd. | Relocate 1 | May 25, 1910 | June 25, 1910 |
| N. E. T. & T. Co. | Draper Ave. near Orient Ave. | Set 2 | Feb. 26, 1910 | Mar. 26, 1910 |

Thirty-three poles were replaced during the year; nine poles being replaced by the Edison Electric Illuminating Company and twenty-four by the New England Telephone and Telegraph Company, the records of poles replaced with locations being on file with the Wire Department.

UNDERGROUND CONDUITS AND WIRES.

The New England Telephone and Telegraph Company and the Edison Electric Illuminating Company have placed underground conduits in the following streets during the year:

| Company. | Street. | Feet Conduit. | No. Ducts. | Kind of Pipe. | Date Granted. |
|-------------------|---|------------------|---------------|-------------------|------------------|
| N. E. T. & T. Co. | Water St. from Mass. Ave. to B. & M. R. R. | 417. | 2 | Creosoted Wood | Dec. 27, 1909 |
| N. E. T. & T. Co. | Medford St. from Warren St. to Medford line | 2164.4 | 4 | Creosoted Wood | June 11, 1910 |
| Edison E. I. Co. | Broadway, Somer- ville line to op- posite Warren St. | 2466. | 8 | Hollow Brick | July 9, 1910 |
| Edison E. I. Co. | Broadway, near Warren St. to Warren St. | 135. | 2 | Hollow Brick | July 9, 1910 |

The Edison Electric Illuminating Company installed 5310 feet of No. 1-0, three conductor, lead-encased cables in conduits on Broadway from the Somerville line to Warren Street, connecting with underground wires at this point. This completes the underground high-tension system of the Edison Company from the Somerville line to corner of Mystic and Russell Streets. This underground system of conduits and wires is to be eventually extended through Mystic Street to the Winchester Town line in accordance with requirements of the Town granted in 1907.

INSPECTION OF ELECTRICAL WIRING IN BUILDINGS.

This branch of the Wire Department has had careful attention during the year. All new work is inspected with the view of keeping this construction strictly up to requirements. Minor additions to existing installations are inspected as time will permit. The reinspection of old work is given consideration as often as

possible, and many defects have been found which were remedied in accordance with requirements. Conservative rulings have been made on all old systems reinspected, and materials were not condemned that were considered safe and in good condition even though they did not conform to requirements. The object of reinspection is not to cause all wiring and fittings to be brought up to present requirements, the cost to do this in many cases being prohibitive, but existing systems must be maintained with the view of being safe from a "Life and Fire" standpoint. Installations that are disconnected cannot be reconnected until defects are remedied and a permit issued for a new service. All contractors are required to furnish notice of any work done and no permit will be issued for new work, additions or the use of new fixtures until such notice has been received and an inspection made.

TABULATION OF INSPECTIONS OF INTERIOR WIRING, 1910.

| | |
|--|-------------|
| Contractors' applications received | 340 |
| Number of inspections made | 391 |
| Incandescent lights wired for | 3397 |
| Motors wired for, 1-15 to 10-horse power | 6 |
| Total horse power of motors wired for | 16 2-3 |
| Mercury arc rectifier installed | 1-40 Ampere |
| Stereopticon arc light installed | 1-20 Ampere |
| Permits issued for light and power | 395 |
| Incandescent lights supplied with service | 4817 |
| Horse power of motors supplied with service | 6 2-3 |
| Mercury arc rectifier supplied with service | 1-40 Ampere |
| Arc light (Stereopticon) supplied with service | 1-20 Ampere |

FIRE ALARMS.

This system has given good service during the year and very little trouble has been experienced from broken wires, etc. On June 18 the system was damaged by lightning, the underground wires of Circuit No. 2 being burned off in conduits on Massachusetts Avenue at Jason and Academy Streets; also Box 38 on Academy Street was slightly damaged. While repairs were being made to these breaks an alarm was received from Box 15 which was correctly transmitted to all fire stations without any delay. On

October 24 Circuit No. 1 opened by a broken wire on Forest Street. This break was quickly repaired. Repairs were made to the whistle machine in tower of Town Hall as this machine was thrown out of adjustment several times early in the year on account of the settling of new timber supports placed in this tower when repairs were made to strengthen same. The bell striker at Hose 3 was provided with a new foundation for hammer as the old foundation had become decayed, and prevented this striker from properly operating. A new steam heating system was installed for air whistle in tower of Town Hall, as the old system was not sufficient to properly do the work owing to the reducing of steam pressure of the Town Hall boiler in accordance with the requirements of the Massachusetts District Police. Box 46 on Brattle Street was placed on a new pole, and the wire construction at this point overhauled.

FIRE ALARM NEW CONSTRUCTION, ETC.

The Central Fire Station on Broadway was connected by new lead cables placed underground direct from conduits on Massachusetts Avenue on May 11, and all aerial wires were removed. These wires enter basement of this building direct from conduits on Franklin Street and are connected to switchboard in this station from a slate terminal board which is enclosed in a fire-proof cabinet. A new Signal Box No. 212, located at corner of Broadway and Gardner Street, was placed in commission May 25; 1300 feet of No. 10 insulated iron wire and seven four-pin cross arms were used to install this box; 1752 feet of old bare iron wire was replaced on Broadway from Box 23 to North Union Street with new No. 10 insulated iron wire; 3390 feet of old iron wire was replaced on Summer Street from Box No. 27 to Box No. 46 with new insulated iron wire; also 31 two-pin cross arms were replaced with new; 3726 feet of old iron wire was removed on Massachusetts Avenue from Lake Street to Teel Street. This wire was replaced by 1772 feet of two-conductor lead cable being placed underground between these points. This completes the underground wire system of the fire alarm from Town Hall to the Cambridge line. Two iron posts were set for fire alarm boxes, one located at corner of Massachusetts Avenue and Winter Street for Box 15, and one at corner of Massachusetts Avenue and Teel Street for Box 14.

The lead cables of both the Fire and Police Systems enter these post boxes from underground conduits, and are connected to testing terminals the same as all other iron posts used in the Fire and Police Signal Systems. One hundred six feet of one-inch, six and one-half feet of two-inch and fifty-five feet of three-inch iron conduits were placed underground for connecting iron post boxes to the underground conduits.

Forty-seven storage battery plates were replaced at the Fire Alarm office with new elements.

POLICE SIGNAL SYSTEM.

This system has continued to give the best of service, and very few interruptions have been experienced. No additional boxes were installed on this system during the year. All line wires were repaired during the past summer as needed to strengthen the system; 1772 feet of two-conductor lead cable was placed underground for this system on Massachusetts Avenue, between Lake and Teel Streets, which completes the underground wires of this system from the Police Station in Town Hall to the corner of Massachusetts Avenue and Teel Street; 1860 feet of two-conductor rubber-covered copper wire were removed from poles on the installing of the underground system between the above specified points.

RECOMMENDATIONS.

I would respectfully recommend that attention be given the question of installing additional fire alarm boxes as there are many places in the Town that should be protected by new signal stations. A liberal appropriation should be made to continue the installation of the underground wires of both the Fire and Police Signal Systems. I would recommend that an appropriation be made this year for connecting the Fire Alarm Systems of the Town of Arlington and the City of Somerville to the end that the proposed system of Mutual Aid, which is rapidly being completed between all cities and towns in the Metropolitan District, may become operative between Arlington and Somerville. The City of Somerville has installed underground wires to the Arlington line for connection to the Arlington System, and as soon as these systems are connected a much improved fire department service will be given both communities.

CONCLUSION.

In closing my report I wish to thank your honorable Board for the courteous manner in which you have received me in the discharge of my official duties. To all other Town officers who have assisted me in many ways I wish to tender my thanks.

Respectfully submitted,

REUBEN W. LE BARON,
Superintendent of Wires.

REPORT OF TREE WARDEN

To the Town of Arlington:

I herewith respectfully submit my annual report as Tree Warden for the year ending December 31, 1910.

In last year's report particular attention was called to the many adverse conditions to which trees, especially those on the highways, are subjected in order to live. The different insect pests and their method of attack were fully explained as were also the various other causes that exist, and which go to make, with any degree of success, the growing of shade trees a difficult problem. This department has removed twenty-five dead or partly dead elm trees from the highways the past year, and owing to the advanced age and the unfavorable conditions which prevail it would seem only a question of a short time when the greater part of those remaining of this species of tree will have to be treated likewise. In years past, judging from appearances, the elm was planted in preference to the many other varieties. Conditions have changed, however, to such an extent that it would appear inadvisable to continue the planting of this particular tree, for the following reasons; first, it is subject to and suffers much from the attacks of different insects, making it a most expensive tree to maintain, and secondly, it requires a fairly good soil, an abundance of moisture and unrestrictive air space in order to attain its full development: conditions which are unattainable on the highways. After careful investigation the rock maple, which requires less space, less moisture and would stand more abuse than many of the other varieties, was selected as the tree best adapted for existing conditions. Therefore one hundred ten-foot trees of this species were planted the past season at an average cost, including labor of planting, teaming and equipping with a galvanized wire guard, of about \$3 per tree. In planting young trees this department has pursued the policy of filling in the many vacant spaces which exist in the more frequently traversed public thoroughfares. Owners of property desiring shade trees planted on the public highways adjoining their property should make known their wants to the Tree War-

den as early as possible. All applications are placed on file and considered in the order received in so far as funds will allow. Last year \$500 was appropriated for this department. Of this amount \$300 was used in planting young trees and the remaining \$200, with \$250 which was available of the \$750 appropriated for insect pests other than gypsy and brown-tail moths, was used in pruning and removing dead trees. As previously intimated, the removal of a number of dead trees will be an annual occurrence for some years to come, and when it is considered that the cost of removing a single tree will vary from \$10 to \$50, the cost and planting of a single tree will amount to at least \$3, and in addition the necessary pruning which must be done for the public safety, it will readily be seen that with a small appropriation thorough care cannot be given to each individual tree of which there are more than 3000 on the public highways at present. The State Forester, while he urgently advised spraying, felt that owing to the slight infestation of gypsy and brown-tail moths on the street trees the past year the entire cost should not be charged to the Gypsy and Brown-Tail Moth Department; hence the appropriation of \$750 which was passed at the March meeting for the suppression of insect pests other than gypsy and brown-tail moths, and satisfactory arrangements made with the State Forester whereby the trees were sprayed. For details see Selectmen's Report.

Conditions in regard to the street trees are practically the same as last year. The infestation of the leopard moth and elm leaf beetle is serious, while the infestation of the gypsy and brown-tail moth is very slight. In view of the above the State Forester will undoubtedly insist upon the Town bearing the greater portion of the cost of spraying the coming year; independent of the gypsy and brown-tail moth appropriation. I would recommend the sum of \$750 be appropriated for this department for the ensuing year. I would also respectfully request that beginning January 1, 1911, the salary of Tree Warden be increased to \$300 per year. For receipts and disbursements see Auditor's Report.

Respectfully submitted,

WILLIAM H. BRADLEY,
Tree Warden.

BOARD OF PARK COMMISSIONERS

ARLINGTON, MASS., January 1, 1911.

The Park Commissioners respectfully submit the following report:

A contract for the care of parks under our jurisdiction was let, as was the case last year. This included the entrance to Menotomy Rocks Park and the Medford Street triangles.

The flower beds at the first-named location showed unusual care. At Russell Park borders were laid along the walks and bare places reseeded. It is hoped this will take well in the spring and relieve this park of its usual bare appearance. Several trees have been set out along the walk on the southerly side of this park. As most of the baseball games will be played at Spy Pond field in the future, the grass will have a better opportunity to grow.

The usual filling has been done at Meadow Brook Park and the dump leveled off. The bridge which was built by the Town about ten years ago across Sucker Brook near its inlet to Mystic Pond has been rebuilt at the expense of the Park Department.

Next year it is hoped that more trees can be planted at Menotomy Rocks Park and the walk leading through this park can be regraded and put in better shape.

Respectfully submitted:

CHARLES H. GANNETT,
WILLIAM E. LLOYD,
HAROLD L. FROST,
Park Commissioners.

REPORT OF BOARD OF PUBLIC WORKS

The Board of Public Works herewith submits its annual report for the year ending December 31, 1910.

The first meeting of the Board was held on March 7, 1910, the organization resulting in the election of William N. Winn as Chairman.

APPOINTMENTS.

At a meeting held April 4, 1910, Charles C. Lothrop was appointed Clerk and Water Registrar, Thomas Roden was appointed Superintendent of the Water Division, and Robert W. Pond was appointed Superintendent of the Sewer Division, all appointments holding for one year. Forty-one regular meetings were held during the year.

The following amounts were expended under the direction of the Board.

| | |
|--------------------------------|---------------------|
| Highway Division, | \$32,892.68 |
| Sewer Extensions, | 16,793.44 |
| Sewer Maintenance, | 8,622.05 |
| Water Extensions, | 7,865.19 |
| Water Maintenance, | 52,099.50 |
| Permanent Sidewalks, | 4,191.62 |
| Storm Drains, | 2,371.53 |
| Improvement at Town Yard, | 1,813.88 |
| Construction of Whittemore St. | 2,030.80 |
| Street Watering, | 4,500.00 |
| Total, | <u>\$133,180.69</u> |

HIGHWAY DIVISION.

The only work of permanent character consists of paved gutters on Claremont Avenue, Ravine and Russell Streets, and Hutchinson Road, at a cost of \$1,235.78. The largest item of expense was the cost of preparing the streets for treatment for the prevention of dust.

EXPENDITURES.

A financial statement, showing a summary of all expenditures and costs, is given in Table I, while Table II shows detail of all special appropriations. Table III gives in detail the cost of permanent sidewalks and renewal of same. The total costs include all indirect expenses in the same manner as formerly.

The value of property controlled by this division, January 1, 1911, amounted to \$17,188.57, classified as follows:

| | | |
|-----------------------------------|------------|-------------|
| Horses and vehicles, | \$5,842.50 | |
| Machinery and large tools, | 7,138.00 | |
| Small tools, | 1,964.59 | |
| Buildings and furniture, | 1,803.25 | |
| | <hr/> | \$16,748.34 |
| Office furniture at Town Hall, | | 184.00 |
| Materials available for new work, | | 256.23 |
| | | <hr/> |
| | | \$17,188.57 |

Stock in charge of Highway Division, but owned by other departments.

| | |
|-----------------------------|------------|
| Health Department, | \$1,952.40 |
| Street Watering Department, | 1,861.70 |

SEWER DIVISION.

During the year 15,251.28 feet of 8-10-12-inch sewer has been built at an expense of \$16,549.93.

Ninety-three connections have been made with the main sewer at a total cost of \$2,435.69.

The necessary flushing and cleaning of the system has been done.

A detailed statement giving costs of sewers built in 1910, including particular sewers, is shown in Table IV. A summary of all expenditures is shown in Table V. Table VI shows the cost of the system, also the amount of assessment on same to date.

The value of property in this division on January 1, 1911, was as follows:

| | | |
|--|----------|------------|
| Horses, vehicles, tools and storehouse | \$980.30 | |
| Engineering instruments, etc. | 537.60 | |
| | <hr/> | \$1,517.90 |
| Materials available for new work, | | 359.53 |
| Total, | | <hr/> |
| | | \$1,877.43 |

TABLE I.
DISTRIBUTION OF EXPENSE.—HIGHWAY DIVISION.

| | Labor | Engi- neering | Bills | EXPENSE. | | | | | | | Receipts | Credits | Cost |
|--|-------------|------------------|-------------|-------------|------------------|------------|------------------|----------|----------|------------|----------------|------------|-------------|
| | | | | Direct | Appor- tioned | Teams | Crushed Stone | Roller | Gravel | Stock | Aggre- gate | | |
| Care and repair of streets..... | \$3,490 90 | \$37 23 | \$2,485 01 | \$6,013 14 | \$454 43 | \$783 40 | \$1,784 69 | \$108 29 | \$571 25 | \$4 00 | \$9,719 20 | \$160 00 | \$9,559 20 |

SUMMARY OF SEWERAGE STATISTICS.

(In form recommended by Sanitary Section of Boston Society Civil Engineers.)

For the year ending December 31, 1910.

ARLINGTON, MASS.

GENERAL.

Population by census of 1910, 11,187.

Total area of city or town 5.5 square miles.

Area served by sewerage system, 2 square miles.

COLLECTION SYSTEM.

For sewage only 30.49 miles, includes 3.47 miles Metropolitan sewer.

For sewage and surface water, 0 miles.

For surface water only, 7.5 miles.

Method of disposal: sewerage into Metropolitan sewer, surface water into brooks.

COLLECTION.

Mains. (Everything but house and catch basin connection.)

| | For Sewage Only. | For Surface Water Only. |
|--|---------------------|----------------------------|
| 1. Lineal feet pipe, | 161,001 ft. | 39,891 ft. |
| 2. Lineal feet extended during year, | 15,251 ft. | 3,050 ft. |
| 3. Number of invested siphons, | 2 | |
| 4. Number of manholes, | 619 | |
| 5. Method of flushing. Water service at manholes end of lateral lines. | | |
| 6. Method of cleaning. By special brush drawn from manhole to manhole. | | |
| 7. Number of automatic flushing tanks, 0. | | |
| 8. Number of direct connections with water mains for flushing, 71. | | |
| 9. Number of flushings of entire system during year, 3. | | |
| 10. Cost of flushing per mile, \$2 estimated. | | |
| 11. Cost of cleaning per mile, \$2 estimated. | | |
| 12. Number of stoppages, 0. | | |
| 13. Method of ventilation, manhole covers. | | |
| 14. Miles of permanent undermains, 3. | | |

HOUSE CONNECTIONS.

1. By whom made, Sewer Division Board of Public Works.
2. Sizes, 5, 6 and 8 inches.
3. Number made during year, 93.
4. Lineal feet laid during year, 4340.
5. Lineal feet discontinued during year, 0.
6. Total miles in use, 14.18.
7. Average cost per foot, connections made during year, \$0.56.
8. Number of stoppages coming to attention of Department, 10.

CATCH BASINS.

1. Number, including inlets, 366.
2. Number cleaned, 350.
3. Average amount material removed per basin, 3 cubic yards.
4. Cost of removing material per cubic yard, \$0.90.
5. Cost of removing material per catch basin per year, \$2.50.

DISCHARGE OF SEWAGE.

- | | |
|---|---|
| 1. Estimated population using sewer system, 9000. | |
| 2. Number of buildings connected, 1298. | |
| 3. Daily discharge for year | } Note: See Metropolitan Sewerage Board Report. |
| 4. Daily discharge for each user | |
| 5. Daily quantity of factory waste | |
| 6. Daily leakage into sewers, | |
| 7. Daily leakage per mile of sewer | |
| 8. Are quantities given under 3 to 7 estimated or measured. | |

FINANCIAL.—CONSTRUCTION.

Receipts.

| | | |

| Unclassified expenses, | 703.17 | |
| Balance, | 117.68 | |
| | <hr/> | \$1,200.00 |

GENERAL.

Total cost of collecting mains, \$321,342.29.

Total cost of works to date, \$321,342.29.

Bonded debt at date, \$134,500.00.

Value of sinking fund at date, general.

Average rate of interest on bonds 4 per cent.

Proportion of cost of system assessed on abutters, 45 per cent.

Yearly assessment for maintenance, none.

Method of assessing abutters and rate of assessment, 28 cents per lineal foot frontage and 52-100 cent per square foot area within 100 feet of street line.

Stock on hand January 1, 1911. Maintenance of electric motor, and pump, and assessment plans.

TABLE VI.

BOARD OF PUBLIC WORKS.

Sewer Division Statement, January 1, 1911.

| | CR. | DR. |
|--|------------|--------------|
| Total Assessment levied to January 1, 1911, | | \$141,744.22 |
| Assessments abated, | \$1,718.21 | |
| Assessments levied on cemeteries and Town property and deemed not collectable, | 2,900.32 | |
| Assessments on church property, etc., deemed uncollectable, | 1,404.99 | |

| | | |
|--|--------------|--------------|
| Assessments levied on sewers built by Metropolitan Sewer Commission and to be paid to the Commonwealth, | \$4,315.45 | |
| Assessments not collectable by reason of expiration of liens, | 617.53 | |
| | <hr/> | \$10,956.50 |
| Net assessments to January 1, 1911, | | \$130,787.72 |
| Appropriation for Henderson Street District sewers, | | \$10,500.00 |
| Bond issued 1896 for sewer construction | | 100,000.00 |
| Sale of main sewer to Commonwealth of Massachusetts, less collectable assess- ments, | | 42,400.13 |
| Appropriation for construction, care and maintenance for years 1903 to 1910, inclusive, | | 40,427.89 |
| Amount expended for sewer construction and maintenance (including Hender- son Street District sewers) as per Town Treasurer's balance, January 1, 1911, | 321,342.29 | |
| Balance from bonds and assessments to date, | 2,773.45 | |
| | <hr/> | <hr/> |
| | \$324,115.74 | \$324,115.74 |

WATER DIVISION.

EXTENSION OF MAINS.

In all there have been laid 717 feet of eight-inch and 7600 feet of six-inch pipe, to extend the high and low service systems, at a total cost of \$7,824.66. One hundred and thirty-eight feet of six-inch pipe was laid through the subway at the end of Whittemore Street, and a five-inch hydrant set in Spy Pond Playground.

MAINS.

The length and sizes of cement-lined and iron pipe in use January 1, 1911, together with the number of hydrants and gates on both the high and low service systems, are shown in the following table:

LOW SERVICE SYSTEM.

| | Size, Inch. | Length, Feet. | Hydrants. | Gates. |
|------------------------|-------------|---------------|-----------|--------|
| Cement-lined pipe..... | 12 | 8,530 | | |
| Cement-lined pipe..... | 6 | 1,240 | | |
| Cement-lined pipe..... | 4 | 9,312 | | |
| Total..... | | 19,082 | 26 | 19 |

| Hotel..... | 2 | 2 | | | | 4 |
| Hospital..... | 1 | 1 | 1 | | | 3 |
| Clubs..... | | | | 1 | | 1 |
| Cemetery..... | | | | | 1 | 1 |
| Public buildings..... | 4 | 2 | | | | 6 |
| Total..... | 1108 | 88 | 59 | 17 | 16 | 1288 |

METERS IN USE DECEMBER 31, 1910.

| Kind | $\frac{5}{8}$ -inch | $\frac{5}{8}$ -inch | 1-inch | $1\frac{1}{2}$ -inch | 2-inch | Total |
|------------------|---------------------|---------------------|--------|----------------------|--------|-------|
| Lambert..... | 415 | 7 | 7 | | | 429 |
| Trident..... | 306 | 45 | 14 | 1 | | 366 |
| Empire..... | 295 | 20 | 1 | | | 316 |
| Split case..... | 61 | | | | | 61 |
| Hersey..... | 16 | 12 | 10 | 12 | 14 | 64 |
| Nash..... | 5 | | 20 | | | 25 |
| Crown..... | 2 | 2 | 1 | 3 | 2 | 10 |
| Union..... | 3 | 2 | 1 | | | 6 |
| Thomson..... | | | 5 | | | 5 |
| Worthington..... | 3 | | | | | 3 |
| Crest..... | | | | 1 | | 1 |
| Keystone..... | 1 | | | | | 1 |
| Bee..... | 1 | | | | | 1 |
| Total | 1108 | 88 | 59 | 17 | 16 | 1288 |

The total of both systems is 38.5 miles of pipe, 398 hydrants and 335 gates. In addition there are 4,448 feet of smaller pipes, two-inch to one and one-quarter-inch laid in places where hydrants were not needed and the amount of water required was small.

SERVICES.

Ninety-eight new services have been added during the year. One service has been changed from the low to the high system. There are 1214 services on the low and 851 on the high service system, 71 in use by the Sewer Division for flushing sewers and 27 services for street watering standpipes.

TABLE 7

Shows the cost of the new mains. This cost includes a proportionate part of the indirect expenses of the department.

METERS.

The tables on page 244 give the number and classes of the various sized meters in use during the year and the uses of the water.

One hundred and sixty-seven meters were set this year, one hundred and four on new services and sixty-three on services which were installed previous to January 1, 1908.

The water supplied by the Metropolitan Water Board has been of good quality and the quantity used as measured and reported was as follows:

| | GALLONS. | |
|-------------------|----------------|---------------------------|
| | <i>Per Day</i> | <i>Per Capita per Day</i> |
| January, | 798,400 | 76 |
| February, | 809,500 | 77 |
| March, | 786,600 | 75 |
| April, | 839,300 | 80 |
| May, | 938,600 | 89 |
| June, | 944,400 | 90 |
| July, | 1,423,300 | 136 |
| August, | 1,184,000 | 113 |
| September, | 961,500 | 92 |
| October, | 911,900 | 87 |
| November, | 758,500 | 72 |
| December, | 846,600 | 81 |
| Average for year, | 933,500 | 89 |

SUMMARY OF STATISTICS.

For the year ending December 31, 1910. In form recommended by the New England Water Works Association.

ARLINGTON WATER WORKS.

Arlington, Middlesex County, Mass.

Population by census of 1910, 11,187.

Date of construction, low service, 1872; high service, 1894.

By whom owned, Town of Arlington.

Source of supply, Metropolitan Water System.

CONSUMPTION.

1. Estimated total population at date, 11,187.
2. Estimated population on lines of pipe, 10,600.
3. Estimated population supplied, 10,500.
4. Total consumption for the year.
5. Passed through meters, 124,766,437 gallons.
6. Percentage of consumption metered, 34.7 per cent.
7. Average daily consumption, 933,500 gallons.
8. Gallons per day to each inhabitant, 84.
9. Gallons per day to each consumer, 89.
10. Gallons per day to each tap, 452.

DISTRIBUTION.

Mains.

1. Kind of pipe, cast-iron and cement.
2. Sizes, from 4-inch to 12-inch.
3. Extended feet during the year, 8455.

4. Discontinued ——— feet during year.
5. Total now in use, 38.5 miles.
6. Cost of repairs per mile.
8. Length of pipe less than four inches diameter, 4448.
9. Number of hydrants added during year (public), 14.
10. Number of hydrants (public and private) now in use, 398.
11. Number of stop gates added during year, 17.
12. Number of stop gates now in use, 335.
15. Average pressure on mains at centre of Town, 90 pounds high system; 50 pounds low system.

Services.

16. Kind of pipe, cement-lined, galvanized, cast-iron.
17. Sizes, $\frac{5}{8}$ -inch to 6-inch.
21. Number of service taps added during year, 98.
22. Number now in use, 2065.
24. Average cost of service for the year, 12.12.
25. Number of meters added, 145.
26. Number now in use, 1288.
27. Percentage of services metered, 62 per cent.
28. Percentage of receipts from metered water ($B \div C$), 66 per cent.
30. Number of motors in use, 4.

FINANCIAL STATEMENT.

The following is a financial statement of the receipts and expenditures of the Water Department following closely the lines of form as recommended by the New England Water Works Association.

Receipts.

From Consumers:

| | | | |
|---|---|-------------|-------------------|
| A | Water Rates, fixture, | \$13,491.07 | |
| | Water for building purposes, | 115.17 | |
| | | <hr/> | \$13,606.24 |
| B | Metered water including meter rents, | | 26,209.74 |
| C | Total receipts for water and meter rents, | | <hr/> \$39,815.98 |
| D | Miscellaneous receipts (including deposit on meters), | | 3,464.88 |
| K | Total | | <hr/> \$43,280.86 |

| | | |
|----|---|-----------------------------|
| | Water for public purposes and hydrant service | \$7,000.00 |
| | From bonds issued for extension of mains, | 15,000.00 |
| | | <u>\$22,000.00</u> |
| | <i>Expenditures.</i> | |
| AA | Management, repairs, etc., | \$3,211.45 |
| | Metropolitan Water assessment, | 16,241.07 |
| BB | Interest on bonds, | 14,200.00 |
| | | <u> </u> |
| CC | Total maintenance for year, | \$33,652.52 |
| GG | Extension of services, | 1,187.94 |

MYRON TAYLOR,
Treasurer.

I have examined the accounts of Myron Taylor, Treasurer of the Town of Arlington, and find the same correct and agreeing with the Auditor's books, and the balance of cash on hand is forty-five thousand two hundred and thirty dollars and sixty-seven cents (\$45,230.67) as shown.

GEORGE McK. RICHARDSON.

Auditor.

HARVEY S. SEARS,
Collector of Taxes.

December 31, 1910.

I have examined the accounts of Harvey S. Sears, Collector of Taxes, for the Town of Arlington, Mass., and find the same correct, agreeing with the Auditor's Books.

GEORGE McK. RICHARDSON,
Auditor.

December 31, 1910.

AUDITOR'S REPORT

For the Financial Year Ending December 31, 1910.

The books of the Treasurer and Collector have been examined and found to agree with the Auditor's accounts.

A list of all unpaid taxes and assessments is on file in this office.

The cash on hand as reported by the Treasurer has been verified.

The books of other officials have also been examined and found correct, and the proper amounts paid into the Town Treasury.

The accounts of the following Trust Funds have been examined and found correct, and the Investments on hand as reported by the Trustees of the various funds:

Elbridge Farmer Fund.

Nathan Pratt Library Fund.

Nathan Pratt High School Fund.

Nathan Pratt Poor Widows' Fund.

High School Income Fund.

Sinking Fund.

Martha M. W. Russell School Fund.

Martha M. W. Russell Poor Widows' Fund.

Mary Cutter Poor Widows' Fund.

Income Poor Widows' Funds.

William Cutter School Fund.

E. Nelson Blake, Jr., Memorial Fund.

Henry Mott Library Fund.

Timothy Wellington Fund.

Julia Fillebrown Fund.

Citizens Soldiers' Fund.

Soldiers' Monument Fund.

Robbins Fund.

Samuel C. Buckman Fund.

Cemetery Perpetual Care Fund.

The overdraft on abatements is due to a large supplementary tax in 1909, most of which had to be abated in 1910. The Assessors having the power to assess for an amount sufficient to cover abatements, and there being some question as to the right of the

Town to appropriate for this purpose, it would seem advisable to make a change at this time, as the Assessors are in a much better position to estimate their needs at the time of levying.

Attention is called to the premium received from the sale of bonds and notes, which, after deducting the cost of issue and certification, must under the law be applied towards the payment of the first note coming due under these loans.

I wish also to state that the Town is now clear of the old Sewer Overdraft, estimated at \$21,640.83 by the accountant employed by the Committee of Five, as shown in their report to the Town March 25, 1903.

I found some few assessments carried on the accounts and regarded as good assets which, after consulting with the late Town Counsel, are deemed uncollectable. I have therefore charged these off to the Overdraft Account, and there is now an available balance of Sewer Assessment Collections amounting to \$3,792.93.

There is yet a small balance due the Commonwealth on account of Metropolitan Sewers, but this amount has been placed to their credit and will be paid early in the year 1911.

Respectfully submitted,
GEORGE McK. RICHARDSON,
Auditor.

REPORT OF REGISTRARS OF VOTERS

ARLINGTON, December 31, 1910.

The Board of Registrars of Voters herewith submit their report for the year ending December 31, 1910.

During the year the Board held seven meetings, six in their room in the Town Hall, and one in the Hose House at Arlington Heights.

The Board are of the opinion that adequate room should be provided for registration purposes at the Heights, and would suggest that arrangements be made with the School Committee for the use of a room in the Locke School Building.

At the close of registration in 1910 the total number of male voters was 1855. During the year 143 names have been stricken from the list, due largely to removals from Town, and deaths occurring during that time.

At the several meetings of the Board, during the year, 232 names were added to the list, making a total list of registered voters December 31, 1910, 1944.

The list of women voters remains the same as last year. The list as revised to January 1, 1911, is as follows:

| | |
|-------------------------|---------|
| Whole number registered | 2062 |
| Whole number of men | 1944 |
| Whole number of women | 118 |
| | —— 2062 |

Respectfully submitted,

JOHN W. BAILEY,
WINTHROP PATTEE,
EBEN F. DEWING,
THOMAS J. ROBINSON,
Registrars of Voters.
